The student will explain how the contributions of ancient Greece and Rome have influenced the present in terms of architecture, government (direct and representative democracy), and sports.

Essential Understandings	Essential Questions	Essential Knowledge	Essential Skills
		<p><b>The Government of the United States</b> The government is based on the ideas developed in ancient Greece and Rome.</p> <ul style="list-style-type: none"> <li>• Greece: Birthplace of democracy (government by the people); a direct democracy</li> <li>• Rome: Republican (representative) form of government; a representative democracy</li> </ul> <p><b>Sports</b> Olympic games of today are modeled after the games of ancient Greece.</p>	

**STANDARD 3.2**

**The student will study the early West African empire of Mali by describing its oral tradition (storytelling), government (kings), and economic development (trade).**

Essential Understandings	Essential Questions	Essential Knowledge	Essential Skills
<p>Most of what we know about Mali's history comes from oral accounts that were handed down from Mali storytellers.</p> <p>Mali was ruled by rich and powerful kings.</p> <p>Early Mali was a wealthy trading empire before Columbus sailed to America.</p>	<p>Why were storytellers so important in the empire of Mali?</p> <p>What do we know about the leaders of the empire of Mali?</p> <p>Why was the empire of Mali so wealthy?</p>	<p>Africa was the home to several great empires. One of the most prosperous was the empire of Mali.</p> <p>Many storytellers in Mali passed on traditions and stories from one generation to the next.</p> <p>The kings of Mali were rich and powerful men who controlled trade in West Africa. Mali became one of the largest and wealthiest empires in the region and was an important trade center.</p> <p>Mali lay across the trade routes between the sources of salt in the Sahara Desert and the gold region/mines of West Africa. For the people of the desert, salt was a natural resource. People used salt for their health and for preserving foods. Miners found gold in Western Africa. Therefore, salt was traded for gold.</p> <p>Timbuktu was an important city in Mali. It had a famous university with a large library containing Greek and Roman books.</p>	<p>Collect and record information.</p>

**STANDARD 3.3**

The student will study the exploration of the Americas by

- a) describing the accomplishments of Christopher Columbus, Juan Ponce de León, Jacques Cartier, and Christopher Newport;
- b) identifying reasons for exploring, the information gained, and the results of the travels, and the impact of these travels on American Indians.

Essential Knowledge	Essential Questions	Essential Knowledge	Essential Skills																				
<p>The first explorers had different motivations, had different sponsors, and met different successes.</p> <p><u>Due to European explorations, American Indians experienced changes to their cultures and environment.</u></p>	<p>Who were some of the important European explorers from Spain, England, and France?</p> <p>What were the different motivations of these early European explorers?</p> <p>What were the successes of these early European explorers?</p> <p><u>What were the effects of European explorations on American Indians?</u></p>	<p><b>Terms to know</b></p> <ul style="list-style-type: none"> <li>• Explorer: A person who travels seeking new discoveries</li> <li>• European: A person from one of the countries in Europe</li> </ul> <table border="1" data-bbox="940 597 1612 1084"> <thead> <tr> <th>Explorers</th> <th>Country (Sponsor)</th> <th>Reason for Exploring</th> <th>Successes/Achievements</th> </tr> </thead> <tbody> <tr> <td>Christopher Columbus</td> <td>Spain</td> <td>To find a western sea route to Asia</td> <td>First European to discover a sea route to America; discovered <del>(New World)</del> <u>Western Hemisphere</u> (landed at San Salvador)</td> </tr> <tr> <td>Juan Ponce de León</td> <td>Spain</td> <td>To discover riches and land to conquer</td> <td>First European to land in Florida (near St. Augustine); gave Spain claim to Florida</td> </tr> <tr> <td>Jacques Cartier</td> <td>France</td> <td>To colonize the New World</td> <td>Explored the St. Lawrence River Valley (near Québec, Canada) and gave France a North American claim</td> </tr> <tr> <td>Christopher Newport</td> <td>England</td> <td>To discover riches To find a western route to Asia To colonize Virginia</td> <td>Arrived at present day Jamestown; made four additional voyages bringing more people to Jamestown; was one of the first men to reach the Fall Line of the James River</td> </tr> </tbody> </table> <p><u>Impact of European exploration on American Indians:</u></p> <ul style="list-style-type: none"> <li>• <u>Deadly diseases were introduced</u></li> <li>• <del>Forced relocation due to invasion of homelands.</del></li> <li>• <u>Exploration later led to settlement.</u></li> <li>• <u>The settlements led to relocation of the American Indians from their homeland.</u></li> </ul>	Explorers	Country (Sponsor)	Reason for Exploring	Successes/Achievements	Christopher Columbus	Spain	To find a western sea route to Asia	First European to discover a sea route to America; discovered <del>(New World)</del> <u>Western Hemisphere</u> (landed at San Salvador)	Juan Ponce de León	Spain	To discover riches and land to conquer	First European to land in Florida (near St. Augustine); gave Spain claim to Florida	Jacques Cartier	France	To colonize the New World	Explored the St. Lawrence River Valley (near Québec, Canada) and gave France a North American claim	Christopher Newport	England	To discover riches To find a western route to Asia To colonize Virginia	Arrived at present day Jamestown; made four additional voyages bringing more people to Jamestown; was one of the first men to reach the Fall Line of the James River	<p>Locate and use information from print and non-print sources.</p> <p>Distinguish between relevant and irrelevant information.</p> <p>Gather, classify, and interpret information.</p>
Explorers	Country (Sponsor)	Reason for Exploring	Successes/Achievements																				
Christopher Columbus	Spain	To find a western sea route to Asia	First European to discover a sea route to America; discovered <del>(New World)</del> <u>Western Hemisphere</u> (landed at San Salvador)																				
Juan Ponce de León	Spain	To discover riches and land to conquer	First European to land in Florida (near St. Augustine); gave Spain claim to Florida																				
Jacques Cartier	France	To colonize the New World	Explored the St. Lawrence River Valley (near Québec, Canada) and gave France a North American claim																				
Christopher Newport	England	To discover riches To find a western route to Asia To colonize Virginia	Arrived at present day Jamestown; made four additional voyages bringing more people to Jamestown; was one of the first men to reach the Fall Line of the James River																				

