

## 2017-2018 VIRGINIA TEACHER-ELIGIBLE INDUSTRY CREDENTIALING ASSESSMENTS

The 2015 General Assembly approved HB 2137, which permits the Board of Education, upon request of the employing school division or education agency, to issue a provisional license to a teacher seeking an initial license in the Commonwealth who has not attained an industry certification credential in the area in which the teacher seeks endorsement.

The 2014 General Assembly approved House Bill 758 that amends and re-enacts Section 22.1-298.1 of the *Code of Virginia* regarding initial licensing in the area of career and technical education. The law became effective July 1, 2014. House Bill 758 states, in part, the following:

1.A. As used in this section: "Industry certification credential" means a career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a state professional license, or successfully completing an occupational competency examination....

D.6. Every teacher seeking initial licensure with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement.

## 2017-2018 VIRGINIA TEACHER-ELIGIBLE INDUSTRY CREDENTIALING ASSESSMENTS

The 2015 General Assembly approved HB 2137, which permits the Board of Education, upon request of the employing school division or education agency, to issue a provisional license to a teacher seeking an initial license in the Commonwealth who has not attained an industry certification credential in the area in which the teacher seeks endorsement.

The 2014 General Assembly approved House Bill 758 that amends and re-enacts Section 22.1-298.1 of the *Code of Virginia* regarding initial licensing in the area of career and technical education. The law became effective July 1, 2014. House Bill 758 states, in part, the following:

1.A. As used in this section: "Industry certification credential" means a career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a state professional license, or successfully completing an occupational competency examination....

D.6. Every teacher seeking initial licensure with an endorsement in the area of career and technical education shall have an industry certification credential in the area in which the teacher seeks endorsement.
