

Virginia Board of Education Agenda Item

Agenda Item: D

Date: September 18, 2014

Title	First Review of Proposed English Language Proficiency Performance Targets for Annual Measurable Achievement Objectives (AMAOs) 1 (Progress) and 2 (Proficiency) through 2017-2018 in Virginia's Title III Accountability Plan under the <i>Elementary and Secondary Education Act of 1965</i> (ESEA)		
Presenter	Ms. Veronica Tate, Director, Office of Program Administration and Accountability		
E-mail	veronica.tate@doe.virginia.gov	Phone	(804) 225-2870

Purpose of Presentation:

Action required by state or federal law or regulation.

Previous Review or Action:

Other. Specify below:

On February 17, 2011, the Board of Education established Title III AMAO targets through the 2013-2014 assessment year.

Action Requested:

Action will be requested at a future meeting. Specify anticipated date below:
October 23, 2014

Alignment with Board of Education Goals: Please indicate (X) all that apply:

X	Goal 1: Accountability for Student Learning
	Goal 2: Rigorous Standards to Promote College and Career Readiness
	Goal 3: Expanded Opportunities to Learn
	Goal 4: Nurturing Young Learners
	Goal 5: Highly Qualified and Effective Educators
	Goal 6: Sound Policies for Student Success
	Goal 7: Safe and Secure Schools
	Other Priority or Initiative. Specify:

Background Information and Statutory Authority:

Goal 1: The Board of Education supports accountability for all students and subgroups of students by complying with federal requirements to help school divisions increase the academic success of all students.

The *Elementary and Secondary Education Act of 1965* (ESEA), as amended by the *No Child Left Behind Act of 2001* (NCLB), requires all state educational agencies to submit for approval to the U.S. Department of Education (USED) a consolidated state application accountability plan. In September 2003, the Virginia Board of Education submitted and received USED approval for its initial Consolidated State Application Accountability Plan under ESEA. States are permitted to revise the Plan

by submitting requests for review and approval from USED.

As required under Section 3122 of the ESEA, the accountability plan must include Title III Annual Measurable Achievement Objectives (AMAOs) for limited English proficient (LEP) students. AMAO 1 Progress measures the progress of LEP students in learning English and AMAO 2 Proficiency measures LEP students' attainment of English proficiency. Title III AMAO 1 and AMAO 2 targets are based on student performance data from the annual administration of the English language proficiency (ELP) test, as required in Section 1111(b)(7) of the ESEA.

On September 26, 2007, the Board of Education approved the Assessing Comprehension and Communication in English State-to-State for English Language Learners (ACCESS for ELLs) as the state-approved ELP test. On March 19, 2008, the Board of Education adopted the World-Class Instructional Design and Assessment (WIDA) ELP standards for alignment with the ACCESS for ELLs test and to support state content area standards. In 2009-2010, based on the availability of two years of ACCESS for ELLs student performance data, the Board of Education established Title III AMAO 1 Progress and AMAO 2 Proficiency targets for five years beginning in the 2009-2010 school year.

The chart below reflects the established Title III AMAO 1 Progress and AMAO 2 Proficiency targets and the state's performance in meeting these targets.

Accountability Year (Assessment Year)	AMAO 1 Progress	Statewide AMAO 1 Results	AMAO 2 Proficiency	Statewide AMAO 2 Results
2010-2011 (2009-2010)	64%	75%	15%	19%
2011-2012 (2010-2011)	65%	90%	16%	15%
2012-2013 (2011-2012)	66%	95%	17%	17%
2013-2014 (2012-2013)	67%	81%	18%	19%
2014-2015 (2013-2014)	68%	To Be Determined	19%	To Be Determined

Summary of Important Issues:

To assist in establishing Title III AMAO targets for accountability year 2015-2016 and the future, the Department contracted with the WIDA Consortium at the Wisconsin Center for Educational Research at the University of Wisconsin, Madison, to conduct an analysis of Virginia's ACCESS for ELLs student performance data and provide recommendations based on the analysis. Based on a review of the WIDA Consortium's data analysis and recommendations, and considering that a new version of the ACCESS for ELLs test (ACCESS 2.0) will be administered online beginning in school year 2015-2016 for accountability year 2016-2017, the Department proposes that the Board of Education establish Title III AMAO targets for the next three years as shown in the chart below. Virginia's Title III AMAO targets will be re-evaluated and revised, if necessary, following availability of sufficient data from the administration of the new version of ACCESS for ELLs to analyze the impact of the new assessment on LEP performance trends.

The following chart reflects the proposed Title III AMAO 1 Progress and AMAO 2 Proficiency targets:

Accountability Year (Assessment Year)	AMAO 1 Progress	AMAO 2 Proficiency
2015-2016 (2014-2015)	69	15.6
2016-2017 (2015-2016)	69.1	16.7
2017-2018 (2016-2017)	69.2	17.8

AMAO 1 Progress Targets

Statutory requirements in ESEA provide that Title III AMAO targets must increase incrementally each year. The proposed AMAO 1 Progress targets provide an incremental annual increase and reasonable goals for school divisions until such time that sufficient data are available from the online administration of the new version of the ACCESS for ELLs to re-evaluate the AMAO 1 Progress targets.

AMAO 2 Proficiency Targets

In 2009-2010, Virginia established the following criteria for LEP students to reach proficiency and be designated as formerly LEP: 1) test on Tier C of the ACCESS for ELLs test; 2) achieve a Composite Score of 5.0 or above; and 3) achieve a Literacy Score of 5.0 or above. The Tier C requirement, which was initially requested by school divisions and based on the limited ACCESS for ELLs data available at the time, was implemented with the intention of ensuring that LEP students who reached proficiency would have the English language skills necessary to meet the rigor of the Standards of Learning assessments. However, an unintended consequence of the Tier C requirement is that divisions with small incidence populations of LEP students are at a disadvantage in meeting Virginia’s proficiency targets because their LEP student populations may not be large enough to have the necessary percentage testing on Tier C of the ACCESS for ELLs assessments.

The proposed AMAO 2 Proficiency targets are based on the removal of the Tier C requirement which would allow a larger number of LEP students, especially in divisions with small incidence LEP student populations, the opportunity to meet the proficiency criteria. Furthermore, the removal of the Tier C requirement was included as a recommendation in the data analysis provided to the Department by the WIDA consortium.

Impact on Resources:

Title III of the ESEA requires state educational agencies to establish Title III AMAOs for the LEP subgroup for all school divisions in the state. This requirement will continue to have a moderate impact on the agency’s resources.

Timetable for Further Review/Action:

The Title III AMAO targets for AMAO 1 Progress and AMAO 2 Proficiency through 2017-2018 will be presented to the Board of Education for final review on October 23, 2014.

Superintendent's Recommendation:

The Superintendent of Public Instruction recommends that the Board of Education accept for first review the proposed Title III AMAO targets for AMAO 1 Progress and AMAO 2 Proficiency through 2017-2018 for inclusion in Virginia’s Consolidated State Application Accountability Plan.
