Presented to the Virginia Board of Education on October 26, 2017

Table of Contents

Executive Summary

Introduction

Thirty-six institutions of higher education in Virginia have Virginia Board of Education approved programs for the preparation of instructional personnel. Twenty of the 36 institutions of higher education also have an approved administration and supervision prek-12 program. (Ref. Appendix A)

The review and approval of programs for the preparation of professional school personnel is a cooperative responsibility of institutions of higher education, school divisions, and the Virginia Department of Education (VDOE). Programs are reviewed biennially and must demonstrate achievement of the accountability measures set forth in the Virginia Board of Education *Regulations Governing the Review and Approval of Education Programs in Virginia*, 8VAC20-542-40.

This report specifically addresses the progress of the institutions of higher education in achieving accountability measures 1 through 7 for the biennial reporting period of September 1, 2015 through August 31, 2017. VDOE requested that each institution complete and return the following three documents to report its progress in achieving accountability measures 1 through 7 for the current biennial reporting period:

- Certification for Standard 1 – Assessment Passing Rates;
- Certification for Standards 2 through 7; and
- Affidavit for Standards 1 through 7.

(Refer to Appendix B for a sample template of each document type.) All 36 institutions of higher education completed and returned these documents to VDOE for the 2015-17 biennial period.

A description of each of the accountability measures (as set forth in the *Regulations Governing the Review and Approval of Education Programs in Virginia*), the methodology used to collect achievement results, and a summary of the institutions' achievement results for each accountability measure are provided.

Accountability Measure 1 – Candidate progress and performance on prescribed licensure assessments

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.1*

"Candidate progress and performance on prescribed Board of Education licensure assessments. Candidate passing rates, reported by percentages, shall not fall below 70% biennially for individuals completing and exiting the program. Achievement of an 80% biennial passing rate shall be required by July 1, 2010. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship."

Definitions - Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-10*

"Candidates" means individuals enrolled in education programs.

"Candidates completing a program" means individuals who have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or required internship.

"Candidates exiting a program" means individuals who have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.

Methodology:

The 36 institutions of higher education submitted the following data to VDOE for each education program: the number of program completers and the number of program exiters for the current biennial reporting period. (Note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters were provided by VDOE as "Rollover Only from Prior Biennial Reporting Period" and were automatically summed together with the current biennial reporting period completers and exiters submitted by the institution of higher education to arrive at "Total Completers and Exiters" for that education program on the report.)

In addition, for each program that had ten or more "Total Completers and Exiters," the institutions of higher education provided a breakout of the number of candidates who

passed, who did not pass, who did not take, and who were not required to take the applicable licensure assessment for that approved program.

If there were less than ten "Total Completers and Exiters" for an education program, then the results of the respective licensure assessments were left blank and will be rolled over, i.e., added into the candidate pool used for the next biennial report. This action was taken so as to maintain specific candidate anonymity with regards to assessment results and to assure statistical relevancy.

Achievement Results:

The following education program fell below the minimum prescribed candidate passing rate of 80 percent for one of the assessments required for that education program:

Institution of Higher Education	Education Program	Assessment	Pass Rate (%)
Emory and Henry College	Spanish	Praxis Subject Assessment	50.0%

All other education programs met or exceeded a candidate passing rate of 80 percent or higher for each assessment required per education program as required by Accountability Measure 1. (See Appendix C to view a table of the prescribed tests by education program.) The candidate passing rate was calculated for each program with a total of ten or more completers and exiters. The candidates passing rate was calculated using the following formula:

> Number of candidates who passed the assessment / Total number of completers and exiters required to take the assessment.

(Detailed results reported by each institution of higher education are displayed in Appendix D.)

The average candidate passing rate by assessment type reported for this biennial period across all qualifying education programs with a total of ten or more completers and exiters is indicated below.

a) Academic Skills Assessment = 99.0%.

   The prescribed academic skills assessment is the *Virginia Communication and Literacy Assessment (VCLA)*. This assessment is applicable to subject area endorsements. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology or School Social Worker endorsements.

b) Content Assessment = 98.7%.

