Dear Sirs:

Pursuant to Section 22.1-97, *Code of Virginia*, I am reporting on the status of each locality's expenditures and appropriations designated to meet their required local effort in support of the Standards of Quality. The attached report provides the outcome of the fiscal year 2015 calculation of expenditures toward meeting required local effort for each school division. Data is also provided for your information on the actual local expenditures to meet the local match requirements for various Incentive and Lottery programs in fiscal year 2015, pursuant to Item 139, paragraph B.10, of Chapter 665, 2015 Virginia Acts of Assembly.

The Honorable Thomas K. Norment, Jr.
The Honorable Emmett W. Hanger, Jr.
The Honorable S. Chris Jones
The Honorable Stephen D. Newman

In addition, divisions are required to certify that local funds have been budgeted to, at a minimum, satisfy required local effort on the SOQ and to support the projected required local match for the Lottery and Incentive programs in which the school division has elected to participate in fiscal year 2016. I have submitted a report containing the certification for each division.

If you have questions or require additional information relative to this transmittal, please contact me or Kent Dickey, deputy superintendent for finance and operations, at (804) 225-2025.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven R. Staples", with a long horizontal flourish extending to the right.

Enabling Authority

Section 22.1-97, *Code of Virginia*

Preface

Section 22.1-97, *Code of Virginia*, directs the Superintendent of Public Instruction to provide a report annually to the House Committees on Appropriations and Education and the Senate Committees on Finance and Education and Health on the degree to which each school division has met, failed to meet, or surpassed its required local expenditure in support of the Standards of Quality (SOQ).

Department of Education budget staff prepared the report based on Annual School Report Financial Section (ASRFIN) data submitted by school divisions for fiscal year 2015, and certifications of budgeted local expenditures submitted by school divisions for fiscal year 2016.

Executive Summary

Pursuant to the requirements of Section 22.1-97, *Code of Virginia*, the Department of Education collected data from school divisions on the actual local funding effort in support of the Standards of Quality for fiscal year 2015, through the 2014-2015 Annual School Report Financial Section (ASRFIN). School divisions were also required to certify that local funds were at the required level in support of the Standards of Quality for fiscal year 2016.

This report provides the results of calculations made to ensure that each school division has expended sufficient local funds to support its required local effort. The purpose of required local effort is to ensure that each school division has sufficient local operational expenditures to support its local share of the cost of the Standards of Quality. Fiscal year 2015 calculations are based on actual local operational expenditures. All reporting school divisions met required local effort in fiscal year 2015.

Chapter 665, 2015 Virginia Acts of Assembly, requires divisions to certify “that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts.” All school divisions certified that they have budgeted local operational funds sufficient to meet budgeted required local effort for fiscal year 2016. School divisions whose local appropriations for fiscal year 2016 are only slightly in excess of the amount required to maintain local effort for the Standards of Quality have been advised to review their average daily membership on a monthly basis during the fiscal year to ensure sufficient local appropriations are available based on current enrollment levels.

Pursuant to Item 139, Paragraph B.10, Chapter 665, 2015 Virginia Acts of Assembly, for fiscal year 2015, the Department of Education collected data on actual local expenditures for Incentive and Lottery programs that have a required local match. In fiscal year 2015, school divisions were required to report on local expenditures to support the actual required local match for each of the applicable accounts: At Risk; Virginia Preschool Initiative; K-3 Primary Class Size Reduction; Math/Reading Instructional Specialist Initiative; and Early Reading Specialist Initiative. All reporting school divisions certified actual local operational expenditures sufficient to meet required local match for the programs in which they elected to participate in fiscal year 2015.

For fiscal year 2016, all school divisions have submitted the required information to certify their budgeted required local match for Incentive and Lottery accounts (i.e., At-Risk, Virginia Preschool Initiative, K-3 Primary Class Size Reduction, Compensation Supplement, Math/Reading Instructional Specialist Initiative, and Early Reading Specialists Initiative). All school divisions certified that they have budgeted local operational funds sufficient to meet budgeted required local match for all Incentive and Lottery-funded accounts in which they have elected to participate in fiscal year 2016.