**STANDARD 3.4**

The student will develop map skills by

- a) locating Greece, Rome, and West Africa;
- b) describing the physical and human characteristics of Greece, Rome, and West Africa;
- c) explaining how the people of Greece, Rome, and West Africa adapted to and/or changed their environment to meet their needs.

Essential Understandings	Essential Questions	Essential Knowledge	Essential Skills
<p>Ancient Greece and Rome were located near the Mediterranean Sea.</p> <p>The empire of Mali was located in the western region of the continent of Africa.</p> <p>People adapt to their environment in different ways.</p>	<p>Where were ancient Greece, ancient Rome, and the empire of Mali located?</p> <p>What were the physical and human characteristics of ancient Greece and Rome and West Africa (Mali)?</p> <p>How did the people of ancient Greece, ancient Rome, and Mali adapt to and change their environment to meet their needs?</p>	<p><b>Terms to know</b></p> <ul style="list-style-type: none"> <li>• Characteristics: Different traits</li> </ul> <p>Ancient Greece and Rome were located on land near the Mediterranean Sea. **STANDARD 3.5**

The student will develop map skills by

- positioning and labeling the seven continents and ~~five~~ **four** oceans to create a world map;
- using the equator and prime meridian to identify the Northern, Southern, Eastern, and Western ~~four~~ **four** hemispheres Hemispheres;
- locating the countries of Spain, England, and France;
- locating the regions in the Americas explored by Christopher Columbus (San Salvador in the Bahamas), Juan Ponce de León (near St. Augustine, Florida), Jacques Cartier (near Québec, Canada), and Christopher Newport (Jamestown, Virginia);
- locating specific places using ~~on~~ a simple letter-number grid system.

Essential Understandings	Essential Questions	Essential Knowledge	Essential Skills
<p>There are seven continents and <del>four</del> <u>five</u> oceans located in the world.</p> <p>The equator and the prime meridian divide the globe into four hemispheres.</p> <p><u>The four hemispheres are Northern, Southern, Eastern, and Western.</u></p> <p>A simple letter-number grid system on maps is used to locate places.</p>	<p>Where are the seven continents and the <del>four</del> <u>five</u> oceans located on a world map?</p> <p>What imaginary lines are used to create hemispheres?</p> <p>On which continents are England, Spain, France, and the United States located?</p> <p>Where are the countries of Spain, England, and France located on a world map?</p> <p>Where are the regions (general areas) of San Salvador in the Bahamas; St. Augustine, Florida; Québec, Canada; and Jamestown, Virginia located on a map?</p> <p>How is a simple letter-number grid system used to locate places on maps?</p> <p><u>What are the names of the four hemispheres <del>called</del>?</u></p>	<p><b>Terms to know</b></p> <ul style="list-style-type: none"> <li>Hemisphere: Half of a sphere (globe) created by the prime meridian or the equator</li> <li>Equator: An imaginary line around the middle of the earth that divides the globe into the northern and southern hemispheres</li> <li>Prime meridian: An imaginary line that divides the globe into the eastern and western hemispheres</li> <li>Regions: Places that have common characteristics</li> </ul> <p>The physical shapes of the continents (North America, South America, Europe, Asia, Africa, Australia, Antarctica) and the positions of the <del>four</del> <u>five</u> oceans (Arctic, Atlantic, Indian, <del>and</del> Pacific <u>and Southern</u>) may be identified on a world map.</p> <p>The equator and the prime meridian are used to create the <del>four</del> <u>Northern, Southern, Eastern, and Western</u> Hemispheres.</p>	<p>Locate places on a grid system.</p> <p>Identify and locate continents, oceans, and major features on maps and globes.</p> <p>Draw maps of familiar areas.</p>

**STANDARD 3.5 (continued)**

The student will develop map skills by

- a) **positioning and labeling the seven continents and ~~five~~ four oceans to create a world map;**
- b) **using the equator and prime meridian to identify the Northern, Southern, Eastern, and Western ~~four~~ hemispheres Hemispheres;**