The prescribed content assessment is the Praxis Subject Assessment Test. This content area (teaching area) assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Special Education – Visual Impairments PreK-12, Technology Education; and Visual Arts.

c) Reading Assessments = 98.6%.

The prescribed reading assessment for subject area endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, and Special Education-Visual Impairments is either the Virginia Reading Assessment (VRA) for Elementary and Special Education Teachers, taken prior to July 1, 2011; or the Reading for Virginia Educators: Elementary and Special Education (RVE), taken after June 30, 2011. The prescribed reading assessment for the Reading Specialist endorsement is either the Virginia Reading Assessment (VRA) for Reading Specialist, taken prior to July 1, 2011; or the Reading for Virginia Educators: Reading Specialist (RVE for Reading Specialists) assessment, taken after June 30, 2011.

d) School Leadership Assessment = 99.2%.

The prescribed leadership assessment, applicable to the Administration and Supervision Prek-12 endorsement only, is the School Leadership Licensure Assessment (SLLA).

Accountability Measure 2 – Candidate progress and performance on licensure assessments of basic skills for individuals seeking entry into an approved education preparation program

Description – Excerpt from the *Regulations Governing the Review and Approval of Education Programs in Virginia, 8VAC20-542-40.2*

"Candidate progress and performance on an assessment of basic skills as prescribed by the Board of Education for individuals seeking entry into an approved education preparation program. Indicators of the achievement of this standard shall include the following:

   a. Results on Board of Education prescribed entry-level assessments; and
   b. Documentation that candidates enrolled in the program who fail to achieve a minimum score established by the Board of Education have the opportunity to address any deficiencies."

Methodology:

For Accountability Measure 2, each institution of higher education was asked to indicate one of four status results for each of its education programs based on the following criteria:

   1) For each education program that received approval prior to September 1, 2015, and for which there was at least one program completer or program exiter during the current biennial reporting period, indicate if you met the standard by reporting either "MET" or "NOT MET" for the program.
   2) For each education program that received approval prior to September 1, 2015, and for which there was a total of zero program completers and program exiters for the current biennial reporting period, report "INACTIVE" for the program.
   3) For each education program that received approval on or after September 1, 2015, report "NEW" for the program.

Achievement Results:

All institutions of higher education submitted a status result of <u>MET</u> for programs approved prior to September 1, 2015, and for which there was at least one program completer or program exiter for the current biennial reporting period. A summary of the status results by institution is displayed in Table 1. Detailed results as reported by each institution are available in Appendix E.

Certification of Standard 1 - Assessment Passing Rates

Biennial Reporting Period: September 1, 2013, through August 31, 2015
Name of Institution: SAMPLE UNIVERSITY

Std. #	Description of Standard
1.	**Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.** Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.
Ref.	**Description of Assessments**
A	**Academic Skills Assessment:** The prescribed test is the *Virginia Communication and Literacy Assessment (VCLA)*. This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, or School Social Worker endorsements.
B	**Content Assessment:** The prescribed test is the *Praxis Subject Assessment.* This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts. Also, a Braille assessment is prescribed for the Special Education - Visual Impairments PreK-12 endorsement.
C	**Virginia Reading Assessment:** The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the *Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)* or the *Reading for Virginia Educators: Elementary and Special Education (RVE)*. The prescribed test for the Reading Specialist endorsement is the *Virginia Reading Assessment for Reading Specialist* or the *Reading for Virginia Educators: Reading Specialist*.
D	**School Leadership Assessment:** The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the *School Leadership Licensure Assessment (SLLA).*
	Key
	P = Passed; **NP** = Not Passed; **NT** = Not Taken; **NR** = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).
	Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.
	Instructions
	Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.
	For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:
	Step 1 Enter the number of program completers for the current biennial reporting period.
	Step 2 Enter the number of program exiters for the current biennial reporting period.
	Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.
	Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.
	Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.
	Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

