

COMMONWEALTH of VIRGINIA
Department of Education

April 29, 2016

TO: Division Superintendents

FROM: Steven R. Staples, Superintendent of Public Instruction

SUBJECT: 2016-2017 Applications for Federal Program Funds under the *Elementary and Secondary Education Act of 1965 (ESEA)*, as Amended by the *No Child Left Behind Act of 2001 (NCLB)*

The 2016-2017 federal program applications for ESEA funding are available on the Department of Education's Web site at: http://www.doe.virginia.gov/federal_programs/esea/applications/index.shtml. Each application is accompanied by a set of guidelines and instructions and the name of a program contact person at the Department. The local consolidated application and the following individual program applications are available:

- Title I, Part A, Improving Basic Programs Operated by Local Educational Agencies;
- Title I, Part C, Education of Migratory Children;
- Title I, Part D, Subparts 1 & 2, Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk;
- Title II, Part A, Preparing, Training, and Recruiting High-Quality Teachers and Principals;
- Title III, Part A, Language Instruction for Limited English Proficient and Immigrant Students; and
- Title VI, Part B, Subpart 2, Rural and Low-Income School Program.

The deadline for all federal applications is Friday, July 1, 2016; the application may be submitted prior to July 1. School divisions that submit an approvable individual or consolidated application by July 1, 2016, will have the ESEA 2016-2017 funds available on a reimbursement basis as of that date. School divisions that submit an approvable application after July 1, 2016, will have the ESEA 2016-2017 funds available on a reimbursement basis as of the date the application is received at the Department.

Final ESEA program allocations for 2016-2017 will be released by Superintendent's Memo as they are provided by the U.S. Department of Education. Until the final allocations are available, the 2015-2016 federal allocations may be used to complete the budget sections of the applications for ESEA programs. Revisions may be submitted to adjust program expenses or plans at any time during the process until the application is fully approved. Once the application is approved, amendments will be required for additional program expense or plan adjustments during the award period.

Divisions may submit individual ESEA program applications, consolidated applications, or a combination of the two. The division should make every effort to submit program applications by the July 1 due date. Failure to adhere to the submission deadline may indicate that the division does not have a process in place to ensure that it implements only approved programs and services and that funds are encumbered for approved activities. Failure to submit ESEA program applications by the July 1 deadline may result in additional inquiry or findings during federal program monitoring.

Technical Assistance

To provide technical assistance to school divisions for completion of the applications, Web-based technical assistance modules are available for each program. School division personnel responsible for developing and submitting the applications are encouraged to view those Web-based modules that are pertinent to their area(s) of oversight. The modules are available on the Department's Web site at:

http://www.doe.virginia.gov/federal_programs/esea/applications/index.shtml.
