

COMMONWEALTH of VIRGINIA
Department of Education

January 23, 2015

TO: Division Superintendents

FROM: Steven R. Staples, Superintendent of Public Instruction

SUBJECT: Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST) Program

The Department of Education is pleased to announce that Virginia will participate in the Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST). The PAEMST program was established in 1983 by the White House and is administered by the National Science Foundation (NSF) on behalf of the White House Office of Science and Technology. The program identifies outstanding science and mathematics teachers, kindergarten through grade 12, in each state and the four United States jurisdictions. The PAEMST awardees serve as models for their colleagues and are leaders in the improvement of science and mathematics education.

Recognition is given to teachers of kindergarten through grade 12 in four award groups: elementary mathematics (K-6), elementary science (K-6), secondary mathematics (7-12), and secondary science (7-12). In 2015, up to ten state finalists at the secondary level will be selected from Virginia (up to five in each group). From these 2015 state finalists, a national committee will choose up to two national-level awardees (one in each award group) from Virginia. Each national awardee will receive a \$10,000 personal award and an all-expense paid trip to recognition events and other activities in Washington, D.C.

The deadline for nominations from individuals, including students, parents, teachers, and administrators, is April 1, 2015. The [nomination form](#) should be completed early enough to ensure that the nominated teacher is given enough time to prepare an application that reflects exemplary teaching. The nomination form and the [application packet](#) must be submitted electronically. The nomination form and the application packet as well as complete directions are available on the [PAEMST](#) Web site. A completed nomination form must be submitted electronically with each application. All applications are due May 1, 2015.

For more information, please contact Michael Bolling, director, Office of Mathematics and Governor's Schools, by e-mail at Michael.Bolling@doe.virginia.gov or by telephone at (804) 786-6418; or Eric M. Rhoades, director, Office of Science and Health Education, by e-mail at Eric.Rhoades@doe.virginia.gov or by telephone at (804) 786-2481.