The majority of the school level supervised experience shall take place during the school day in concentrated blocks of time when preK-12 students are present. [*Note: Reading Specialist endorsement programs must provide evidence
4.	Evidence of opportunities for candidates to participate in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity throughout the program experiences. The indicator of the achievement of this standard shall include evidence that the professional education programs provide opportunities for candidates to have program experiences in diverse school settings that provide experiences with populations that include racial, economic, linguistic, and ethnic diversity within each biennial period.
5.	Evidence of contributions to preK-12 student achievement by candidates completing the program. Indicators of the achievement of this standard shall include the following: a. Evidence to show that candidates know about, create, and use appropriate and effective measurements in teaching that shall provide dependable information about student achievement; b. Evidence to document faculty have made provisions for evaluating effects that candidates have on preK-12 student learning in the context of teaching as they design unit assessment systems and assessments for each program; and c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.
6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.
7.	Partnerships and collaborations based on preK-12 school needs. Indicators of the achievement of this standard shall include the following: a. Documented evidence that the education program has established partnerships reflecting collaboratively designed program descriptions based on identified needs of the preK-12 community. b. Documented evidence that the administration and supervision program collaborates with partnering schools to identify and select candidates for school leadership programs who meet local needs, demonstrate both potential for and interest in school leadership, and meet the qualifications for admission to advanced programs.
NOTE	Documentation of the evidence of Standards 2 through 7 above must be maintained at the IHE and made available for audit upon request by VDOE.

Appendix C - Table of Prescribed Tests

Table of Prescribed Tests:

The table below displays the tests prescribed by the Board of Education as part of licensure assessments for approved education programs.
For each approved education program, if "Yes" appears in a test type column, then that test is prescribed for that program.

Note 1: The VCLA assessment consists of the following two parts: Reading (Test Code 091) and Writing (Test Code 092).
The sum (composite) of those two scores is evaluated as part of the licensure assessment. A composite score of at least 470 is considered "Passing".

Note 2: The VCLA is required for an initial license. The VCLA is not required for an individual seeking a Pupil Personnel Services license with endorsements such as School Counselor, School Psychology, School Social Worker, or Speech-Language Pathologist. The VCLA is not required for add-on endorsements.

Note 3: Effective July 1, 2011, the Reading for Virginia Educators: Elementary and Special Education (RVE) assessment replaced the Virginia Reading Assessment (VRA); and the Reading for Virginia Educators: Reading Specialist (RVE for Reading Specialists) assessment replaced the Virginia Reading Assessment for Reading Specialists (VRA for Reading Specialists). The Virginia Board of Education set passing scores for the following RVE assessments : RVE: Elementary and Special Education Teachers Assessment (Test Code 0306 or 5306) - Passing Score 157; RVE: Reading Specialist Assessment (0304 or 5304) - Passing Score 162.

APPENDIX D - STANDARD 1 DETAILED RESULTS BY INSTITUTION OF HIGHER EDUCATION

Standards for Biennial Approval of Education Programs (8VAC20-542-40.1)
Certification of Standard 1 - Assessment Passing Rates

Biennial Reporting Period: September 1, 2015, through August 31, 2017
Name of Institution: Averett University

Std. #	Description of Standard
1.	**Candidate Progress and Performance on Prescribed Board of Education Licensure Assessments.** Candidate passing rates, reported by percentages, shall not fall below 80% biennially for individuals completing and exiting the program. Candidates completing a program shall have successfully completed all coursework, required assessments, including those prescribed by the Board of Education, and supervised student teaching or internship. Candidates exiting a program shall have successfully completed all coursework, regardless of whether the individuals attempted, passed, or failed required assessments, including those prescribed by the Board of Education, and/or who may not have completed supervised student teaching or required internship.

