### Identification for Support

A school may also be identified for federal support based on full school or student group performance:

- Comprehensive Support = Full School Support
- Additional Targeted Support = Intensive Student Group Support (Starting 2028-2029)
- Targeted Support = Student Group Support

*Note: Schools identified with a Targeted or Additional Targeted Support and Improvement student group will have their performance category lowered one level.*

### Memorandum of Understanding (MOU) Divisions

A local school board will enter into a MOU when at least 40% of the division’s schools are identified for comprehensive or additional targeted support or 10 or more schools are identified for comprehensive support.

### Weighting of the Framework

# Elementary School

<b>MASTERY</b> <b>65%</b>	<ul style="list-style-type: none"><li>• Reading SOL (Standards of Learning), including the integrated reading and writing component, and the Virginia Alternate Assessment Program (VAAP) tests: 22.5%</li><li>• Mathematics SOL and VAAP tests: 22.5%</li><li>• Science SOL and VAAP tests: 10%</li><li>• Progress in Achievement English Language Proficiency: 10%</li></ul>
<b>Growth</b> <b>25%</b>	<ul style="list-style-type: none"><li>• Reading Expected Growth: 12.5%</li><li>• Mathematics Expected Growth 12.5%</li></ul>
<b>Readiness</b> <b>10%</b>	<ul style="list-style-type: none"><li>• Chronic Absenteeism: 5%</li><li>• 5 C's Performance Task: 5%</li></ul> <p>In year one, chronic absenteeism will be 10% as the performance task is created.</p>

Readiness in elementary school is focused on regular school attendance and student development of the 5 C's (critical thinking, creative thinking, collaboration, communication, and citizenship).

*Note: As with all grade spans, there is also a focus on ensuring English learners are on the path to attaining English Language proficiency.*

# Middle School

<b>MASTERY</b> <b>60%</b>	<ul style="list-style-type: none"><li>• Reading SOL, including the integrated reading and writing component, and VAAP tests: 20%</li><li>• Mathematics SOL and VAAP tests: 20%</li><li>• Science SOL and VAAP tests: 10%</li><li>• Progress in Achievement English Language Proficiency: 10%</li></ul>
<b>Growth</b> <b>20%</b>	<ul style="list-style-type: none"><li>• Reading Expected Growth: 10%</li><li>• Mathematics Expected Growth 10%</li></ul>
<b>Readiness</b> <b>20%</b>	<ul style="list-style-type: none"><li>• Chronic Absenteeism: 5%</li><li>• Advanced Coursework: 7.5%</li><li>• Career 5 C's Performance Task: 7.5%</li></ul> <p>In year one, chronic absenteeism and Advanced Coursework will be 10% as the performance task is created. Also, Advanced Coursework will only include mathematics in year one.</p>

There is a heavier focus on readiness in middle school as students prepare for the academic rigor of high school. In middle school, regular attendance continues to be important, along with [a student's continued development of the 5 C's \(critical thinking, creative thinking, collaboration, communication, and citizenship\)](#) and **career exploration** in addition to gaining experience taking and succeeding in advanced coursework.

*Note: As with all grade spans, there is also a focus on ensuring English learners are on the path to attaining English Language proficiency.*

The High School portion of the School Performance and Support Framework increases the focus on readiness, with preparing students for life after high school a key outcome of high school performance. In high school, regular attendance continues to be important in ensuring success in and outside of school. The Ready for Life: 3E Readiness Framework (Enrollment, Employment, and Enlistment) is included to measure success in the readiness options (more information above). The readiness component of high school also includes students who graduate on an extended year timeline (with applied studies included).

*Note: As with all grade spans, there is also a focus on ensuring English learners are on the path to attaining English Language proficiency.*
