

#124-22

**Commonwealth of Virginia
Virginia Department of Education
Superintendent's Memo #124-22**

DATE: June 17, 2022
TO: Division Superintendents
FROM: Jillian Balow, Superintendent of Public Instruction
SUBJECT: **2022-2023 School Security Equipment Grants Program Application**

The Virginia Public School Authority closed on the issuance of \$12.0 million in Notes (i.e., a five-year bond) to fund the School Security Equipment Grants program for the 2022-2023 school year on May 24, 2022.

The 2022-2023 school year grants will be awarded on a competitive basis and school divisions are eligible to receive grant awards up to \$250,000. In order to apply for these funds, grant applications must be submitted to the Virginia Department of Education (VDOE) by August 1, 2022. The grant application is accessed through the VDOE's [Single Sign-On for Web-based Systems](#) (SSWS) portal under the Security Equipment Grant Management (SEGM) application. The guidelines and the application process for this grant can be found on the [Security Equipment Grants webpage](#). School divisions will be notified of the 2022-2023 grant awards as soon as they are determined. School divisions must purchase the funded security equipment, which may include equipment for school buses, building modifications and fixtures such as security vestibules, within six months of the notification of the grant award or by March 1, 2023. Grant funds will be provided on a reimbursement basis only.

In order to support the installation of school security equipment during the summer months and to expedite the spend-down of these Notes funds, school divisions and regional programs may apply for grants to reimburse school security equipment expenditures beginning on or

after May 24, 2022. Such projects must otherwise meet all existing program guidelines, application criteria, and only approved projects will be reimbursed.

Eligibility Requirements

School divisions are required to use these funds to purchase security equipment that will be used in school buildings or school buses and any related equipment installation costs in the eligible school buildings or buses. The grants cannot be used to pay for security equipment that is not included or described in the grant application or for extended equipment warranties or service contract agreements. The school building must be scheduled to remain open for at least five more years and there are no planned renovations/additions scheduled for the next five years that would cause the security equipment being requested to become obsolete.

Local Match Requirement

In order for a school division to receive a grant, a local match of 25 percent of the grant amount is required. The Superintendent of Public Instruction is authorized to reduce the local match for school divisions with a composite index of local ability-to-pay less than 0.2000, including any such school division participating in a regional vocational center, special education center, alternative education center, or academic year Governor's School. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

Reimbursement Process

A reimbursement form contained in the SEGM application must be completed and submitted with documentation showing the school name, purchases made, and total cost of the qualifying equipment purchased for which reimbursement is being requested. The completed form must be submitted to the Virginia Department of Education, Office of Support Services, for approval. Awarded grant funds will be maintained and disbursed from accounts administered by the State Non-Arbitrage Program (SNAP) under the Virginia Public School Authority.

Once the reimbursement request is approved, written certification will be sent to SNAP to make the reimbursement payment. SNAP will make the payment within 30 days of receipt of the certification.

School divisions, including eligible regional programs, interested in submitting a 2022-2023 school security equipment grant application for these competitive grant funds must do so by August 1, 2022, by 5 p.m.