Summary

Actual Required Local Match for Incentive and Lottery Accounts

Fiscal Year 2015

All reporting school divisions met required local match for all Incentive and Lottery accounts in which they elected to participate in fiscal year 2015. The funds used to meet required local match are actual local operational expenditures that are above those used to meet required local effort on the Standards of Quality. The range of actual local support in excess of the required amounts for local effort and local match is:

- Low – Lunenburg – 0.00%
- High – West Point – 281.98%
- The average actual local operational expenditure in excess of the required level for fiscal year 2015: 68.74%

Distribution - Percent of FY15 Actual Local Expenditures for Operations Above Required Local Effort and Required Local Match

Summary

Budgeted Required Local Match for Incentive and Lottery Accounts

Fiscal Year 2016

All school divisions certified that sufficient local funds have been budgeted to meet all required local match amounts for all Incentive and Lottery accounts in which they elected to participate in fiscal year 2016. The funds used to meet required local match are budgeted local operational expenditures that are above those used to meet required local effort on the Standards of Quality.

School Division Participation in Optional Programs with Local Match Requirements
Fiscal Year 2016

Pursuant to Item 136, Paragraph B.10, Chapter 665, 2015 Virginia Acts of Assembly, for fiscal year 2016, the Department of Education collected data on budgeted required local match for applicable Incentive and Lottery-funded accounts that require a local match.

As part of this data collection, school divisions also certified participation in certain Incentive and Lottery-funded accounts, as applicable. All school divisions have submitted completed reports and have certified their participation status for fiscal year 2016.

School divisions, if eligible for funding, either opted in or opted out of participating in the optional programs that have a required local match. If sufficient local operating expenditures were not available to meet local match requirements, then local school divisions requested additional local appropriation from the governing body prior to receiving state funds in fiscal year 2016.

The following information details by account the school division participation in Incentive and Lottery-funded accounts in fiscal year 2016:

	Number of Divisions Opting In	Number of Divisions That Must Request Additional Local Appropriation	Number of Divisions Not Eligible for Funding	Number of Divisions Opting Out

Appendix A

Legislative Mandate for the Reporting Requirement

Code of Virginia

§ 22.1-97. Calculation and reporting of required local expenditures; procedure if locality fails to appropriate sufficient educational funds.

A. The Department of Education shall collect annually the data necessary to make calculations and reports required by this subsection.

At the beginning of each school year, the Department shall make calculations to ensure that each school division has appropriated sufficient funds to support its estimated required local expenditure for providing an educational program meeting the prescribed Standards of Quality, required by Article VIII of the Constitution of Virginia and Chapter 13.2 (§ 22.1-253.13:1 et seq.) of this title. At the conclusion of the school year, the Department shall make calculations to verify whether the locality has provided the required expenditure, based on average daily membership as of March 31 of the relevant school year.

The Department shall report annually to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health the results of such calculations and the degree to which each school division has met, failed to meet, or surpassed its required expenditure.

The Joint Legislative Audit and Review Commission shall report annually to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health the state expenditure provided each locality for an educational program meeting the Standards of Quality.

The Department and the Joint Legislative Audit and Review Commission shall coordinate to ensure that their respective reports are based upon comparable data and are delivered together, or as closely following one another as practicable, to the appropriate standing committees.

B. Whenever such calculations indicate that the governing body of a county, city or town fails or refuses to appropriate funds sufficient to provide that portion of the cost apportioned to such county, city or town by law for maintaining an educational program meeting the Standards of Quality, the Board of Education shall notify the Attorney General of such failure or refusal in writing signed by the president of the Board. Upon receipt of such notification, it shall be the duty of the Attorney General to file in the circuit court for the county, city or town a petition for a writ of mandamus directing and requiring such governing body to make forthwith such appropriation as is required by law.

