### **12:00 Lunch (Provided)**

### **1:00 Discussion**

How can we ensure that schools realize the potential benefits of online learning (e.g., expanded access, improved student outcomes, high-quality learning experiences, administrative efficiency, etc.)?

How do we address the potential challenges of online learning (e.g., broadband access at home, student readiness and retention, course and teacher quality, etc.)?

How do schools need to change to be able to fully utilize virtual and blended learning including competency-based approaches?

### **2:45 Final Comments/Next Steps**

### **3:00 Adjourn**
