### **Instructions for staff administering this survey as a read-aloud accommodation:**

This survey uses skip logic so that some questions are not asked of all students depending on their responses to earlier questions. We have noted that skip logic in this PDF preview of the survey. These skip logic notations do not appear on the online survey.

### **Instructions for students:**

This survey is being given to students in grades 6 through 8. The questions will ask how you feel about your school and how students get along with one another and with adults at your school. We want to know your opinion in order to learn ways to improve your school. When you answer the questions about your school, please think about the way things have been since the school year started.

Your individual answers to these survey questions are anonymous which means that no one will know how you answered. Student answers will be summarized in a report to the school that does not include anyone's name.

There are several screens of questions, and it should take about 25-30 minutes to complete the survey. Use the Next and Previous buttons at the bottom of the screen to go to the next or previous page.

Be careful! Do not use the back button of your browser to go back to the previous page. If you use the browser button, your results will be lost, and you will need to start the survey again.

Below, please enter your Access Code for taking this survey. Your teacher should have this number for you. All students in your school will have the same code, so you will not be identified by this code.

(If you are a staff member wishing to preview the survey or administering the survey as a read-aloud accommodation, please see the instruction packet provided to your school's survey point of contact.)
