

COMMONWEALTH of VIRGINIA
Department of Education

DATE: February 23, 2018
TO: Division Superintendents
FROM: Steven M. Constantino, Ed.D., Acting Superintendent of Public Instruction
SUBJECT: Virtual Virginia Registration

The Virginia Department of Education (VDOE) reminds school divisions that registration for the Virtual Virginia 2018 summer session and 2018-2019 academic year opens on April 1. More than 80 online courses, including certain core, Advanced Placement (AP), world language, and elective courses will be offered. A full-time program, in addition to the supplemental program, modeled after the current partnership with Virginia public schools will continue to be offered. The full-time program will offer all required courses for grades 9-12, along with an additional compliment of world language courses and electives. More information on the full-time program is available at [Virtual Virginia's website](#).

There is no tuition charged for Virginia public school students who enroll in standard core, world language, and elective courses. Virginia public school students participating in the Early College Scholars (ECS) program will have tuition and AP examination fees reimbursed by the VDOE for any Virtual Virginia AP course taken. We encourage all students who take AP courses to take the associated examinations so they may earn college credit. Tuition for non-ECS students will be \$375 times the local composite index. Information about the ECS program is available at [VDOE Early College Scholars program](#). A withdrawal fee will be assessed after the 21-day withdrawal period. More information about 2018-2019 tuition, withdrawal fees, and course requirements can be found at [Virtual Virginia's website](#). During the regular school year, schools are required to provide textbooks, computer access, headsets and microphones, and access to an adult to act as a mentor-proctor for students.

The Virtual Virginia 2018 summer session will offer 39 online courses including core and elective courses. The summer session course dates are June 18-July 27, 2018. The Virtual Virginia Helpdesk will be available during the summer session from 8 a.m.-4 p.m. (Monday-Friday). The tuition for Virginia public school students who enroll in summer session courses is \$375 per course. Tuition must be paid at the time of course registration and must be made with an electronic debit, credit, or prepaid card. A withdrawal fee will be assessed after a 7-day withdrawal period during the summer session.

The following courses will be offered during summer session 2018:

- Algebra I
- Algebra II
- Algebra Functions and Data Analysis
- Geometry
- Pre-Calculus Math/Analysis