The petition shall be in the name of the Board of Education, and the governing body shall be made a party defendant thereto. The court may, in its discretion, cause such other officers or persons to be made parties defendant as it may deem proper. The court may make such order as may be appropriate respecting the employment and compensation of an attorney or attorneys for any party defendant not otherwise represented by counsel. The petition shall be given first priority on the docket of such court and shall be heard expeditiously in accordance with the procedures prescribed in Article 2 (§ 8.01-644 et seq.) of Chapter 25 of Title 8.01 and the writ of mandamus shall be awarded or denied according to the law and facts of the case and with or without costs, as the court may determine. The order of the court shall be final upon entry. Any appeal therefrom shall be heard and disposed of promptly by the Supreme Court next after habeas corpus cases already on the docket.

Appendix B

Legislative Mandate Directing the Required Local Effort and Required Local Match Data Collection

Chapter 665, 2015 Virginia Acts of Assembly

Item 136, Paragraphs A.5 and A.6:

5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.

6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.

Item 136, Paragraphs B.8 - B.11:

8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to make calculations at the start of the school year to ensure that school divisions have appropriated adequate funds to support their estimated required local expenditure for the corresponding state fiscal year. In an effort to reduce the administrative burden on school divisions resulting from state data collections, such as the one needed to make the aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the adequacy of estimated required local expenditures, shall be satisfied by signed certification by each division superintendent at the beginning of each school year that sufficient local funds have been budgeted to meet all state required local effort and required local match amounts. This provision shall only apply to calculations required of the Department of Education related to estimated required local expenditures and shall not pertain to the calculations associated with actual required local expenditures after the close of the school year.

2) The Department of Education shall also make calculations after the close of the school year to verify that the required local effort level, based on actual March 31 Average Daily Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education shall report annually, no later than the first day of the General Assembly session, to the House Committees on Education and Appropriations and the Senate Committees on Finance and Education and Health, the results of such calculations made after the close of the school year and the degree to which each school division has met, failed to meet, or surpassed its required local expenditure. The Department of Education shall specify the calculations to determine if a school division has expended its required local expenditure for the Standards of Quality. This calculation may include but is not limited to the following calculations:

b. The total expenditures for operation, defined as total expenditures less all capital outlays, expenditures for debt service, facilities, non-regular day school programs (such as adult education, preschool, and non-local education programs), and any transfers to regional programs will be calculated.

c. The following state funds will be deducted from the amount calculated in paragraph a. above: revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item) for sales in the fiscal year in which the school year begins; total receipts from state funds (except state funds for non-regular day school programs and state funds used for capital or debt service purposes); and the state share of any balances carried forward from the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal year will be added to the amount calculated in paragraph a. above.

d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also be deducted from the amount calculated in paragraph a above. Any federal funds that remain unspent at the end of the fiscal year and any capital expenditures paid from federal funds will be added to the amount calculated in paragraph a. above.

e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will also be deducted from the amount calculated in paragraph a, then

f. The final amount calculated as described above must be equal to or greater than the required local expenditure defined in paragraph A. 5.

g. The Department of Education shall collect the data necessary to perform the calculations of required local expenditure as required by this section.

h. A locality whose expenditure in fact exceeds the required amount from local funds may not reduce its expenditures unless it first complies with all of the Standards of Quality.

9.a. Any required local matching funds which a locality, as of the end of a school year, has not expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into the general fund of the state treasury. Such payments shall be made not later than the end of the school year following that in which the under expenditure occurs.

b. Whenever the Department of Education has recovered funds as defined in the preceding paragraph a, the Secretary of Education is authorized to repay to the locality affected by that action, seventy-five percent (75%) of those funds upon his determination that:

1) The local school board agrees to include the funds in its June 30 ending balance for the year following that in which the under expenditure occurs;

2) The local governing body agrees to reappropriate the funds as a supplemental appropriation to the approved budget for the second year following that in which the under expenditure occurs, in an appropriate category as requested by the local school board, for the direct benefit of the students;

3) The local school board agrees to expend these funds, over and above the funds required to meet the required local expenditure for the second year following that in which the under expenditure occurs, for a special project, the details of which must be furnished to the Department of Education for review and approval;

4) The local school board agrees to submit quarterly reports to the Department of Education on the use of funds provided through this project award; and

5) The local governing body and the local school board agree that the project award will be cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of the second year following that in which the under expenditure occurs.

c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.

10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate.

11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.