Ref.	Description of Assessments
A	**Academic Skills Assessment:** The prescribed test is the *Virginia Communication and Literacy Assessment (VCLA)*. This assessment is applicable to individuals seeking an initial teaching license. The VCLA is not required for add-on endorsements or for Administration and Supervision PreK-12, School Counselor PreK-12, School Psychology, or School Social Worker endorsements.
B	**Content Assessment:** The prescribed test is the *Praxis Subject Assessment.* This assessment is applicable to the following subject area endorsements only: Business and Information Technology; Early/Primary Education PreK-3; Elementary Education PreK-6; English; French; German; Family and Consumer Sciences; Health and Physical Education; History and Social Sciences; Marketing Education; Mathematics; Middle Education 6-8; Music Education-Instrumental; Music Education-Vocal/Choral; Science-Biology; Science-Chemistry; Science-Earth Science; Science-Physics; Spanish; Technology Education; and Visual Arts. Also, a Braille assessment is prescribed for the Special Education - Visual Impairments PreK-12 endorsement.
C	**Virginia Reading Assessment:** The prescribed test for individuals seeking an initial teaching license with endorsements in Early/Primary Education PreK-3, Elementary Education PreK-6, Special Education-General Curriculum, Special Education-Hearing Impairments, or Special Education-Visual Impairments is either the *Virginia Reading Assessment for Elementary and Special Education Teachers (VRA)* or the *Reading for Virginia Educators: Elementary and Special Education (RVE)*. The prescribed test for the Reading Specialist endorsement is the *Virginia Reading Assessment for Reading Specialist* or the *Reading for Virginia Educators: Reading Specialist*.
D	**School Leadership Assessment:** The prescribed test, applicable to the Administration and Supervision PreK-12 endorsement only, is the *School Leadership Licensure Assessment (SLLA).*

Key
P = Passed; **NP** = Not Passed; **NT** = Not Taken; **NR** = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).
Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1   Enter the number of program completers for the current biennial reporting period.

Step 2   Enter the number of program exiters for the current biennial reporting period.

     Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3   If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4   If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

     Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

	Instructions																			

Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

    Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

    Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

> **Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.**

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4   If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

     Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

    Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

    Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1   Enter the number of program completers for the current biennial reporting period.

Step 2   Enter the number of program exiters for the current biennial reporting period.

Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3   If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

P = Passed; **NP** = Not Passed; **NT** = Not Taken; **NR** = Not Required (because the candidate is seeking an added endorsement to an existing Virginia teaching license).
Not Applicable (N/A) = The licensure assessment is not prescribed for the respective approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are **ten or more "Total Completers and Exiters"**, then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are **less than ten "Total Completers and Exiters"** for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

Instructions
Please note that if an approved education program had less than ten completers and exiters reported in the prior biennial reporting period, then those completers and exiters are displayed in the table below under the "Rollover Only from Prior Biennial Reporting Period" column and will automatically be summed together with the current biennial reporting period completers and exiters for that education program.

For each approved education program listed below, complete the following information as it pertains to the Current Biennial Reporting Period, i.e., September 1, 2015, through August 31, 2017:

Step 1 Enter the number of program completers for the current biennial reporting period.

Step 2 Enter the number of program exiters for the current biennial reporting period.

> Note, the spreadsheet will automatically calculate the "Total Completers and Exiters" for each approved education program based on the sum of the "Rollover" completers and exiters and of your current period entries in Step 1 and Step 2.

Step 3 If there are ten or more "Total Completers and Exiters", then proceed to enter in each of the designated columns the number (i.e., zero or higher) of candidates who passed (P), who did not pass (NP), who did not take (NT), and who were not required to take (NR) the applicable licensure assessments for that approved program.

Step 4 If there are less than ten "Total Completers and Exiters" for an approved education program, then do **NOT** enter candidate results for the respective licensure assessments for that approved education program. These candidates will be rolled over, i.e., added into the pool used for the next biennial report.

> Note, the "Pass Rate (%)" will automatically be calculated by the spreadsheet for each respective licensure assessment for each approved education program.

	  c. Evidence that the education program assesses candidates' mastery of exit criteria and performance proficiencies, including the ability to affect student learning, through the use of multiple sources of data such as culminating experience, portfolios, interviews, videotaped and observed performance in schools and standardized tests, and course grades.

6.	Evidence of employer job satisfaction with candidates completing the program. The indicator of the achievement of this standard shall include documentation that the education program has two years of evidence regarding candidate performance based on employer surveys.

7.	Partnerships and collaborations based on preK-12 school needs. Indicators of the achievement of this standard shall include the following:
