Fall 2022
Test Implementation Manual

Fall and Winter Growth Assessments

Writing Standards of Learning Tests

Non-Writing Standards of Learning Tests

For Division Directors of Testing, School Test Coordinators, and other School Division personnel responsible for the Virginia Assessment Program

Revised July 29, 2022

Only those persons who have signed the School Division Personnel Test Security Agreement may participate in the administration of the Virginia Assessment Program tests to students.

NEW FOR FALL 2022

Combined Test Implementation Manual

This Fall 2022 Test Implementation Manual (TIM) will be used for the following Virginia Assessment Program (VAP) Assessments:

- Fall 2022 Grades 3–8 Reading and Mathematics Growth Assessments
- Winter 2022–2023 Grades 3–8 Reading and Mathematics Growth Assessments
- Fall 2022 Grade 8 and End-of-Course (EOC) Writing Assessments
- Fall 2022 Non-Writing Assessments

Be sure to save this Test Implementation Manual for use on all of the Fall-Winter 2022–2023 test administrations.

Fall and Winter Grades 3–8 Reading and Mathematics Growth Assessments

- The Fall and Winter Grades 3–8 Reading and Mathematics Growth Assessments will be managed in the Growth Assessments 2022–2023 Test Administration within PearsonAccessext. These tests will follow the Grades 3–8 Reading and Mathematics Growth Assessments Administration Schedules located in the front of this manual. Many of the items in this Test Implementation Manual pertain to the Growth Assessments. Exceptions will be noted in Bold print. Section 8 contains specific information for the Fall and Winter Growth Assessments.

Fall 2022 Writing Test Administration

- The Grade 8 and End-of-Course (EOC) Writing tests will be managed in the Writing 2022–2023 Test Administration within PearsonAccessext. These tests will follow the Fall 2022 Writing Test Administration Schedule located in the front of this manual. Many of the items in this Test Implementation Manual pertain to the Writing Test administration. Section 9 contains specific information for the Writing test administration.

The Fall 2022 Non-Writing Test Administration

The Fall 2022 Non-Writing Test Administration in PearsonAccessext will be used to manage the following tests:

- Grades 6–8 Reading and Mathematics Standards of Learning (SOL) tests,
- Grade 8 Science SOL test,
- Civics & Economics SOL test, and
- all EOC tests.

These tests will follow the Fall 2022 Non-Writing Test Administration Schedule located in the front of this manual. Many of the items in this Test Implementation Manual pertain to the Non-Writing Test administration. Section 10 contains specific information for the Non-Writing test administration.
NEW FOR FALL 2022, continued

Seal Codes

The online Grades 4–7 Mathematics Growth Assessments will not be divided into non-calculator and calculator sections. If a Mathematics test question requires a calculator, the correct Desmos Virginia calculator will be provided on the tool bar in the test. Seal codes will also not be available on any the Grade 3–5 Reading and Grade 3 Mathematics Growth assessments.

Calculators

Students taking online Growth and SOL Grades 3–8, End-of-Course (EOC) Mathematics 2016 SOL tests, and Grade 8 and EOC SOL Science tests will be required to use the Desmos Virginia calculator provided on the test's tool bar. Students taking the online tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.

Students taking paper Growth and SOL Grades 4–8 and End-of-Course (EOC) Mathematics 2016 SOL tests and Grade 8 and EOC Science SOL tests will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccessnext Training Center using a separate device. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.

Formula Sheets

Growth—students taking online tests who receive Grade 6, 7, or 8 Mathematics test items will have access to the Middle School Mathematics Formula Sheet on their test's tool bar. Students may not be given a paper formula sheet. Students who are eligible for a paper test will receive a paper formula sheet contained in the best booklet.

SOL—students who take online Grades 6–8 SOL tests will access their formula sheets from their test's tool bar. Students may not be given a paper formula sheet. Students taking online EOC Mathematics SOL tests may access the formula sheet from their test's tool bar in addition to receiving a paper formula sheet. Students who are eligible for a paper EOC Mathematics test will receive a paper formula sheet contained in the test booklet. Students taking paper Grades 6–8 Mathematics SOL tests will be instructed to remove the formula sheet included in their test booklets and return them to the Examiner. The Examiner will provide the new Middle School Mathematics Formula Sheet. However, large-print and braille kits will contain the new Middle School Mathematics Formula Sheet in large print or braille as applicable.

Text-to-Speech Samples Directions Update

For the tests listed below that use text-to-speech to deliver the audio format, the audio reader will provide the testing directions for the sample items, the samples, and the answers to the samples. Refer to the updated testing directions in the Examiner's Manuals for the following tests:

NEW FOR FALL 2022, continued

Update to the Paper Regular, Large-Print, and Braille Audio Prompts of the Writing Tests

When the DDOT orders the paper audio Writing test regular, large-print, or braille multiple-choice form, an audio multiple-choice kit will be sent to the division. This multiple choice audio kit contains the student's test booklet, an Examiner's copy of the test booklet for large-print and braille tests, and a compact disc (CD). The CD is used to provide the audio version of the multiple-choice component. When the DDOT orders the prompt, audio kits will not be available. The DDOT will only be able to order regular prompts, or large-print and braille prompt kits. The orders for the corresponding prompt forms will provide the prompt sheet in regular print, large print, or braille. A corresponding CD will not be provided with the prompt sheet. The Examiner must personally read the Checklist for Writers and the student's prompt to the student from the student's prompt sheet when directed to do so in the test directions. This read-aloud session for the short-paper component will not need to be proctored or recorded.

When testing has been completed, apply the Special Test Accommodation code for Audio (code 11) to the student’s test in PearsonAccessnext. If the special test accommodation is coded on the student's answer document, fill in the circle for accommodation code 11.

TestNav Update

Enable Magnifier—when Enable Magnifier is selected, a square box appears on the student's screen that can be moved anywhere on the screen to magnify the text/art within the box. This tool needs to be selected for each test item as needed. NOTE: this tool is only available on Growth and SOL Mathematics assessments and SOL Science assessments.

Zoom In/Out—selecting “+” increases the zoom. Selecting “−” decreases the zoom. Other methods can activate Zoom depending on the device (such as, keyboard shortcuts, pinch to zoom, etc.). Once zoom is set, this setting applies to all test items until it is changed. NOTE: this tool is only available on Growth and SOL Mathematics assessments and SOL Science assessments.

Special Testing Accommodations: Resources and General Guidance

The following updates are located in Appendix B of the Test Implementation Manuals and the 2022–2023 Examiner’s Resource Guide.

- **Multiple Test Sessions**—multiple test sessions are no longer permitted for online Grades 3–5 Reading and Mathematics and Grades 6 and 7 Mathematics computer adaptive tests. Students eligible for multiple sessions must take the paper version of the test. The entry has been updated.
- **Plain English Algebra I (2009 SOL) Test**—is no longer available. The entry has been removed.
- **Amplification Equipment**—has been renamed Auditory Aids.
- **Fidget/Sensory Items**—has been added to the Setting Accommodation.
- **Guidance Regarding Providing Calculators**—has been updated.
NEW FOR FALL 2022, continued

Updated Header Sheet for Paper Testing

- For paper tests, the Header Sheet designates to which school the students’ scores are to be reported. The Header Sheet has been updated to include the Growth Assessments. Be sure to only use the updated Header Sheet when preparing paper answer documents for shipping to Pearson.

- The updated Header Sheet has the Virginia Assessment Program logo in the top left corner. Refer to the appendix in the Supplement to the Virginia Assessment Program Test Implementation Manuals for a sample of the updated Header Sheet.

- Destroy all previous Header Sheets with the SOL logo in the top left corner.

Updated Answer Documents for Paper Growth Assessments

The paper Fall and Winter Grades 3–8 Reading and Mathematics Growth Assessments will have their own answer documents. Refer to the following chart for the version number to look for on the answer document.

Each Supplement to the Examiner’s Manual has samples of the answer documents to be used for their specific tests.
IMPORTANT REMINDERS FOR FALL 2022

Carefully review this Test Implementation Manual and the associated Examiner’s Manuals prior to the administration of the Spring 2022 Virginia Assessment Program (VAP) tests.

Pearson Support Services

- The Pearson Support Center is available to assist with technical support Monday–Friday, 7:00 a.m. to 8:30 p.m. Contact Pearson Support at va.pearsonaccessnext.com and select Contact Customer Support under “Contact Us,” or call 866-650-9425.
- The PearsonAccess system will NOT be available weekly from 10:00 p.m. Tuesday through 7:00 a.m. Wednesday and from 10:00 p.m. Thursday through 7:00 a.m. Friday while system maintenance and scheduled upgrades occur. If the system must be taken offline at times other than those listed above, Pearson will notify DDOTs by email.

TestNav Availability

- TestNav, the online testing software used to deliver the VAP assessments, is only available Monday–Friday, 7:00 a.m. to 10:00 p.m.
- The DDOT should notify Pearson in advance if a school plans to administer online tests after 5:00 p.m. on Monday–Friday.
- Permission from the Office of Student Assessment must be obtained prior to any testing on weekends.
- Scheduled TestNav patch updates will occur at 10:00 p.m. on Tuesdays and Thursdays.
- The TestNav application should be closed on a nightly basis so students do not encounter errors when testing.

Test Implementation Manual and the Supplement to the Virginia Assessment Program Test Implementation Manuals

- This Test Implementation Manual contains the information, guidance, procedures, and responsibilities that the Division Director of Testing (DDOT) and School Test Coordinator (STC) are required to follow in order to administer the VAP tests; however, the references to paper material management for the SOL Writing and SOL and Growth Non-Writing tests have been removed and placed within a separate document, the Supplement to the Virginia Assessment Program Test Implementation Manuals. The Test Implementation Manual is provided as a hard-copy document sent to divisions and is available for download from the Virginia Department of Education website at:

  www.doe.virginia.gov/testing/test_administration/index.shtml
IMPORTANT REMINDERS FOR FALL 2022, continued

- The *Supplement to the Virginia Assessment Program Test Implementation Manuals* provides the information, guidance, procedures, and responsibilities the DDOT and STC must use for the management of paper testing for fall, spring, and summer *Writing* and *Non-Writing* test administrations. The *Supplement* covers topics such as ordering paper materials, deliveries of non-secure and secure materials, answer document management, the STC's coordination of the administration of paper tests, and the DDOT's management of paper test materials. This *Supplement* is available in electronic format only—no hard copy is provided—and may be downloaded from the Virginia Department of Education website on the previous page.

**Growth, Writing, and Non-Writing Examiner’s Manuals and Supplements to the Examiner’s Manuals**

- The *Examiner’s Manuals* contain the information, guidance, procedures, and responsibilities that the Examiner and Proctor are required to follow in order to administer the VAP tests. Each *Writing* and SOL and Growth *Non-Writing* manual contains testing directions for online-format tests, but not paper tests, and is provided as a hard-copy document sent to divisions/schools in the non-secure shipments. The SOL *Examiner’s Manuals* are available for download from the Virginia Department of Education Web site at:

  www.doe.virginia.gov/testing/test_administration/index.shtml

The *Examiner’s Manuals* for the Growth Assessments are available to download from the Virginia Department of Education Web site at:

- Separate documents, the *Supplements to the Examiner’s Manuals*, provide the testing directions that Examiners and Proctors must use for the administration of SOL and Growth paper format tests; they must be used in conjunction with the *Examiner’s Manuals*. The *Supplements* are available in electronic format only—no hard copies are provided—and may be downloaded from the Virginia Department of Education websites (above).

**Documented Need for Paper Test**

Students taking SOL tests are required to take the online version of the test with the exception of students who meet one of the following criteria for paper testing:

- The student attends school in a location where a secure network connection or the required technology is not available to access an online test. Such locations include the following: special situations schools; homebound, residential, or hospital placement; night school or Governor's School.
IMPORTANT REMINDERS FOR FALL 2022, continued

- The student requires an accommodation specified in their Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described in Appendix B as requiring a paper test (e.g., large-print test, braille test, brailler, and some instances of multiple test sessions).
- The student has a documented medical condition, such as a seizure disorder, where exposure to the testing device will aggravate the student's condition.
- The student's eligibility for paper tests has been established using the Documentation of Need for Paper Assessment form. The form documents that the use of paper tests is intended only to provide access to the assessments for the following students:
  - Students with disabilities who require other accommodations that necessitate a paper test
  - Students with medical conditions that render them unable to take an online test
- Refer to Section 4.5 for further details about the documented need for a paper test, and Appendix C for the Documentation of Need for Paper Assessment form.

School Division Personnel Test Security Agreement

- The School Division Personnel Test Security Agreement is read and understood by all school division personnel. All individuals who may be exposed to secure test items and those involved in the administration of the Virginia Assessment Program (including but not limited to Examiners, Proctors, Interpreters, and Scribes) MUST read, understand, and agree to adhere to the School Division Personnel Test Security Agreement. This agreement must be completed and signed before access to PearsonAccessnext is granted and before any online or paper test is administered. One Fall 2022 School Division Personnel Test Security Agreement may be completed if school division personnel will have access to or participate in any or all of these test administrations:
  - Growth Assessments 2022–2023
  - Fall 2022 Grade 8 and EOC Writing SOL tests
  - Fall 2022 Non-Writing SOL tests.

School Division Test Security Agreement

- The Virginia Assessment Program 2022–2023 School Division Test Security Agreement covers the administration of all test administrations the division will participate in for the school year 2022–2023. This form must be submitted only one time annually during the administration when the division is first scheduled to administer assessments. On the form, check all the administrations that the division will be participating in during the 2022–2023 school year. Refer to Appendix A for the Division Test Security Agreement.
IMPORTANT REMINDERS FOR FALL 2022, continued

School Affidavit

- The School Affidavits (Appendix A) must be submitted to the DDOT at the end of each test administration. The School Test Coordinator and school building Principal are required to sign and submit this form certifying if they are aware of any violations of the School Division Personnel Test Security Agreement and if all secure paper test materials have been returned to Pearson. Separate School Affidavits must be submitted to the DDOT for the following Fall 2022 test administrations:
  - Fall Growth Assessments
  - Winter Growth Assessments
  - Fall 2022 Writing
  - Fall 2022 Non-Writing

School Division Affidavit

- The School Division Affidavit (Appendix A) must be submitted to the Virginia Department of Education Office of Student Assessment at the end of each test administration. The DDOT and division superintendent are required to sign and submit this form certifying if they are aware of any violations of the School Division Personnel Test Security Agreement or the School Division Test Security Agreement, and if all secure paper test materials have been returned to Pearson. Separate School Division Affidavits must be submitted to VDOE for the following Fall 2022 test administrations:
  - Fall Growth Assessments
  - Winter Growth Assessments
  - Fall 2022 Writing
  - Fall 2022 Non-Writing

- Struggling EL Students (Reading Tests Only)
  - Refer to Section 5.4.8 for information regarding ELs who are participating in Grades 3–8 Reading SOL tests and who have indicated that they are unable to complete any more items.
  - Refer to Section 5.4.9 for students who do not complete Growth Assessments.
IMPORTANT REMINDERS FOR FALL 2022, continued

Term Graduates

- For the Fall 2022 Writing Test Administration, a Term Graduate is defined as a student who is scheduled to graduate by August 31, 2023, and who needs a verified credit in writing in order to graduate.
- For the Fall 2022 Non-Writing Test Administration, a Term Graduate is defined as a student who is scheduled to graduate by the end of first semester, and who needs one or more verified credits in Non-writing content areas in order to graduate.
- Refer to Section 5.6 for details regarding form assignments.

Retesters

A student is considered to be a retester if the student:

- has previously taken and passed a course but failed the associated EOC SOL test and is retaking the EOC SOL test to verify the standard credit and requires the verified credit in order to fulfill specific diploma requirements.
- is retaking the SOL test under the expedited retake policy having taken it once during the current administration.

NOTE: Students taking Growth Assessments do not participate in expedited retake testing.

Expedited Retake Testing

The Expedited Retake test is an optional opportunity for the student to retake a failed SOL Non-Writing test during the same administration. Refer to Section 5.7 for the Expedited Retake requirements, coding, and information about assigning forms.

NOTE: Students participating in the Growth Assessments do not take expedited retake tests.

Icons to Identify Audio and Read-Aloud Tests

- Students who have been assigned either an audio or read-aloud test in PearsonAccessnext will have an icon printed on their Student Testing Tickets:
  - ♪ This icon indicates the student should receive an audio test.
  - ☭ This icon indicates the student should receive a read-aloud test.
- These icons will also appear next to the student's individual form assignment on the Students in Sessions screen in PearsonAccessnext.
- School Test Coordinators must ensure the Test Examiners receive the most current Student Testing Tickets prior to testing. In order for a test ticket to show the icons correctly, new authorization tickets must be printed if the student's test form is changed from "regular" to "audio" or "audio" to "regular" in a test session.
- These icons will also be used in the testing directions to designate the additional audio or read-aloud test directions that must be read to students using these accommodations.
IMPORTANT REMINDERS FOR FALL 2022, continued

Additional Orders

- Division Directors of Testing (DDOTs) will be required to order all testing materials for the schools, except for the Fall 2022 *Test Implementation Manual*, using the Orders and Shipment Tracking process within PearsonAccessnext. Use the following information to assist you with ordering materials in each of the Test Administrations:

  • **Fall and Winter Grades 3–8 Reading and Mathematics Growth Assessments.**
    - *Grades 3–5 Reading and Mathematics Growth Assessments Examiner's Manuals* (save these manuals to use for both the Fall and Winter Growth Assessments)
    - *Grades 6–8 Reading and Mathematics Growth Assessments Examiner's Manual* (save these manuals to use for both the Fall and Winter Growth Assessments)
    - Paper test booklets for Grades 3–8 *Reading and Mathematics Growth Assessments* for students with a documented need for a paper test. Fall paper Growth Assessments will be ordered separately from the Winter paper Growth Assessments. Divisions may not reuse fall tests during the Winter Growth administration.
    - Version 1.0 grade-level *Reading and Mathematics Growth Assessments* answer documents for paper tests
    - Secure scorable materials return kit (for returning answer documents for paper tests)
    - Secure non-scorable materials return kit (for returning all paper test booklets)

  • **Fall 2022 Writing Test Administration**
    - *2022–2023 Writing Test Examiner’s Manual*
    - Paper Grade 8 and EOC *Writing* test booklets and prompts for students with a documented need for a paper test
    - Version 2.0 answer documents for the following paper tests
    - Grade 8 *Writing*
    - EOC *Writing*
    - Secure scorable materials return kit
    - Secure non-scorable materials return kit
IMPORTANT REMINDERS FOR FALL 2022, continued

- **Fall 2022 Non-Writing Test Administration**
  - **2022–2023 Examiner’s Manuals** for:
    - Grades 6–8
    - Content Specific History
    - EOC History/Social Science, EOC Mathematics, EOC Reading, and EOC Science
  - Paper test booklets for students with a documented need for a paper test
    - Grades 6–8 **Reading and Mathematics**, Grade 8 **Science**, and **Civics & Economics**
    - EOC History/Social Science, EOC Mathematics, EOC Reading, and EOC Science
  - Version 2.0 answer documents for the following paper tests:
    - **Civics & Economics**
    - EOC History/Social Science, EOC Mathematics, and EOC Reading
  - Version 1.0 answer documents for the following paper tests:
    - Grade 8 **Science**
    - EOC **Science**
  - Secure scorable materials return kit
  - Secure non-scorable materials return kit

**NOTE:** Additional Fall 2022 *Test Implementation Manuals* may be ordered in any of these test administrations.

- For assistance with ordering, refer to the Checklist for Placing Orders located under Testing Resources on the Division Director of Testing Application in the Single Sign-on for Web Systems (SSWS).
- All shipments of secure and non-secure materials will be delivered to the Division Director of Testing (DDOT). The DDOT will be responsible for distributing the secure materials and non-secure materials to each school testing during this administration.
IMPORTANT REMINDERS FOR FALL 2022, continued

- The DDOT must ensure that all secure materials received are returned to Pearson. Therefore, the DDOT should have a materials accounting procedure in place to account for materials delivered to schools and returned from schools. A sample secure materials transmittal form is available in the Supplement to the Virginia Assessment Program Test Implementation Manuals. The DDOT and division Superintendent will be required to affirm the return of all secure paper test materials to Pearson on the School Division Affidavit. Packing lists will be provided.

If you have questions about your school’s testing procedures, contact your School Test Coordinator (STC). If you have concerns about the testing procedures being followed in your school and your STC is unable to address them, contact the Division Director of Testing (DDOT) in your school division’s central office. If you have concerns that your DDOT cannot address, please contact the Office of Student Assessment at (804) 225-2102 or by email at Student_Assessment@doe.virginia.gov.

</tr>
</thead>
<tbody>
<tr>
<td>1. Receive PearsonAccess&lt;sup&gt;ext&lt;/sup&gt; login ID from Pearson (if not already received) and set up password. Supply School Test Coordinators (STCs) and Project Managers with login ID.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>2. Order testing materials, including Examiner's Manuals, test booklets, prompts, and applicable ancillary materials.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>3. Carefully read this Test Implementation Manual, as well as any directions from the Virginia Department of Education. Read the Supplement to the Virginia Assessment Program Test Implementation Manuals if your division will administer any paper tests.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>4. Carefully read the Examiner's Manuals, Supplements to the Examiner's Manuals, and the Addendum to the Supplements to become familiar with the Examiner's/Proctor's testing information, guidance, procedures, and responsibilities. Review manuals’ updates with STCs.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>5. Ensure the School Division Test Security Agreement (Appendix A) has been filled out, signed, and submitted to Pearson.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>6. Ensure the School Division Personnel Test Security Agreement is read and understood by all school division personnel. All individuals who may be exposed to secure test items and those involved in the administration of the Virginia Assessment Program (including but not limited to Examiners, Proctors, Interpreters, and Scribes) MUST read, understand, and agree to adhere to the School Division Personnel Test Security Agreement. This agreement must be completed and signed before access to PearsonAccess&lt;sup&gt;ext&lt;/sup&gt; is granted and before any online or paper test is administered. Refer to the Virginia Assessment Program Fall 2022 School Division Personnel Test Security Agreement in Appendix A for details.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>7. Determine with your Project Manager the division's online test schedule (number of concurrent tests, number of sessions each day, number of available labs/computers, etc.) based on the number of students testing.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>8. Receive login ID and password for the PearsonAccess&lt;sup&gt;ext&lt;/sup&gt; Training Center if not already received.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>9. Train all School Test Coordinators (STCs). Ensure all STCs receive training using PearsonAccess&lt;sup&gt;ext&lt;/sup&gt;.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>10. Ensure STCs understand how to create online test sessions, assign appropriate forms (such as audio and read-aloud), move students, unblock test components, etc.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>11. Ensure STCs understand how to “troubleshoot” common online test issues. The DDOT must understand their role in the troubleshooting process.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>12. Assist STCs in identifying students who will be tested.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>13. Register students for testing via a Student Registration Import (SRI) file or by manually registering them in PearsonAccess&lt;sup&gt;ext&lt;/sup&gt; using the appropriate PearsonAccess&lt;sup&gt;ext&lt;/sup&gt; Test Administration.</td>
<td>Online Paper</td>
</tr>
<tr>
<td>14. Ensure that STCs and Examiners understand which test accommodations are available for students with disabilities, English Learners (ELs), and students with temporary conditions participating in the Growth Assessments, SOL Writing, and/or Non-Writing tests.</td>
<td>Online Paper</td>
</tr>
</tbody>

</table>
Table 3. Required Technology

Prior to reviewing the Technology checklist below, school divisions should ensure that the school networks and equipment being used for online testing meet the minimum requirements as outlined in the *TestNav 8 System Requirements* located at:

https://support.assessment.pearson.com/display/TN/TestNav+System+Requirements

The TN8 Infrastructure Test in the PearsonAccessnext Training Center is available for school divisions to use for testing the performance of school networks and equipment.

The TestNav 8 App Check that is incorporated in the TestNav 8 application should be used to check individual testing devices.

Technology staff responsible for online testing must review *TestNav 8 Online Support* located at:

https://support.assessment.pearson.com/display/TN/TestNav+8+Online+Support

This resource addresses important technology topics that are needed before and during the administration of online tests.

<table>
<thead>
<tr>
<th>Technology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Verify that the performance of your Internet connection across all schools conducting online testing is consistent with expected levels of performance.</td>
</tr>
<tr>
<td>Alert your Internet Service Provider to your online testing window and confirm that no scheduled maintenance or outages are planned during that entire window.</td>
</tr>
<tr>
<td>Verify, as needed, that any high bandwidth network activity will be managed during the testing window such that it does not disrupt online testing.</td>
</tr>
<tr>
<td>Verify that the computers used to access the various administrative services and functions within PearsonAccessnext have the recommended hardware and software. For specific information, refer to PearsonAccessnext Hardware and Software Guidelines for Virginia and the PearsonAccessnext system requirements located at: <a href="https://support.assessment.pearson.com/display/PAsup/System+Requirements">https://support.assessment.pearson.com/display/PAsup/System+Requirements</a>.</td>
</tr>
<tr>
<td>Verify that the testing devices and networks used for delivering online tests meet the recommended hardware and network requirements for delivering online tests to students. For specific information, refer to the <em>TestNav 8 System Requirements</em> located at: <a href="https://support.assessment.pearson.com/display/TN/TestNav+System+Requirements">https://support.assessment.pearson.com/display/TN/TestNav+System+Requirements</a> and the Kiosk Mode Test Setup located at: <a href="https://support.assessment.pearson.com/display/TN/Set+up+and+Use+TestNav">https://support.assessment.pearson.com/display/TN/Set+up+and+Use+TestNav</a>.</td>
</tr>
<tr>
<td>Online testing will be conducted with Pearson’s TestNav 8 application. The application must be installed and configured on all testing devices prior to the start of the online testing window, and the DDOT, STCs, Examiners/Proctors, and students should become familiar with the features of TestNav 8 before online testing begins.</td>
</tr>
<tr>
<td>Verify connectivity among the following: devices to be used for testing, any intermediate network devices (i.e., proxy servers, caching servers, Internet content filters, firewalls, etc.) and the PearsonAccessnext websites (protocols: http and https, ports: 80 and 443).</td>
</tr>
<tr>
<td>In the PearsonAccessnext Training Center, create one or more sample students for the TN8 Infrastructure Test and add them to a test session. Generate a test ticket for each sample student (via the “Resources” dropdown on the Students in Sessions screen). To verify connectivity for online testing, open the TestNav 8 application and log in to the TN8 Infrastructure Test using the test ticket to view test items. <strong>NOTE:</strong> the TN8 Infrastructure Test contains a wide variety of test items and is not intended for use with students.</td>
</tr>
</tbody>
</table>
Verify that any applications that take over the computer causing TestNav to close (such as screen savers, scheduled virus scans, email with auto message notification, power management software on laptops, etc.) have been disabled on the devices being used for online testing. If in doubt about an application’s effect on TestNav, test that application prior to online testing using the TN8 Infrastructure Test.

If utilizing wireless network connections for online testing, ensure that all computers can effectively communicate with their access point from the same location(s) where they will be used for testing.

If using devices powered only by battery, ensure all batteries have been tested and completely charged. Verify that a plan has been developed for recharging batteries throughout the online testing window. (Low batteries can cause devices to drop their network connections.)

<table>

1. USE OF THIS MANUAL FOR FALL 2022

The Test Implementation Manual describes procedures that the Division Director of Testing (DDOT) and School Test Coordinator (STC) should follow before, during, and after administration of the Fall 2022 Virginia Assessment Program (VAP) tests. Most of the sections of this Test Implementation Manual apply to the following test administrations within PearsonAccess\textsuperscript{next}: Fall and Winter Growth Assessments 2022–2023, Fall 2022 Writing SOL test administration, and Fall 2022 Non-Writing test administration.

This manual includes the following information:

- Test administration schedules
- School division responsibilities for testing
- Procedures for the online administration of Web-based assessments in the available subject areas
- DDOT/STC responsibilities before, during, and after each testing session
- Specific information for each test administration

Refer to the following sections in this manual for specific administration information:

Section 8: 2022–2023 Fall and Winter Grades 3–8 Reading and Mathematics Growth Assessments

Section 9: Fall 2022 Writing test administration

Section 10: Fall 2022 SOL Non-Writing test administration.

You should be familiar not only with this manual but also with the following documents, located on the SOL and Test Administration and Development websites at:

- www.doe.virginia.gov/testing/test_administration/index.shtml

Supplement to the Virginia Assessment Program Test Implementation Manuals—provides the information the DDOT/STC must use for the management of paper testing.

Grades 3–5 and Grades 6–8 Reading and Mathematics Growth Assessments, Writing, and Non-Writing Examiner's Manuals—provides the information Examiners/Proctors need to administer the assessments.

Supplements to the Grades 3–5 and Grades 6–8 Reading and Mathematics Growth Assessments, Writing, Growth, and Non-Writing Examiner's Manuals—provides the information Examiners/Proctors need to administer paper SOL assessments.

2022–2023 Examiner's Resource Guide—contains additional information the Examiner/Proctor may need for the administration of Growth and SOL Writing and Non-Writing assessments (such as information regarding calculators, special testing accommodations, health management devices, hearing aids, testing condition adjustments available for all students, test irregularity form).

You can find documents on the PearsonAccess\textsuperscript{next} website that cover topics on training, technology, testing schedules, student registration import, reports, extracts, and authorization to report:

- https://va.pearsonaccessnext.com

Additional assistance with PearsonAccess\textsuperscript{next} system basics, session set up, Pearson testing processes, and reporting can be accessed on the online support page at:

- https://support.assessment.pearson.com/x/BYDy
2. FALL 2022 TEST ADMINISTRATION SCHEDULES

Refer to the front of the manual for the separate administration schedules for the following Fall 2022 test administrations: Grades 3–8 Reading and Mathematics Fall and Winter Growth Assessments, Fall 2022 Writing, and Fall 2022 Non-Writing. Each school division is to administer the VAP tests within their own established “testing windows” within the larger window established by the Virginia Department of Education. The DDOT, Project Manager, and STC must work together to establish the division’s online test schedule (number of concurrent tests, number of sessions each day, number of available labs/computers, etc.) and dates and times for paper testing in the schools. Ensure that all Test Examiners are advised of their school’s specific test dates and times.

Each school’s test schedule must allow opportunities for make-up sessions to be held prior to the close of the division’s testing window. STCs are responsible for arranging make-up administrations for all students who require them and who will be in attendance during the testing window. Make sure that this is done in all schools. Testing dates, including make-up sessions, must allow for all scorable answer documents to be returned to the DDOT in time to ship answer documents to the Cedar Rapids scoring center by the end of your division’s testing window.

The DDOT and STC checklists for major testing activities are presented in Tables 1 and 2. You may use the activities outlined in these checklists to help determine your division’s specific testing activity dates.

3. SCHOOL DIVISION RESPONSIBILITIES FOR VAP TESTING

Many school division personnel are responsible for the administration of the Virginia Assessment Program (VAP) tests. These include:

- Division Director of Testing (DDOT)
- Project Manager (PM)
- School Test Coordinator (STC)
- Test Examiner (Examiner)
- Test Proctor (Proctor)

A brief explanation of the roles and responsibilities of each of these persons follows.

**Division Director of Testing**

Each division has designated a Division Director of Testing (DDOT). The DDOT serves as the point of contact between the school division and the Virginia Department of Education and Pearson. The DDOT has divisionwide responsibility for maintaining the security of test materials, implementation of test procedures, and providing appropriate training for STCs and school administrators. DDOTs are to take particular care in reading all test administration materials. Additionally, DDOTs are to inform key instructional leaders, such as directors of instruction and directors of special education and Title I and Title III coordinators, of testing policies, guidelines, and procedures. Any questions the DDOT has regarding the Virginia Assessment Program are to be directed to the student assessment staff of the Virginia Department of Education.

**Project Manager**

Each division has designated a Project Manager (PM). The PM is responsible for the divisionwide technology infrastructure needed to conduct online testing and manage secure assessment data. The PM is to take particular care in reviewing the TestNav Online Support resource at [https://support.assessment.pearson.com/display/TN/TestNav+8+Online+Support](https://support.assessment.pearson.com/display/TN/TestNav+8+Online+Support) and disseminating this information as needed. The PM and DDOT must collaborate to ensure the technology infrastructure and hardware are adequate and properly prepared in the time frame needed for administering online tests as scheduled in the school division. Any
questions the PM has regarding technology are to be directed to the Pearson Support Center. Any questions regarding the administration of the Virginia Assessment Program tests are to be directed to the DDOT.

School Test Coordinator
Each school has designated a School Test Coordinator (STC). The STC serves as the point of contact between the school and the DDOT. The STC has schoolwide responsibility for maintaining the security of test materials, implementing test procedures, and providing appropriate training for Examiners, Proctors, and other school personnel involved in the test administration. STCs are to take particular care in reading all test administration materials, and are to inform all school staff of testing policies, guidelines, and procedures. Any questions the STC has regarding the Virginia Assessment Program tests are to be directed to the DDOT.

Test Examiner
The Test Examiner (Examiner) is responsible for administering the test(s) according to the procedures outlined in the Examiner’s Manual and for maintaining the security of test materials. Any questions the Examiners have regarding the Virginia Assessment Program tests are to be directed to the STC.

Test Proctor
The Test Proctor (Proctor) works with the Examiner in administering the test(s) and assists in maintaining an appropriate testing environment. A Proctor is also an observer who may be called upon to verify that students did not receive help on the test, that the test was administered according to the procedures in the Examiner’s Manual, and according to the School Division Personnel Test Security Agreement. Any questions the Proctor has regarding the Virginia Assessment Program tests are to be directed to the STC.
4. SPECIFIC DUTIES OF THE DDOT/STC: BEFORE TESTING

Before testing, review the Test Implementation Manual, Examiner's Manuals, the TestNav Technology Guidelines: Configuring Your Test Delivery Environment for Virginia, and the Student Registration Import File Requirements so that you are familiar with the responsibilities of all testing personnel.

4.1 Train School Test Coordinators

DDOT  ☐ Provide appropriate training to the division's STCs and school administrators based on information in the manuals and in other pertinent sources.

☐ Address the training topics listed below.

STC  ☐ Attend the training that the DDOT will provide in regard to the school division’s administration of VAP tests.

<table>
<thead>
<tr>
<th>TRAINING TOPICS FOR SCHOOL TEST COORDINATORS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Identifying responsibilities of STCs, Examiners/Proctors, and other appropriate personnel responsible for the administration of the VAP tests</td>
</tr>
<tr>
<td>Identifying responsibilities of school administration during testing and training all school personnel in the requirements for Test Security; training for school personnel who are not directly involved in test administration should include reminders that access to the secure test room is prohibited and the content of unreleased test items is not to be discussed with students or with other school staff; providing training for all school staff on how to report potential test security concerns</td>
</tr>
<tr>
<td>Maintaining an appropriate “school climate” during the testing schedule (such as appropriate student and staff behavior, avoiding distracting instances such as planned fire drills, reviewing division guidelines on cell phones, texting, and other electronics, etc.)</td>
</tr>
<tr>
<td>For Growth Assessments, the school can maintain its normal routine while the assessments are occurring.</td>
</tr>
<tr>
<td>Training of Examiners and Proctors, and preparing the entire school staff for the test administrations; ensuring that school staff are prepared to discuss with students the policies regarding cell phones, electronic devices, and other unauthorized materials during testing, and the consequences of cheating on a VAP test</td>
</tr>
<tr>
<td>Reviewing security requirements, including use of the School Division Personnel Test Security Agreement; reviewing local policies to ensure students have no access to cell phones or other electronic devices during testing</td>
</tr>
<tr>
<td>Preparing students for online testing with Practice Items and Guides, Practice Tools, Training Center Tests, and Released Tests as applicable</td>
</tr>
<tr>
<td><strong>NOTE:</strong> It is recommended that students taking the Growth Assessments practice using the Training Center Reading and Mathematics tests.</td>
</tr>
<tr>
<td>Reviewing guidelines for participation of ELs and students with disabilities</td>
</tr>
<tr>
<td>Arranging for testing site and alternate test locations; establishing an appropriate test setting</td>
</tr>
<tr>
<td>Understanding what testing materials/manipulatives are available online and what hand-held manipulatives are permitted for online and/ or paper tests</td>
</tr>
<tr>
<td>Creating test sessions, assigning forms, knowing how to distinguish audio forms; adding and moving students; removing students from test sessions</td>
</tr>
<tr>
<td>TRAINING TOPICS FOR SCHOOL TEST COORDINATORS</td>
</tr>
<tr>
<td>------------------------------------------------</td>
</tr>
<tr>
<td>Ensuring audio forms are successfully assigned and read-aloud sessions are correctly created for Growth and SOL tests</td>
</tr>
<tr>
<td>Preparing and proctor caching online test sessions according to the dates specified in the testing schedule at the front of this manual</td>
</tr>
<tr>
<td>Assign STCs access to “Get Authorizations – Seal Codes” (the ability to print Student Testing Tickets/Seal Codes and Proctor Testing Tickets)</td>
</tr>
<tr>
<td>Starting test sessions only on the day of testing and stopping test sessions at the end of the day</td>
</tr>
<tr>
<td>Administering tests under standardized conditions using the <em>Examiner’s Manuals</em> (for paper Growth and SOL tests, Examiners/Proctors must use the corresponding <em>Supplement to the Examiner’s Manual</em>)</td>
</tr>
<tr>
<td>For <em>Writing</em> tests, determining if the short-paper component prompt will be read to all students or only to students who request it</td>
</tr>
<tr>
<td>Understanding how to navigate in TestNav and the purpose of the various test screens</td>
</tr>
<tr>
<td>Understanding the monitoring duties of the Examiner and Proctor during testing, how student questions may be answered, and what level and kinds of assistance may be given</td>
</tr>
<tr>
<td>Establishing procedures for monitoring students and ensuring test security when a break is requested</td>
</tr>
<tr>
<td>Handling emergencies</td>
</tr>
<tr>
<td>Troubleshooting procedures</td>
</tr>
<tr>
<td>Resuming exited students</td>
</tr>
<tr>
<td>Understanding Early Warning System procedures</td>
</tr>
<tr>
<td>Reporting problems/errors on test forms</td>
</tr>
<tr>
<td>Identifying and reporting testing irregularities</td>
</tr>
<tr>
<td>During the Grades 3–8 <em>Reading</em> Growth and Grades 6–8 <em>Reading</em> SOL tests, identifying struggling ELs and discontinuing testing following the guidelines in the <em>Examiner’s Manuals</em></td>
</tr>
<tr>
<td>During testing, moving students and testing materials to an alternate location</td>
</tr>
<tr>
<td>Marking SOL tests complete guidelines</td>
</tr>
<tr>
<td>Scheduling test sessions, make up sessions</td>
</tr>
<tr>
<td>Retaining and disposing test materials according to division guidelines</td>
</tr>
<tr>
<td>After testing, adding test-specific data in PearsonAccess&lt;sup&gt;next&lt;/sup&gt;, such as testing accommodations and testing status codes</td>
</tr>
<tr>
<td>Removing online authorizations from users at the appropriate times</td>
</tr>
</tbody>
</table>
### TRAINING TOPICS FOR STCs SPECIFICALLY REGARDING PAPER TESTS

<table>
<thead>
<tr>
<th>Topic</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Receiving and verifying non-secure and secure testing materials</td>
<td></td>
</tr>
<tr>
<td>Hand-coding demographic information on SOL answer documents</td>
<td></td>
</tr>
<tr>
<td>Ensuring correct test booklets/prompts are issued to students paying special attention to previous standards and current standards tests (for EOC SOL tests only)</td>
<td></td>
</tr>
<tr>
<td>Verifying hand-coded student demographic information on paper answer documents. Ensuring the test booklet form number on the answer document matches the test booklet used. <strong>NOTE:</strong> Testing Status and Special Test Accommodations should be coded in PearsonAccess instead of the answer document.</td>
<td></td>
</tr>
<tr>
<td>Using the <em>Supplement to the Examiner's Manual</em> to administer paper Growth and SOL tests</td>
<td></td>
</tr>
<tr>
<td>After testing, preparing the Header Sheets, paper bands, and SOL answer documents</td>
<td></td>
</tr>
<tr>
<td>After testing, verifying, organizing, packing, and returning scorable and non-scorable materials</td>
<td></td>
</tr>
<tr>
<td>Returning all test materials to the DDOT in accordance with deadlines</td>
<td></td>
</tr>
<tr>
<td><strong>Refer to the <em>Supplement to the Virginia Assessment Program Test Implementation Manuals</em> for details regarding these topics.</strong></td>
<td></td>
</tr>
</tbody>
</table>

#### 4.2 Train Examiners/Proctors

- **STC**
  - Provide appropriate training to the school’s Examiners and Proctors based on information in the testing manuals, local directions received from your DDOT, and other pertinent sources. Prepare the entire school staff for the test administration.
  - Address training topics listed in the following charts.

### TRAINING TOPICS FOR EXAMINERS/PROCTORS

<table>
<thead>
<tr>
<th>Topic</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Identifying responsibilities of Examiners and Proctors</td>
<td></td>
</tr>
<tr>
<td>Thoroughly reviewing the security requirements of the <em>School Division Personnel Test Security Agreement</em> and the Virginia General Assembly Legislation on test security; reviewing local policies to ensure students have no access to cell phones or other electronic devices during testing</td>
<td></td>
</tr>
<tr>
<td>Reviewing with all school staff, who are not directly involved in test administration, access to the secure test room is prohibited and the content of unreleased test items is not to be discussed with students or with other school staff; reviewing with all school staff the process of how to report potential test security concerns</td>
<td></td>
</tr>
<tr>
<td>Preparing students for testing, using Practice Items, Training Center tests, Released Tests (if applicable), etc.</td>
<td></td>
</tr>
<tr>
<td>Providing guidance for the teacher/Examiner discussion with students regarding cell phones, electronic devices, and other unauthorized materials, and the consequences of cheating on the test</td>
<td></td>
</tr>
<tr>
<td><strong>NOTE:</strong> If a student is found cheating on a Growth Assessment, the student’s test must be placed in exited status and moved to a not-started session. An irregularity must be submitted to VDOE in order to exclude the test.</td>
<td></td>
</tr>
<tr>
<td>Reviewing the testing schedule</td>
<td></td>
</tr>
<tr>
<td>Preparing the test site</td>
<td></td>
</tr>
<tr>
<td>Using classroom Proctors and/or Interpreters (if necessary)</td>
<td></td>
</tr>
</tbody>
</table>
### TRAINING TOPICS FOR EXAMINERS/PROCTORS

<table>
<thead>
<tr>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>Understanding what testing materials/manipulatives are available online and what hand-held manipulatives are permitted for online and/or paper tests</td>
</tr>
<tr>
<td>Becoming familiar with the various functions of online testing, navigating in TestNav, and the purpose of the various screens by practicing with the TestNav application by using Practice Items and Guides and the Training Center Practice Tests</td>
</tr>
<tr>
<td>Administer the tests under standardized conditions using the <em>Examiner's Manuals</em> and Supplements assigned for those tests</td>
</tr>
<tr>
<td>Ensuring students receive the correct Student Testing Ticket</td>
</tr>
<tr>
<td>Ensuring eligible students receive authorized testing accommodations (refer to Appendix B)</td>
</tr>
<tr>
<td>Reviewing the monitoring duties of the Examiner and Proctor during testing, how student questions may be answered and what level and kinds of assistance may be given</td>
</tr>
<tr>
<td>Reviewing procedures if the Early Warning System appears on a student's test</td>
</tr>
<tr>
<td>Reviewing the process of permitting student-requested breaks</td>
</tr>
<tr>
<td>Identifying and reporting testing irregularities</td>
</tr>
<tr>
<td>Handling emergencies</td>
</tr>
<tr>
<td>Notifying STC of student reported errors on test items</td>
</tr>
<tr>
<td>During SOL Grades 3–8 <em>Reading Growth</em> and Grades 6–8 <em>Reading</em> SOL tests, identifying struggling ELs and discontinuing testing following the guidelines in the <em>Examiners’ Manuals</em></td>
</tr>
<tr>
<td>Reviewing the troubleshooting process</td>
</tr>
<tr>
<td>During testing, moving students and testing materials to an alternate location</td>
</tr>
<tr>
<td>Reviewing the process of notifying the STC of students not tested or requiring make-up sessions</td>
</tr>
<tr>
<td>Reviewing the process of returning testing material</td>
</tr>
</tbody>
</table>

### TRAINING TOPICS FOR EXAMINERS/PROCTORS SPECIFICALLY REGARDING PAPER TESTS

<table>
<thead>
<tr>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hand-coding demographic information on SOL answer documents</td>
</tr>
<tr>
<td>Completing the <em>Assembly ID Sheets</em> to verify and document the number of test booklets/prompts contained in packages before distributing to students</td>
</tr>
<tr>
<td>Using the appropriate <em>Supplement to the Examiner’s Manual</em> to administer paper SOL tests</td>
</tr>
<tr>
<td>Coding Field F, <em>Form Number</em>, Field G, <em>Prompt Number</em> (if applicable) on the paper Growth and SOL answer documents</td>
</tr>
<tr>
<td>Organizing scorable and non-scorable test materials for return to the STC</td>
</tr>
<tr>
<td>Returning all test materials to the STC</td>
</tr>
</tbody>
</table>

*Refer to the *Supplement to the Examiner’s Manual* for details regarding these topics.*
IMPORTANT: Examiners should review the Examiner’s Manual before the day of testing. If paper SOL tests will be administered, the Supplement to the Examiner’s Manual should also be reviewed before the day of testing. Remember to include interpreters, itinerant teachers, and/or homebound teachers in your training if they will be administering tests to students.

STC  ☑ If the Examiner’s Manuals are used for training, it may be necessary to collect them after training and then redistribute them on the day of testing to ensure that all Examiners have a copy for test administration.

☑ If paper SOL tests will be administered, ensure the corresponding Supplement to the Examiner’s Manual is provided and reviewed as well.

DDOT  ☑ All test manuals may be viewed and downloaded from the Virginia Department of Education website at:

www.doe.virginia.gov/testing/test_administration/index.shtml

4.3 Online User Roles

DDOT  ☑ The various user roles available in PearsonAccess\textsuperscript{next} consist of specific permissions that allow the user to have a limited range of access while in PearsonAccess\textsuperscript{next}. The various user roles are outlined in the User Role and Permissions matrix on the Support page within PearsonAccess\textsuperscript{next}. The DDOT assigns the user roles.

☑ The DDOT assigns the user role “Get Authorizations – Seal Codes” to STCs before testing begins to permit STCs to print Student Testing Tickets/Seal Codes and Proctor Testing Tickets (print tickets no earlier than 4 school days prior to the date of testing). As soon as testing has been completed, the “Get Authorizations – Seal Codes” role must be removed.
4.4 Test Preparation Training

4.4.1 Resources for test preparation

Students should be familiar with their test’s tools and materials and with the online test format before testing for the first time. The resources listed in the following chart are available for students, teachers, and Examiners to practice various functions of testing and to experience sample test items that are representative of the content and skills assessed on VAP tests. Students taking the Growth Assessments should have an opportunity for practice with the Training Center Reading and Mathematics tests.

Table 4. Resources Available for Test Preparation

*NOTE:* Some resource information may change. The DDOT will be notified regarding the updates and will inform division staff.

<table>

#### 4.4.2 Pre-testing discussion regarding cell phones, electronic devices, and other unauthorized materials during testing

Prior to testing, school staff should discuss with students the consequences of having access to cell phones, electronic devices, or other unauthorized materials during testing. The DDOT should provide guidance to the STC regarding the division policy on cell phones and other electronic devices. The following information should be discussed with students:

**Cell phones and other electronic devices**: While in the testing room, students may not have access to cell phones or other electronic devices that can transmit, receive, photograph, or record information while any students are testing. Students who refuse to remove their cell phones or other electronic devices from their work area (such as from pockets, desktops, purses and backpacks stored within reach, etc.), will not be permitted to test until the device is secured (as local policy permits). After testing, students should not be allowed to go online and access the Internet or other applications as it may disrupt those still taking tests. Review the school division policy regarding cell phones and other electronic devices with the students.

**Unauthorized materials**: During testing, students should have access only to those materials permitted for the test they are taking. More information about the materials permitted for testing may be found in Section 4.16 of this manual. Students may not access any other unauthorized materials during testing. Such materials include, but are not limited to, formula cards, class notes, course-content review materials, test-taking strategy reminders, notes, textbooks and other curriculum materials, “cheat sheets,” unauthorized
calculators, unauthorized formula sheets, extra highlighters, non-school issued scratch paper, fidget items, toys, reading material, etc.

4.4.3 Pre-testing discussion regarding cheating

Prior to testing, school staff should discuss with students the consequences of cheating. Specifically, students should be informed that if they are found to be cheating, they will receive a score of zero on the test. Students who are taking an end-of-course test in an attempt to earn a verified credit should also be notified that they will not be permitted to attempt the test again until the next test administration. In addition to these consequences, students should be informed of any local repercussions for cheating. The DDOT should provide guidance to the STC on the school division’s policy regarding what actions and behaviors are considered cheating.

NOTE: If a student is found cheating on a Growth Assessment, the student's test must be placed in exited status and moved to a not-started session. An irregularity must be submitted to VDOE in order to exclude the test.

4.5 Document the Need for Paper Assessment

All students will be required to take the online version of the VAP tests with the exception of students who meet one of the criteria listed below:

- Students who attend school in a location where a secure network connection or the required technology is not available to access an online test, such as special situation schools, homebound, residential facilities, hospitals, night schools, or Governor Schools.
- The student requires an accommodation specified in their Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described in Appendix B as requiring a paper test (e.g., large-print test, braille test, brailler, and multiple test sessions).
- Students with a documented medical condition, such as a seizure disorder where exposure to the testing device will aggravate the student's condition.

Students who meet these criteria may be administered a paper test.

Additionally, students with disabilities who require other accommodations that necessitate a paper test or those with medical conditions that render them unable to take an online test may be considered for a paper test.

The need for paper tests for these students must be documented using the Documentation of Need for Paper Assessment form (Appendix C). Please remember that the use of paper tests for students with disabilities and students with medical conditions is intended only to provide access to the assessments. Use of paper tests may not be allowed for the purpose of improving performance. See the following for additional information about the requirements associated with the Documentation of Need for Paper Assessment form:

Students with Disabilities:

- Please note that the Documentation of Need for Paper Assessment form is not required for students with disabilities who need large print, braille, and multiple test sessions.
- The student’s IEP Team or 504 Committee must determine eligibility based on providing access to test content by completing sections I, II, and IIIA of the Documentation of Need for Paper Assessment form.
■ The IEP Team/504 Committee must document the decision on the student's IEP or 504 Plan. A copy of the completed and signed *Documentation of Need for Paper Assessment* must be maintained in the student's educational record and in the Office of the Division Director of Testing.

■ The *Documentation of Need for Paper Assessment* must be reviewed annually by the student IEP Team or 504 Committee.

**Students with Medical Conditions:**

■ A team composed of the Division Director of Testing, building principal, course content teacher, parent, and other appropriate school staff must determine eligibility based on providing access to test content by completing sections I, II, and IIIB of the *Documentation of Need for Paper Assessment* form.

■ A letter from the student's physician or other health professional documenting the medical condition must be attached to the completed form as supporting documentation.

■ A copy of the completed and signed *Documentation of Need for Paper Assessment* form must be maintained in the student's educational record and in the Office of the Division Director of Testing.

■ The *Documentation of Need for Paper Assessment* must be reviewed annually by the student's team referenced previously.

The use of paper assessments will be carefully monitored and all *Documentation of Need for Paper Assessment* forms will be subject to audit by the Office of Student Assessment. Students who may need paper assessments for reasons other than those listed must obtain prior approval from the Office of Student Assessment.

If you have questions, please contact the student assessment staff by phone at (804) 225-2102 or by email at Student_Assessment@doe.virginia.gov.

4.6 **Register Students for Testing**

Students should be registered for testing as directed by the DDOT either via a Student Registration Import (SRI) file or by hand-entering data within PearsonAccessnext.

**DDOT** ☑ For further instructions and details on how to submit a Student Registration Import file, refer to the *Student Registration Import File Requirements* documents located online within PearsonAccessnext at:

https://va.pearsonaccessnext.com

**STC** ☑ Inform the DDOT if you have any new students.

4.7 **Determine Where Tests Will Be Administered**

**STC** ☑ Make arrangements for appropriate physical conditions for testing. Testing rooms/labs should be quiet, well lighted, set to an appropriate temperature, and well ventilated. Each student's workspace should be clear of books and other materials not needed for the test and large enough to accommodate testing materials. Crowding should be minimized and seating arranged to discourage students from copying or viewing one another's work. Students must not have access to cell phones or any other device that is capable of providing an unfair advantage, be distracting to others, or items not authorized for testing. Students who are not taking a test are not permitted in the testing room/lab during the test session.
Examiners administering the Growth Assessments do not need to take down or cover all materials, but instead ensure the student’s workstation is clear of books and other materials not needed for the test.

Examiners administering SOL tests must remove from the testing site or cover all curricular materials and materials related to test content and test-taking strategies that might influence student performance or provide an unfair advantage. These materials include, but are not limited to, maps, timelines, graphic organizers, charts, posters, projections, computer programs, textbooks, dry-erase board displays, chalkboard displays, and bulletin board displays.

Remove from student access any items not approved for use during testing. These items include, but are not limited to: cell phones, any electronic device, dictionaries (when not approved), class notes, course content review materials, test taking strategy reminders, notes, textbooks and other curriculum materials, “cheat sheets,” extra highlighters, non-school issued scratch paper, fidget items, reading material, or toys.

For online testing, physical barriers on both sides of the testing device are helpful in deterring students from looking at each other’s computer monitors.

It may be helpful to provide Examiners with “TESTING IN PROGRESS: DO NOT DISTURB” signs for testing rooms.

Students who are absent on the school’s established test date(s) must be given an opportunity to take any missed test on a make-up basis. A time and location must also be arranged for each necessary make-up session.

Establish Guidelines for the Alternate Test Site

The VAP assessments are not timed. Students who do not finish by the end of the allotted test administration time should be given additional time, up to the end of the school day. Students are not allowed, however, to complete the test after leaving, voluntarily or not, for any activity that would allow interaction with other students, access to any educational materials, or electronic devices. Students must complete the test in one school day.

STCs must be prepared to move students who have not completed the test to an alternate testing site. The alternate testing site must be prepared as described previously. Prior to testing, establish guidelines for moving students from the test site to the alternate test site. The plan should include guidance regarding:

- maintaining the security of secure materials (i.e. test tickets, testing devices, test booklets, answer documents, all used and unused scratch paper, used formula sheets, audio/video recordings, etc.);
- monitoring students during the move to prevent discussion of the test or course content, in any way with anyone, and to prevent student access to any educational materials and phones/electronic devices, and returning each student’s own materials and resuming testing; and
- preparing for student breaks (i.e. lunch, student requested break). Refer to section 5.4.3 for guidance.
IMPORTANT: Plans for alternate testing sites should include appropriate test security precautions. If students must be moved to an alternate testing site to complete the test, their testing devices, test booklets, answer documents, test tickets, scratch paper, and any other testing materials must be collected by an Examiner or Proctor prior to the move. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, or other electronic devices during the move. Once in the alternate site, return each student’s own materials and resume testing.

4.8 Schedule the School’s Testing Sessions

The Growth and SOL test administrations take precedence over other scheduled school activities. Each Growth and SOL test is to be completed within one school day, with the exception of those students who qualify for the Multiple Test Sessions accommodation as described in Appendix B.

DDOT ☑ All testing sessions for the school division must be scheduled within the testing window. If you need to adjust the testing window, notify the Office of Student Assessment.

ONLINE ☑ DDOTs, Project Managers, and STCs should work together to determine the online test schedule. Some things to consider include:
- number of concurrent tests your network can successfully manage
- number of students participating in online testing
- number of online test sessions your schools will offer each day
- number of available labs/testing devices
☑ Notify Pearson well in advance if a school plans to administer online tests after 5:00 P.M. Provide the following information:
- Division Name
- School Name
- Date(s) of After Hours Testing
- Time(s) of After Hours Testing
☑ Permission from the Office of Student Assessment must be obtained prior to any testing on weekends.

☑ Make-up sessions are to be completed according to the division’s schedule as long as the schedule affords each student an adequate opportunity to take missed tests. Additionally, the division’s make-up schedule must allow time for assembly and shipment of all paper scorable answer documents by the date(s) reported to Pearson. Work with the STCs to establish the testing schedule and appropriate make-up testing schedules for their schools.

STC ☑ Schedule testing sessions to avoid interruptions by drills (fire, tornado, intruder, etc.) and other school functions.

☑ Take into consideration that the VAP assessments are untimed tests. Students should be afforded as much time as they need to complete the test as described at the beginning of this section.

☑ Ensure that testing sessions are scheduled so that they begin early enough to allow students a reasonable amount of time to complete the test before lunch or before the end of the school day.

☑ Prior to the first date of testing, develop a plan to accommodate situations in which “allocated” time has elapsed but students have not yet completed the test. For example, these students
could be moved to an alternate location such as a library or activity room so that they can finish the test.

☐ Each school’s testing dates and time for each subject (for paper and/or online) must be on file with the DDOT. If a change to testing dates or times occurs, notify the DDOT immediately.

☐ Ensure that each school provides students with advance notice of the test dates and schedule. Urge students’ parents/guardians not to make appointments for their children or take them out of school unnecessarily on the test days.

☐ Schedule make-up sessions so that all testing is completed before the end of the division’s test window and in time to meet the deadline for the return of materials to Pearson (refer to the calendar in this manual.)

### 4.9 Determine Testing Groups and Select Examiners

STC ☐ Determine how students will be grouped for testing (e.g., in homerooms, in regular English classes, individual testing) and which staff members will serve as Examiners.

☐ Examiner’s for VAP tests may be teachers or other school staff. If resources permit, for SOL tests it is recommended that teachers do not serve as Examiners or Proctors to their own students. For the Growth Assessments, teachers may serve as Examiners to their own students.

☐ All Growth and SOL Examiners must be trained in test administration and test security. Prior to testing all Growth and SOL tests, Examiners must read, understand, and sign the School Division Personnel Test Security Agreement.

### 4.10 Determine the Need for Proctors and Arrange for Assistance

Testing students in large groups is not recommended. Testing in smaller groups lessens test fear and anxiety for the student and facilitates the Examiner’s ability to monitor and control the testing session. However, if it is necessary to test a large group of students, consider the addition of Proctors to the testing session. Proctors may be teachers or other school division staff.

It is best that Examiners supervise the testing of no more than 25–30 students on their own. If the group’s size exceeds this, one Proctor is recommended for every 25–30 additional students.

STC ☐ In selecting Proctors, be aware that each Proctor for VAP tests must be trained in test administration and test security. Prior to testing, all Proctors must read, understand, and sign the School Division Personnel Test Security Agreement. The use of non-school personnel as Proctors is not recommended. Proctors should receive the same training as Examiners.

☐ If Proctors are not used, arrange to have another school staff member within calling distance of each testing session so that an emergency situation, such as escorting a student to the restroom or nurse, may be handled with a minimum of disruption. Students may not be left unattended for any length of time.

### 4.11 Review Procedures for Ensuring Test Security

The School Division Personnel Test Security Agreement should be read and understood by all school division personnel. All individuals who may be exposed to secure test items and those involved in the administration of VAP assessments (including, but not limited to, Examiners, Proctors, Interpreters, and Scribes) MUST read, understand, and agree to adhere to the School Division Personnel Test Security Agreement (Appendix A). This agreement must be completed and signed before access to PearsonAccessnext is granted or any online or paper test is administered.
Each school division must ensure the security and accountability of all test materials from the time of receipt until all testing is completed. Secure paper test materials will be addressed and shipped to the DDOT, who has primary responsibility for their security.

Refer to information included in the testing manuals and their supplements for procedures to maintain the following:

- a secure test environment
- student electronic data files
- Student and Proctor Testing Tickets
- test booklets, prompts, audio CDs, and answer documents
- configuration of computers
- security authorizations
- receipt, inventory, distribution, and secure storage of test materials
- Seal Codes

Security procedures must be followed to ensure complete test security.

WITHOUT EXCEPTION, copies of secure test booklets/prompts (including braille and large-print test materials, Examiner copies, and audios), all Testing Tickets/Seal Codes, student paper, audio, or electronic responses used for transcriptions, audio/electronic copies of testing sessions (e.g., read-aloud), students’ used and unused scratch paper, and used answer documents must be kept in secure, locked storage at all times when they are not in use in an actual testing session.

Review your local security procedures to ensure that students do not have access to cell phones or other electronic devices during testing.

4.12 Collect Completed Test Security Agreements

4.12.1 School Division Personnel Test Security Agreements

All persons in the school(s) who may be exposed to secure test items and those involved in the administration of VAP tests (including, but not limited to, Examiners, Proctors, Interpreters and Scribes) MUST read, understand, and agree to adhere to the School Division Personnel Test Security Agreement before they are given access to the tests or prompts. Staff must also read the legislation passed by the Virginia General Assembly (§ 22.1–19.1 Action for violations related to secure mandatory tests and § 22.1–292.1 Violations related to secure mandatory tests). These documents are located in Appendix A.

Division/school personnel involved with both online and paper testing need sign only one test security agreement. In addition, one Fall/Winter 2022–2023 School Division Personnel Test Security Agreement may be completed for testing staff participation in one or more of the Fall/Winter 2022–2023 Test Administrations. Refer to the the Fall/Winter 2022–2023 School Division Personnel Test Security Agreement in Appendix A of this Test Implementation Manual for details.

The School Division Personnel Test Security Agreement is a two-page document. Be sure to copy the two pages for each staff member, and make as many copies as necessary. Do not use previous versions of the test security agreement.

Ensure that all school division staff who may be exposed to secure test items and those involved in the administration of the VAP assessments MUST read, understand, agree to, adhere to, and sign the School Division Personnel Test Security Agreement before they are given access to the tests. Staff must also read the legislation passed by the Virginia General Assembly (§ 22.1–19.1 Action for violations related to secure mandatory tests and
§ 22.1–292.1 Violations related to secure mandatory tests). These documents are located in Appendix A. Such personnel include, but are not limited to: the DDOT, STC, Test Examiners, Proctors, project manager and other technology staff, staff providing testing accommodations such as conducting read-aloud, translation/transliteration, dictation to a scribe administrations, staff involved in transcriptions, staff providing a break to Examiners/Proctors, computer lab staff, hall/restroom monitors, student escorts, personal assistants for students, assistants to the DDOT and STC, teacher assistants, curriculum coordinators, administrators, department heads, teachers, staff who have access to secure test materials storage, etc.

☐ The STC will forward the signed Personnel Test Security Agreements to your DDOT as directed in Section 6.4.

4.12.2 School Division Test Security Agreement

Both the DDOT and the division’s superintendent must complete and sign the School Division Test Security Agreement prior to the time the division is first scheduled to administer the Growth, Writing, or Non-Writing assessments. One School Division Test Security Agreement for all 2022–2023 school year Virginia Assessment Program tests may be completed if the division will participate in any or all of the 2022–2023 Test Administrations (for details, refer to the School Division Test Security Agreement in Appendix A of this manual). Send the School Division Test Security Agreement to Pearson by the date specified in the Test Administration Schedules posted in the front of this manual. The agreement, which may be photocopied, is in Appendix A.

4.13 Additional Security Procedures for Online Testing

When a user initially logs into PearsonAccessnext (https://va.pearsonaccessnext.com) to enter the Virginia Web-Based Assessments website, he/she will be prompted to read and accept the School Division Personnel Test Security Agreement, the Privacy Policy, and the Terms of Use for accessing and using PearsonAccessnext. After reading these documents, the user may print and sign the School Division Personnel Test Security Agreement by clicking the Print Friendly link on the screen. The STC should collect the signed test security agreements and forward them along with the other test security agreements to the DDOT as directed in Section 6.4.

The online version of the School Division Personnel Test Security Agreement is the same as that provided in Appendix A of the Test Implementation Manual and the Examiners Manuals. Testing personnel need to sign only one copy for each testing administration. STCs and Examiners can refer to the manuals for copies of the required School Division Personnel Test Security Agreement for any subsequent test administrations. Paper copies of the agreement with actual signatures of the testing staff must be available and retained on file in the DDOT’s office.

4.13.1 DDOT Testing Checklist

☐ DDOTs and Project Managers should review the DDOT Testing Checklist in the front of this manual. Review procedures such as, but not limited to, the security of the test environment, proctor caching test forms (no earlier than 24-hours prior to the start of the division’s test window), printing Testing Tickets/Seal Codes, starting test sessions on the day of testing, stopping test sessions at the end of each day, and maintaining the integrity of the computers used during testing.
4.13.2 Student Testing Tickets

STC ☑ Any time Testing Tickets/Seal Codes are printed in advance of the testing session (no more than 96 hours, or 4 school days, prior to a test session), they must be kept in secure, locked storage until the actual testing session. Do not start a test session (activating the test tickets) until the day of the scheduled session. Examiners need to sign out the test tickets, for their assigned session, on the day of a test session. After a test session, Examiners should be instructed to collect the test tickets from students and Examiners (who provide the read-aloud accommodation) and return them to the STC. The Testing Ticket Transmittal Form and Affidavit for Examiners/Proctors (Appendix C) should be used for this purpose.

4.14 Provide Special Accommodations During Testing

Before testing, appropriate staff should become familiar with special test accommodations specified in students’ IEPs, 504 Plans, or EL Assessment Participation Plans. Accommodations and any required materials or equipment are described in detail in Appendix B of this manual. For information regarding students with disabilities and ELs’ participation in state assessments, refer to: Participation in the Virginia Assessment Program: A Resource for Educators and Parents of Students with Disabilities, Testing Accommodations for Students with Disabilities: Growth Assessments and Standards of Learning Tests, and Procedures for Determining English Learner Participation in the Virginia Assessment Program, which are available on the Virginia Department of Education’s website located at:

www.doe.virginia.gov/testing/participation/index.shtml

All accommodations provided to students must be documented in PearsonAccess®. Refer to Appendix B, which includes accommodations, their guidelines, and their corresponding codes.

School divisions may request an accommodation not listed in the Special Testing Accommodations, Appendix B, by submitting the Special Assessment Accommodation Request form to the Office of Student Assessment by the deadline noted in the Test Administration Schedule in the front of this manual. The form is located on the Virginia Department of Education’s website at:

www.doe.virginia.gov/testing/participation/index.shtml

- Response Accommodations: To provide any response accommodations specified in the student’s IEP, 504 Plan, or EL Assessment Participation Plan, directions read aloud to students may be modified. For example, the directions on how to select answers online or mark the answer document may be modified for students who have the accommodation Examiner Records Responses (accommodation code 18).

  • For Paper Tests: The testing directions may be modified for students who do not enter their answers onto the answer document themselves. Such students indicate their answers in a different way (verbally, by pointing, by circling answers in the test booklet) according to the testing accommodations specified in their IEPs, 504 Plans, or EL Assessment Participation Plans. The Examiner then enters the student’s choices onto the answer document.

  The Examiner may omit the test directions pertaining to the student completing the information in Fields A, F, and G on the answer document and writing their name on the test booklet. Before or after testing, the Examiner should complete Fields A, F, and G and write the student’s name on their test booklet.

  Examiners may modify the testing directions to reflect the accommodation. For example, the direction to fill in the circle on the answer document for the letter of the
best answer may be modified to “circle the answer in your test booklet,” “say your answer,” or “point to the answer.” Refer to Appendix B of this manual for the requirements for administering tests with accommodations.

- For Online Tests: The testing directions may be modified for students who do not enter their answers into TestNav themselves. Such students indicate their answers in a different way (verbally, by pointing) according to the testing accommodations specified in their IEPs, 504 Plans, or EL Assessment Participation Plans. The Examiner then enters the student's answers into TestNav.

  Examiners may modify the testing directions to reflect the accommodation. For example, the direction for using the pointer tool to select the answer may be modified to “point to the answer” or “say your answer.” The directions pertaining to navigation may be modified to “tell me if you want to go back to a previous question” or “point to the bookmark on the screen if you want a question bookmarked for review.” Refer to Appendix B for the requirements for administering tests with accommodations.

- Paper Audio Tests: Students should be familiar with operating the audio equipment for the CD prior to testing. **NOTE:** Audio format (CD) is not available for the paper Grades 3–8 Reading and Mathematics, Growth and SOL tests, EOC Reading (2017 SOL), EOC Mathematics (2016 SOL), Virginia Studies, Civics and Economics, VA & US History (2015 SOL, and the short-paper component (prompt) of the Writing tests. Students who usually receive the audio form must be provided a read-aloud administration.

- Online Audio Tests: Students should have had practice using the audio control box or audio tools by practicing on the appropriate audio practice test (refer to Section 4.4.1).

- Online read-aloud tests (not including CAT): Students who require the read-aloud accommodation must be placed in a read-aloud test session when creating the test session in PearsonAccessnext®. All the students assigned to a read-aloud session will receive the same test form. Examiners who will be reading the test aloud to the students in the read-aloud session will be given access to an online test to be viewed on the Examiner's workstation only, through the use of a Proctor Testing Ticket. Access to the test is being provided to allow the Examiner to read the questions and answer options to the student(s) on a computer monitor that is not part of a student's workstation.

- Read-Aloud for CAT Items: Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the items selected are customized for each student, an Examiner/Proctor test cannot be created on a separate workstation. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the Read-Aloud test guidelines in Reading of Test Items Aloud—Information for all Assessments and Read-Aloud Guidelines for Computer Adaptive Tests (CAT), located in Appendix B.

- Interpreting/Transliterating CAT Items: Because the selection of items is customized for each student, an Interpreter’s/Transliterator’s copy of the test cannot be created on a separate workstation. If the student requires interpretation/transliteration services on a Computer Adaptive Test follow the interpreting/transliterating guidelines in Interpreting/Transliterating Test Items (e.g., sign language, cued speech)—Information for ALL Assessments and Interpreting/Transliterating Computer Adaptive Test (CAT) Items located in Appendix B.

- Mixed Group Testing: Students taking the test with the audio accommodation (using headphones) may be tested in the same room as students taking the test without the audio accommodation. Examiners must follow the directions provided in the Examiner's Manuals.
Students administered a read-aloud test (an Examiner reads the test to the student) must be tested in a "read-aloud only" test room.

- **Braille Tests:** Examiners/Proctors responsible for monitoring students using braille tests should be familiar with the Braille Notes and Transcriber's Notes included in the Examiner’s Copy of the braille test. The Braille Notes list the differences between the braille test form and the corresponding Examiner’s Copy and are intended to help the Examiner answer any questions that a student may have regarding reading and interpreting items in the braille form. Transcriber's Notes provide information to the (braille) reader that is not readily apparent by reading the test item’s text alone. If a student has a question pertaining to the Transcriber’s Notes on their test, the Examiner can consult the Examiner’s Copy for assistance. Refer to Appendix B in this manual for the braille formats available for each test content area.

- **Large-Print Tests:** Examiners/Proctors responsible for monitoring students using large-print tests should be aware of font size variations that may appear on a student's test.
  
  - For all test item questions (stem) and answer options the font type is Tahoma and font size is 20 point.
  
  - All text, including, numbers, variables, labels and captions on graphs, pictures, diagrams, maps, charts, coordinate planes, equations, exponential numbers and letters, subscripts and superscripts, notes, and footnotes, are presented in 18–20 point type. Due to the complexity of graphics in some test items, some text embedded within graphics may be enlarged proportionally to the graphic rather than enlarged to 20 point in order to lessen the impact of reformatting the test items. The Special Forms Committee provides recommendations for items of this nature on an item-by-item basis.

- **Temporary Conditions:** Special test accommodations may be provided to students with a documented temporary condition, such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student’s school/division file. The STC should coordinate with the Examiner on how accommodations will be provided during the testing session. Refer to Section 6.2.2 for PearsonAccess™ coding assistance.

### 4.15 Testing Condition Adjustments Available During Testing

#### 4.15.1 Testing Condition Adjustments Available to All Students

The following adjustments to the conditions under which a Growth Assessment or SOL test may be administered are available to any student as needed. Refer to Appendix D of this manual for further information.

- group size
- environmental modifications
- large diameter pencil, pencil grip
- assistance with directions
- student reads their own test out loud
- student requires a health management device
- student requires hearing aids with Internet-enabled device
4.15.2 Health Management Device

The Health Management Device Form must be completed for each student with a documented health need who requires the use of a health management device (such as a continuous glucose monitor or seizure monitor) during the administration of a Growth or SOL assessment.

The completed form ensures that consideration is given to the type of device needed by the student while also confirming the integrity of the test administration. The DDOT reviews and approves the information on the form. Test Examiners and Proctors should be aware when they have students who require a device during testing and follow the procedures on the form to ensure testing integrity. Examiners/Proctors should direct any questions to the STC or DDOT. The Health Management Device Form is available on the VDOE website at:

www.doe.virginia.gov/testing/participation/index.shtml

4.15.3 Hearing Aids with Internet-Connected Device

The Hearing Aids with Internet-Connected Device Form must be completed for a student who requires hearing aids that must be connected to an Internet-enabled device, such as a smart phone, during the administration of a Growth or SOL Assessment.

The completion of this form ensures that a student has the necessary level of access to an Internet-connected device needed to manage or control the hearing aids during the test session while also confirming the integrity of the test administration. The completed form must be reviewed and approved by the DDOT or designee. The Examiner/Proctor must follow the procedures on the form to ensure test integrity. Examiners/Proctors should direct any questions to the STC or DDOT. The Hearing Aids with Internet-Connected Device Form is available on the VDOE website at:

www.doe.virginia.gov/testing/participation/index.shtml

4.16 Test Tools and Materials

Refer to the following sections for details regarding test tools and materials for the Fall 2022 Test Administrations:

- Section 8.3.2—Growth Assessment Tools and Materials
- Section 9.3—Writing SOL Test Tools and Materials
- Section 10.3—Non-Writing SOL Test Tools and Materials

4.17 Preparing for Paper Testing

Refer to the Supplement to the Virginia Assessment Program Test Implementation Manuals for the specific information regarding the:

- Ordering of paper testing material
- Deliveries of non-secure materials
- Deliveries of secure materials
- Registering of students for testing
- Management of answer documents

4.18 Audits

If your division is selected for an audit, the DDOT will be contacted by the Office of Student Assessment.
5. SPECIFIC DUTIES OF THE DDOT/STC: DURING TESTING

5.1 Maintain a Contingency Plan

Be prepared to coordinate and monitor adjustments in each school’s testing schedule if inclement weather or other unforeseen events threaten or force school closures, network interruption, etc.

☑ If school openings are delayed or early dismissal is possible/likely:

■ Do not begin testing unless you are confident that all scheduled testing sessions can be completed within the anticipated school day.
■ If testing has already begun and school is dismissed during a testing session, the DDOT should contact the student assessment staff of the Office of Student Assessment immediately.
■ If you are unsure whether a scheduled testing session can be completed, the best course of action would be to postpone the session. Students who begin a test and cannot complete it will need to retest with an alternate form. Retesting must be approved by the Office of Student Assessment.

☑ If schools are closed:

■ The DDOT should notify the Office of Student Assessment. Be sure to advise to the best of your knowledge when schools will re-open.
■ If possible, reschedule the test administration within your existing window. If the number of missed days necessitates a change in your testing window, notify the Office of Student Assessment.

If the division has additional questions regarding these procedures, the DDOT should call the Office of Student Assessment.

5.2 Coordinate the School’s Administration of the Paper Assessments

Refer to the Supplement to the Virginia Assessment Program Test Implementation Manuals for the specific information regarding the STC’s coordination of the school’s administration of the paper tests for:

■ Preparing materials for Test Examiners
■ Checking-out test materials

5.2.1 STC conducts check-out of secure Growth and SOL test materials to Examiners

STC ☑ For the paper tests, check out the test booklets to Examiners. You should use the Test Booklets/Prompts Transmittal Form and Affidavit for Examiners/Proctors or the Special Test Forms/Kits Transmittal Form for Examiners/Proctors (located in the Appendix of the Supplement to the Virginia Assessment Program Test Implementation Manuals) to assist with the distribution and collection of test booklets from the Examiners.

☑ Review a sample of the Assembly ID Sheet (located in the Appendix of the Supplement to the Virginia Assessment Program Test Implementation Manuals) that will be included in the packages of test booklets. An Assembly ID Sheet shows a unique package number and identifies the form number of the test booklets/prompts contained in that package.
Remind Examiners that upon opening a package, **but before distributing its contents to students**, they must count the number of test booklets/prompts contained in the package and complete the package’s *Assembly ID Sheet*, checking off the applicable statement.

If an Examiner must open more than one package of test booklets/prompts, the *Assembly ID Sheet* in each package must be completed. Examiners must return all *Assembly ID Sheets* to you, along with all test booklets/prompts, immediately after the testing session has concluded.

If necessary, you may break packages of test booklets/prompts in order to distribute them more efficiently to the Examiners. Photocopy the package *Assembly ID Sheet* and write the new quantity of test booklets/prompts on the copy. Each divided set must have an *Assembly ID Sheet*.

Maintain the security of the test booklets/prompts at all times.

Remind Examiners to keep test booklets/prompts in packaging order when distributing to students.

Ensure that each Examiner has the following test materials:

- *Supplement to the Examiner’s Manual* (contains the paper test directions);
- *Examiner’s Manual*;
- Multiple-choice test booklets or prompts;
- Answer documents (separate answer documents are required for *Growth*, *Writing*, and *Non-Writing* tests);
- Supply of scratch paper;
- Supply of No. 2 pencils;
- Appropriate ancillary materials and manipulatives; and
- “TESTING IN PROGRESS: DO NOT DISTURB” sign, if available.

Check out materials needed for recording test sessions, as necessary. You should use the *Examiner’s/Proctor’s Transmittal Form and Affidavit for Recorded/Proctored Test Sessions* (Appendix C).

### 5.2.2 Check-in paper test materials at the end of each testing session

The *Examiner’s Manual* instructs Examiners to return test materials to the STC as soon as the test session is completed or to store the materials until the end of the school day in a secure location that is inaccessible to students.

All test materials must be returned to the STC and checked in no later than the end of the school day.

**STC**

- Ensure that all test materials are returned to you no later than the end of the test administration day.
- When the test materials are returned, verify the receipt of all materials using the information in Section 6.1, “Receive All Testing Materials from Examiners.”
- You should count the test booklets/prompts and initial the *Test Booklets/Prompts Transmittal Form and Affidavit for Examiners/Proctors* or the *Special Test Forms/Kits Transmittal Form for Examiners/Proctors* (located in the Appendix of the *Supplement*
to the Virginia Assessment Program Test Implementation Manual) or another such form documenting the same information as the VDOE form to verify that all test booklets/prompts and answer documents have been returned. Immediately report any missing test booklets/prompts to the DDOT. Missing testing materials must be documented in TIWAS or on the Test Irregularity Form in Appendix E.

☑ Check in materials used for recording test sessions. You should use the Examiner's/Proctor's Transmittal Form and Affidavit for Recorded/Proctored Test Sessions (Appendix C).

☑ Verify that all answer documents have been returned.

5.3 Coordinate the School’s Administration of the Online Assessments

Prior to administering online tests, the DDOT and STCs should refer to PearsonAccess™ Online Support, located at https://support.assessment.pearson.com/x/BYDy, for instructions on how to use PearsonAccess™ with the Virginia Assessment Program.

☑ On the day of testing, distribute all materials necessary to administer the online Growth or SOL assessments.

STC ☑ For each test session, Examiners/Proctors should be provided with the following test materials:

- Examiner's Manual for grade-level and subject area tests;
- Student Testing Tickets/Seal Codes (use the Testing Ticket Transmittal Form and Affidavit for Examiners/Proctors to assist with the distribution and collection of test tickets);
- Proctor Testing Ticket (if read-aloud session) for non-CAT Tests;
- Test session roster (optional);
- “TESTING IN PROGRESS: DO NOT DISTURB” sign, if available;
- Appropriate ancillary materials and manipulatives; and

☑ Check out materials needed for recording test sessions, as necessary. You should use the Examiner's/Proctor's Transmittal Form and Affidavit for Recorded/Proctored Test Sessions (Appendix C).

5.3.1 Monitor online test sessions

STC ☑ Test sessions must only be started on the day of testing. You may view the status of each test session for students through the online system, at the Students in Sessions screen. The Status on the screen is color-coded. After each student's name, the student's real-time test status is indicated based on one of the descriptions in the following chart. Refer to PearsonAccess™ Online Support, located at https://support.assessment.pearson.com/x/BYDy, for directions on Viewing or Maintaining Existing Sessions.
### Student’s Real-Time Test Status

<table>
<thead>
<tr>
<th>Color Codes</th>
<th>Test Status Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Grey (Ready)</strong></td>
<td>The student is ready to sign in to the test once the session is started.</td>
</tr>
<tr>
<td><strong>Green (Active)</strong></td>
<td>The student is currently testing or the test was not successfully exited due to a loss of network connection, loss of power, computer froze, etc.</td>
</tr>
<tr>
<td><strong>Red (Exited)</strong></td>
<td>The student successfully exited from the test or TestNav detected that another application was trying to take control so the Early Warning System exited the student from the test. The student needs to be resumed before logging back into the test.</td>
</tr>
<tr>
<td><strong>Orange (Resumed)</strong></td>
<td>The student was successfully exited from the test and has been authorized to resume the test. The student will return to the same item on the test prior to being exited.</td>
</tr>
<tr>
<td><strong>Orange (Resumed-Upload)</strong></td>
<td>The student was in active status and was not successfully exited from the test due to loss of network connection, loss of power, computer froze, etc. The student was resumed in order to continue testing. Upon sign in, TestNav will search for a Saved Response File.</td>
</tr>
<tr>
<td><strong>Blue (Completed)</strong></td>
<td>The test was submitted successfully.</td>
</tr>
</tbody>
</table>
| **Blue (Marked Complete)** | The test was marked complete and submitted for scoring in PearsonAccessnext.  

**NOTE:** The reason the test was marked complete is visible on the Mark Student Tests Complete screen. |

Be sure to select the browser’s Refresh button frequently while viewing sessions. This button will update the students’ status.

As students begin to sign in and start the test, the student Status will turn green. As students submit their test, the student Status will turn blue. If a student exits TestNav (either inadvertently or intentionally) before completing the test, the student Status will turn red.

- Students may not leave the testing site and subsequently return to finish the test unless their absence from the site is closely monitored to prevent interaction with other students and/or access to educational materials, cell phones, electronic devices, or other unauthorized materials. Refer to Section 5.4.3 for details about student breaks.

- If students are moved to an alternate testing site to complete their tests, their Student Testing Tickets and portable testing devices must be collected by the Examiner or Proctor prior to the move. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, or other electronic devices during the move. Once in the alternate site, return each student’s own materials and resume testing. Be sure that the alternate testing devices (as appropriate) to be used during testing meet the minimum requirements as stated in the TestNav 8 Technology Guidelines: Configuring Your Test Delivery Environment for Virginia, available in PearsonAccessnext at:
IMPORTANT: If students must be moved to an alternate location to complete their tests, the online tests must be Exited prior to moving to the new location. Before the student can sign in (using the same authentic information found on the test ticket) to complete the test, the student’s test must be Resumed in Test Session Management. (See PearsonAccessnext Online Support, located at https://support.assessment.pearson.com/x/BYDy.)

STC

☑ All active online test sessions must be stopped when all students are either in Completed or Marked Complete status. Students in started sessions who are in a status other than Completed or Marked Complete must be locked or moved to a not-started session at the end of the day.

☑ Online read-aloud sessions should never be left in Started status overnight in PearsonAccessnext. All read-aloud tests in Exited status must be moved to a not-started session. New testing tickets must be printed and the session started for the second day of testing.

5.3.2 Early Warning System

The TestNav Early Warning System (EWS) saves the student’s responses to a local, encrypted backup file called a student response file (SRF) when TestNav cannot communicate with the Pearson server. This allows the student to exit the system without losing data.

The Students in Sessions screen contains a Status field that allows an administrator to view when a student is in “Active,” “Exited,” or “Completed” status. However, if a student loses connection to the Internet, TestNav cannot communicate with Students in Sessions. Therefore, the student will remain as “Active” in the Status field.

The Early Warning System automatically displays a notification screen whenever the connection to the testing server is interrupted or when the system detects a potential problem with the designated response file save locations. The first screen displayed will always be one of two “notify” screens that prompt the student to notify the teacher or Test Proctor. (See Notify Screen A and Notify Screen B.)

Notify Screen A—Notify Your Teacher or Test Proctor

Connectivity issues likely caused this error that appears in Screen A. Follow the on-screen instructions to address and fix the issue.
Notify Screen B—Your Test Has Been Saved

Screen B appears if the connection with the testing server was interrupted and TestNav was unable to upload responses to the testing server.

The student’s responses have been saved in the designated response file location, but not all responses could be saved to the testing server.

- If a student receives this error code on a Desktop Operating System:
  - Check to see if the student's machine is connected to the school network by verifying the Ethernet cable is still plugged into the wall and computer.
  - Also, verify if a wireless router has been disconnected or has been accidentally shut off.
  - Click Retry to check whether the connection is restored. If you believe the connection may be restored, click Retry again.
  - If you have clicked Retry and the connection with the testing server is not restored, click Exit Test. When the student closes TestNav, the student remains in Active testing status.
  - After the connection is restored and the student Resumed, the student can sign in. TestNav automatically searches for, and submits, the response file.

- If a student receives this error code on a Mobile Device:
  - Click Retry to check whether the connection is restored. If you believe the connection may be restored, click Retry again.
  - If you have clicked Retry and the connection with the testing server is not restored, click Exit Test. When the student closes TestNav, the student remains in Active testing status.
  - After the connection is restored and the student Resumed, the student can sign in. TestNav automatically searches for, and submits, the response file.
5.3.3 Troubleshooting

Below are frequently encountered scenarios in online testing and suggestions to help resolve the issues:

- **Student requires an audio test but there is no audio:** For the Grades 3–8 Reading and Mathematics Growth assessments, Grades 6–8 Reading and Mathematics SOL tests, EOC Reading (2017 SOL), EOC Mathematics (2016 SOL), Civics & Economics, and VA & US History (2015 SOL) tests, the audio tools will appear on the right side of the student's test screen for both the samples and the test questions.

  For all Science, EOC Reading (2010 SOL) and all History/Social Science (2008 SOL) tests, the audio player will appear on the first question (not the samples).

  For all audio tests, the student must select the Play button for the audio track to play. If an Examiner notices the audio player/tools do not appear, the Examiner should contact the STC immediately and should not permit the student to continue testing.

  The STC or Examiner should verify the form assigned to the student using the Students in Sessions screen in PearsonAccessnext. Scroll down to the student's name and look at the form assigned to the student (in the Form/Form Group Type column).

  The icon 🎧 will appear next to the form number of students assigned an audio test. If the form assigned to the student is not an audio form, the STC or Examiner should have the student EXIT the test but keep the student seated at their workstation and immediately contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can change the student's form to the correct audio form while the student waits in the test room. DO NOT mark the test complete or have the student Submit the test.

  If the audio player/tools appears but no audio can be heard, the Examiner should have the student EXIT the test and wait while school staff check the computer's audio control settings to make sure the computer is not set to MUTE. Be sure the headphones are functioning properly.

- **Student should not have an audio test, but the audio is playing, or the audio player/tools appeared at the first test question or samples:** The Examiner/Proctor should contact the STC immediately. Do not permit the student to continue testing.

  The STC or Examiner should have the student EXIT the test but keep the student seated at their workstation and immediately contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can change the student's form to the correct non-audio form while the student waits in the test room.

- **Shading is not visible on the test questions:** Some test questions refer to the “shaded section” of a map, graph, chart, etc. If the shading is not apparent to the student, the Examiner/Proctor may adjust the contrast setting on the student's monitor until the shading is visible. If this adjustment does not resolve the problem, the Examiner has been instructed to contact the STC.
- The student completed a question but the Next button does not appear (CAT only):
  - The Student may have attempted to answer the question using a “tool” other than the Pointer. The Pointer must be used to:
    1) select multiple-choice answers;
    2) place the cursor in a box in order to type an answer;
    3) plot points on a line, graph, or image;
    4) select one or more answers; or
    5) select and drag answers from one location to another.
  The Examiner/Proctor may remind the student that “The Pointer must be used to answer the question.”
  OR
  - The student may not have met all the requirements of the test question. For example, if a test item requires the student to select and drag 3 items to answer boxes, the Next button will not appear if the student only selects 1 or 2 items into the answer boxes. The Next button will only appear after the student places 3 items into the answer boxes. The Examiner/Proctor may tell the student to “Read the screen carefully.”

- The Review dropdown indicates a question is “Not Answered” when the student is confident he/she answered the question:
  - The Student may have attempted to answer the question using a “tool” other than the Pointer. The Pointer must be used to:
    1) select multiple-choice answers;
    2) place the cursor in a box in order to type an answer;
    3) plot points on a line, graph, or graph;
    4) select one or more answers; or
    5) select and drag answers from one location to another.
  The Examiner/Proctor may remind the student that “The Pointer must be used to answer the question.”
  OR
  - The student may not have met all the requirements of the test question. For example, if a test item requires the student to select and drag 3 items to answer boxes, the Review dropdown will show that question as “Not Answered” if the student only selects 1 or 2 items. The Examiner/Proctor may tell the student to “Read the screen carefully.”

- Student is trying to use the Answer Eliminator tool on a Technology Enhanced Item (TEI) question and it is not working: Refer to Appendix G for online tool descriptions. The Examiner/Proctor may tell the student that the Answer Eliminator tool functions with multiple-choice questions and certain TEI items; it does not function on all TEI questions.

- Student has difficulty entering a specific symbol or character into a TEI answer box: If the student asks the Examiner/Proctor which key to use for a specific symbol or character, the Examiner/Proctor may tell the student which keys to press and may
point to the keys. For example, the student asks the Examiner, “How do I make a minus sign?” The Examiner may say, “Use the hyphen key.” Other examples include:

To make a colon, “Hold the shift key down and then press the colon key.”
To make a fraction, “Use the forward slash key.”
To make a plus sign, “Hold the shift key down and then press the plus key.”
To make a decimal, “Use the period.”

The Examiner/Proctor may only respond to the student’s request for “how” to enter a specific symbol. The Examiner/Proctor may not prompt the student to enter a specific symbol or tell a student what symbol is needed in the answer to a specific question.

- **Student cannot enter a specific “character” into a TEI answer box:** The Examiner/Proctor should look to see if the “Caps Lock” key is active on the student’s keyboard. If it is, the Examiner/Proctor may tell the student, “Try pressing the ‘Caps Lock’ key on your keyboard.”

    If the student is still having difficulty, the Examiner/Proctor may re-read the testing directions from the *Examiner’s Manual* verbatim to the student, “Make sure the Caps Lock key is not on if you are trying to enter a lowercase letter in the answer box. If you select a letter, number, or symbol that cannot be used in your answer, a message will appear on the screen that states, ‘You cannot use that character.’”

    If the student is still having difficulty, it may be that the student misunderstands the question or does not know how to resolve the question. In these cases the Examiner/Proctor may only say, “Read the question carefully.”

- **The student submitted the test prematurely (non-CAT only):** If the student accidentally submitted the test, wants to return to it, and has not left the secure test room, the Examiner/Proctor should contact the STC immediately. The STC or Examiner should have the student remain in the test room seated at their workstation and immediately contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can “unsubmit” the student’s test so the student can log back into the test.

- **This message is displayed on the student’s workstation, “Are you still there? This test will be exited in 30 seconds if no activity is detected.”:** This message is indicating that the student has been inactive for nearly two hours. To reset the inactivity timer, the student should move the mouse, press a key, or touch the screen (on touch screen devices).

- **The student’s test is Exited and the workstation is showing Error 3124.** The student’s test was automatically Exited by TestNav after at least two hours of inactivity. The message for Error 3124 states, “TestNav has closed the test session due to inactivity. To continue testing, ask your proctor to resume your test, and sign in again.” To enable the student to continue with the test, the STC must Resume the student’s test in PearsonAccess”; then the student can sign in with the Student Testing Ticket.
The student was attempting to Exit or Submit the test, but an error message, “Message 1008,” appeared with a Retry and an Exit Test button and a message that “The testing server cannot be reached. All responses have been saved on this computer.”

This message appears when connectivity between the student’s testing device and the Pearson testing server has been interrupted. As the message indicates, the student responses have been saved locally (e.g., to a local drive or network drive) so that they can be uploaded to the Pearson server when connectivity has been restored.

The Examiner should notify the STC immediately. Generally, if the message appears:

- on a single or a few workstations, the workstation connectivity should be checked to ensure the device(s) can communicate to the Pearson server.
- throughout the school or division, the local network and connectivity to the Internet should be checked to ensure the testing devices can communicate to the Pearson server.
- divisionwide, it may be due to a problem at Pearson or with TestNav.

If the student has completed the test and the message appeared when the student tried to Submit the test:

- Have the student select the Retry button after a short time (about a minute). If connectivity is restored, the test will Submit.
- If the message remains, make a note of the exact testing device the student was using and select the Exit Test button.
  - The student(s) may now be sent back to class. It is not necessary to hold students in the classroom until connectivity is restored.
  - The STC must notify the DDOT, who must notify VDOE. VDOE will provide directions for submitting the students’ tests once connectivity is restored.
If the student has not completed the test and the message appeared when the student tried to Exit the test:

- Connectivity must be restored before the student can continue testing.
- Select the Retry button after a short time (about a minute). If connectivity is restored, the test will Exit.
- If the message remains, the STC should notify the DDOT. The DDOT may need to contact VDOE for next steps.

**Student was testing and an error message, “Message 1009,” appeared with a Retry and an Exit Test button and a message that “The testing server cannot be reached. Any un-sent responses have been saved on this computer.”**

This message appears when some portion of the online test cannot be downloaded to the student’s testing device because connectivity between the student’s device and the Pearson testing server has been interrupted. The student responses have been saved locally (e.g., to a local drive or network drive), but the student cannot continue testing at the moment because some part of the online test cannot be displayed on the device.

The Examiner should notify the STC immediately. Generally, if the message appears:

- on a single or a few testing devices, the device connectivity should be checked to ensure the device(s) can communicate to the Pearson server.
- throughout the school or division, the local network and connectivity to the Internet should be checked to ensure the workstations can communicate to the Pearson server.
- divisionwide, it may be due to a problem at Pearson or with TestNav.

Because the workstation displaying “Message 1009” cannot communicate with the Pearson server, TestNav must be closed on the device until connectivity is restored. To proceed:

- Select the Exit Test button and make a note of the exact testing device the student was using.
- If possible, to avoid having to retest the student, maintain secure test conditions among the students while connectivity is being restored. Consult with your STC regarding how long you should wait for connectivity to be restored before discontinuing the testing session.
• Once connectivity is restored to the student’s testing device, the STC must Resume
the student’s test in PearsonAccess™ before the student can sign in to the test
again.

• The STC should notify the DDOT. The DDOT may need to contact VDOE for next
steps.

Please refer to the link below for a list of Error Codes and information and instructions to
address and fix the error.

https://support.assessment.pearson.com/display/TN/Error+Codes

5.4 During Test Administration

5.4.1 Monitoring the test administration

DDOT  ☑ Ensure that all secure materials are being handled properly by both STCs and
Examiners. Be available to STCs for questions and problem resolution during the
test administration.

STC  ☑ Monitor the administration of testing in the school.

☑ Be actively involved in test administration by carefully supervising the procedures

☑ Be available to answer questions and resolve problems as they arise.

DDOT/STC The DDOT and STC must be aware of the following requirements for Examiners and
Proctors to observe while monitoring the students during testing.

☑ Upon entering the testing room and monitoring. Once students and the test
Examiner/Proctor enter the testing room, all instruction and/or review of the content
covered by the test or discussion of testing strategies must stop. During the test
administration, Examiners/Proctors must monitor the testing process by moving as
unobtrusively as possible about the room. Examiners/Proctors must not engage in
other activities that would interfere with monitoring. Such activities include, but are
not limited to, reading, grading papers, using electronic devices, etc. Students may
not be left unattended for any length of time.

☑ Student access to unauthorized materials. Examiners/Proctors should ensure
that students are working independently and do not have access to unauthorized
materials, cell phones, or any other electronic devices in the testing room while any
students are testing. Immediately notify the STC if a student accessed or had access
to a cell phone, electronic device, or other unauthorized material that could provide
an unfair advantage while any students were testing. If the student is testing at the
time of the discovery of the cell phone, electronic device, or unauthorized
material, the student must not be permitted to continue testing. The test must
be placed in Exited status and moved to an irregularity session. The STC must
notify the DDOT immediately if test security may be compromised. The
STC must submit an irregularity to the DDOT providing the details about the incident.
The student may not retest until the division receives a response to the irregularity
from the Office of Student Assessment.

☑ Cheating. Examiners/Proctors must immediately notify the STC if a student is found
cheating on the test. If the student is testing at the time of the discovery of
cheating, the student must not be permitted to continue testing. The test must
be placed in Exited status and moved to an irregularity session. The STC must
notify the DDOT immediately if test security may be compromised. For both Growth and SOL tests, the STC must submit an irregularity to the DDOT providing the details about the incident. If the school division makes the determination that a student cheated, the student is not eligible for a retest during the current administration. For SOL tests, the STC/DDOT must invalidate the test and the student will receive a score of “0.” The student's test record will note the student cheated on the test. For Growth Assessments, VDOE will exclude the test from reporting.

☑ Examiner/Proctor providing help. Help must not be given on test items. Examples of prohibited help include, but are not limited to: pronouncing words, rewording the question, providing hints and clues, giving reminders, eliminating or changing answer options, giving verbal indications or non-verbal cues about the correctness of a student's answer. Examiners/Proctors must not direct or remind students to use any specific method or strategy during testing. Test questions or portions of the question may not be read to students unless specified by their IEPs, 504 Plans, or EL Assessment Participation Plans. If, after testing is complete, a student asks to discuss a question, the Examiner, Proctor, or teacher should remind the student that the test questions cannot be discussed.

☑ Examiner/Proctor reviewing test items. Before, during, or after testing, Examiners/Proctors must not spend time reading any test items, creating any type of answer key to the test items, grading student responses, copying test items or portions of test items, taking notes about test items, recording student responses to test items, or discussing test items with anyone. (Examiners/Proctors may report a problem with a test item to their STC. See Section 5.4.6.) Refer to the School Division Personnel Test Security Agreement in Appendix A.

☑ Students leaving the testing room during the test. Students may not leave the testing site and subsequently return to finish the test unless they are closely monitored. Students may not discuss the test or any test items with anyone. Students must not be allowed to interact with each other or any other students in any way, or have access to any educational materials, cell phones, electronic devices, or other unauthorized materials. Each test is to be completed in one school day. Refer to Section 5.4.3 for details about student breaks.

☑ Students moving to an alternate test room. If students are moved to an alternate testing site to complete their tests, their testing materials must be collected by the Examiner or Proctor prior to the move. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, electronic devices, or other unauthorized materials during the move. Once in the alternate site, return each student's own materials and resume testing.

☑ Prompting. Examiners/Proctors must not prompt the student to go back to any specific questions such as any marked answered, not answered, or flagged with a bookmark. If an Examiner/Proctor notices the student left questions not answered or flagged with a bookmark, the Examiner/Proctor may only tell the student, “Read the screen carefully.”

☑ Examiner/Proctor navigating a student's test. Examiners/Proctors for online tests must not navigate any portion of the online test for the student. This includes, but is not limited to: moving between questions; moving from the Review dropdown screen
to questions marked answered, not answered, or flagged with a bookmark; exiting or submitting the test.

If a student needs assistance navigating the online test, the Examiner/Proctor may provide directions to the student, such as:

“To move to the next question, select the Right Arrow.”
“To go back to previous question, select the Left Arrow.”
“To go back to a question from the Review dropdown, select the question’s number.”
“To submit your test, select the Submit Final Answers button.”

✔ Assistance with the zoom feature. If a student needs assistance zooming in or out or returning the screen to the default screen size for a test, the Examiner/Proctor may provide directions to the student:

On a PC or Chromebook:
“To zoom in, press the CTRL and + keys at the same time.”
“To zoom out, press the CTRL and – keys at the same time.”
“To return to the default screen size, press the CTRL and 0 keys at the same time.”

On a Mac:
“To zoom in, press the CMD and + keys at the same time.”
“To zoom out, press the CMD and – keys at the same time.”
“To return to the default screen size, press the CMD and 0 keys at the same time.”

On a touch screen device:
“To zoom in, touch two points on the screen, and then move your fingers away from each other.”
“To zoom out, touch two points on the screen, and then move your fingers toward each other.”

✔ Student Inactivity. If the Examiner/Proctor observes an inactive student during testing, the Examiner/Proctor may ask the student, “Are you finished with your test?” If the student responds “No,” then the Examiner/Proctor may say, “You need to continue working on your test.” If the student responds, “Yes,” then the Examiner/Proctor should direct the student through the Submit process. After two hours of inactivity, TestNav will automatically Exit the student’s test. The Examiner must contact the STC to Resume the student’s test. Refer to the Troubleshooting, Section 5.3.3, for details.

✔ Answer document monitoring. Examiners/Proctors for paper testing should check that students are only using a No. 2 Pencil to mark the answer document.

✔ Circling in the test booklet. Examiners/Proctors for paper testing must not direct students to circle answer choices in their test booklets first and then transfer their answers to their answer documents. Examiners/Proctors may withhold answer documents only from students with the mark-in-test-booklet accommodation and direct the students to circle their answers in their test booklets. After testing, Examiners/Proctors, not the students, must then transcribe the circled answers to the students’ answer documents.
Paper tests answer selection. If during a paper test a student needs assistance with the mechanics of selecting a response, the Examiner/Proctor may provide directions to the student, such as: “Fill in the circle on your answer document for the letter you have chosen.”

Paper test prompting. Examiners/Proctors for paper tests must not prompt the student to go back to any specific questions, such as any left not answered or questions multiple-marked.

If an Examiner/Proctor notices the student left any questions not answered or multiple-marked, the Examiner/Proctor may only tell the student, “Review your answer document carefully.”

Collected answer document. Once the student’s answer document has been collected it may not be returned to the student.

5.4.2 Answering student questions

Below are some frequently asked student questions and guidance on how to answer them.

Questions about test items. If a student asks a question about a test item during the test, the student should be told, “Read it carefully and choose the best answer.” Help must not be given on specific test items and no clues should be given about the correctness of a student’s answer to a particular item. If in doubt, it is better to say that you cannot respond to the student’s question rather than risk violating standard procedures. Test questions may not be read to students unless specified by their IEPs, 504 Plans, or EL Assessment Participation Plans. If, after testing is complete, a student asks to discuss a question, the Examiner, Proctor, or teacher should remind the student that the test questions cannot be discussed.

Questions about mechanics/navigating. Examiners or Proctors may answer students’ questions about the mechanics of testing, such as how to navigate to the next question, previous question, Review dropdown, and End Test screen. Unless specified as an accommodation, the Examiner/Proctor must not navigate the test for the student.

Assistance with TestNav Tools. If the student requests a description or the function of a tool, the Examiner/Proctor may read the specific tool’s description from the test tools tables provided in the Examiner’s Manual.

Assistance with the audio control box or audio tools for audio tests. If a student requests assistance with the operation of the audio control box or audio tools, the Examiner/Proctor may read from the tables in the Examiner’s Manual to provide the tool’s function and operation to the student. (In this manual, refer to the Audio Control Box and Audio Tools tables in Appendix G.)

5.4.3 Allowing student breaks during testing

All VAP assessments are untimed, and ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. To minimize interruptions during testing, make sure that all students have had an opportunity to visit the restroom and to get a drink of water before beginning the testing session. A break is permissible for any student who requires one during testing. Students who are still testing by lunch time may be given a lunch break. All breaks must be supervised, and test security must be maintained at all times during the break. The student must not be allowed to discuss the test or course content in any way with anyone. The student must not have access to any educational...
materials, cell phones, electronic devices, or other unauthorized materials during the break, and must not disrupt other students who are continuing to test. The student's test materials must not be accessible or viewable to other students. Student breaks must not be planned unless the accommodation is stipulated in the student's IEP, 504 Plan, or EL Assessment Participation Plan.

5.4.4 Identifying and resolving testing irregularities

A testing irregularity is any occurrence during a test administration that meets one or more of the following criteria:

- inappropriately influences student performance
- inappropriately influences the reporting of student performance
- constitutes a breach in test security
- results in the improper implementation of mandatory student testing

Examiners are directed to report any testing irregularity to the designated STC immediately, and STCs are directed to report testing irregularities to the DDOT within 24 hours of their occurrence. While some irregularities may be resolved locally by the DDOT, most irregularities are forwarded within 24 hours by the DDOT to the Office of Student Assessment for review and guidance.

DDOTs are required to report certain irregularities to the Office of Student Assessment. All situations that involve the retesting of students, compromised testing procedures or policies, or student test record exclusions must be reported to the Office of Student Assessment. In some cases testing irregularities are reported to the Office of Student Assessment by concerned individuals, some of whom wish to remain anonymous, through means other than the normal reporting structure.

Examples of testing irregularities include, but are not limited to:

- while testing, a student becomes ill or leaves the testing room unescorted;
- during testing, a student accesses or has access to a cell phone or other electronic device, notes, study guide, etc.;
- during testing, a student is observed cheating;
- while testing, students are interrupted by PA announcements, alarm system, or drills;
- an Examiner, Proctor, or teacher, or other person provides improper assistance to a student;
- anyone who has not signed the School Personnel Test Security Agreement enters the testing room while secure test materials are exposed;
- testing accommodations specified in a student's IEP, 504 Plan, or EL Assessment Participation Plan are not provided;
- a student is provided an accommodation that is not specified in her/his IEP, 504 Plan, or EL Assessment Participation Plan;
- a student is provided an inappropriate manipulative for the test;
- a student's test booklet/prompts or used answer document is missing; and
- any unused/unassigned test ticket or test booklet/prompts is missing.

☐ All testing irregularities must be reported using the Testing Irregularities Web Application System (TIWAS) and as directed by the DDOT. The User’s Guide for the Testing
Irregularities Web Application System (TIWAS) will provide step-by-step instructions for accessing TIWAS to report the division’s testing irregularities. The User’s Guide is located at:

www.doe.virginia.gov/testing/test_administration/testing_irregularities/user_guide.pdf

This website also has information for training purposes, including a PowerPoint presentation that provides an overview of the system.

☑ TIWAS can be accessed through the Single Sign-on for Web Systems (SSWS) provided by the Virginia Department of Education. The Web address for SSWS is as follows:

https://p1pe.doe.virginia.gov/ssws/login.page.do

☑ Access to TIWAS must be given to the DDOT, STC, and any other appropriate personnel by the Account Manager in your division for the SSWS as directed by the DDOT. You may already have access to the SSWS for other applications and will need the Account Manager to add Testing Irregularities as an available application.

☑ DDOTs may have the STCs enter irregularities directly into TIWAS or may have them document incident(s) on the Test Irregularity Form in Appendix E. All testing irregularities should be submitted to the DDOT within 24 hours of occurrence.

☑ If irregularities are reported to the DDOT on the Test Irregularity Form, the DDOT or designee will be responsible for entering them into TIWAS.

☑ Once the irregularity is submitted to VDOE, VDOE will return a response to the DDOT via TIWAS within 24–48 hours after receiving the irregularity. Before any division staff attempt to resolve the irregularity, they must wait for the guidance from VDOE. Division staff must follow the directions provided by VDOE to resolve the irregularity. If a response is not received within 48 hours, please call assessment staff to ensure the irregularity was received.

5.4.5 Setting up irregularity sessions for online testing

DDOT ☑ Irregularity sessions may be created before online testing begins for each subject, not group (for example, Algebra I irregularities), at each school. If a student is unable to complete their test after he/she begins, have the student Exit from TestNav. Do not have the student select the Submit button; this will submit their test for scoring.

DDOT ☑ Once the student has exited TestNav, move that student in the online system from that session to the Irregularity session.

NOTE: The Irregularity session should never be started, nor should Student Testing Tickets ever be generated until directed to do so by the Office of Student Assessment.

5.4.6 Reporting problems/errors on the assessments

If during a testing session, a student reports that a test question and/or answer choice contains an error, the Examiner or Proctor has been instructed to record the name of the student, subject area, test level, question number, and a brief statement describing the student’s concern. However, under no circumstances are Examiners/Proctors to write down the test question or answer or discuss it with the student or with other staff members. The student should be told that the concerns will be reported. The student may continue with the test, and the Examiner/Proctor may tell the student to “Read the question carefully and
choose the best answer.” The Examiner/Proctor is to notify the STC of the student’s concern, and the STC will, in turn, contact the DDOT. The STC should provide the form number the student used in the report to the DDOT. Do not communicate information related to the test questions and/or answer choices through electronic mail or in any other manner that will jeopardize the security of the test item.

☑ Only the DDOT should notify the Office of Student Assessment of any reported errors or concerns by phone or the Single Sign-on for Web Systems (SSWS). If using the SSWS to report an error on a secure test item, upload the file via the “Dropbox” application to the Virginia Department of Education, Receiver: Monroe, Jane.

NOTE: Please do not use the Test Irregularities Web Application System (TIWAS) to submit student reported errors of test items.

☑ The Office of Student Assessment will investigate the problem and provide a follow-up report to the DDOT.

☑ Provide directions to Examiners and Proctors regarding proper responses to student questions about test items. For example, if a student says, “I don’t understand this item,” the Examiner should respond, “I can’t discuss the items with you.” If, after testing is complete, a student asks to discuss a test question, the Examiner, Proctor, or teacher should remind the student that test questions cannot be discussed. Refer to Section 5.4.2 for guidance.

5.4.7 Marking SOL Tests Complete guidelines

Grades 3–8 Reading/Mathematics Growth Assessments: NOTE: The guidelines in this section do not pertain to Growth Assessments. Refer to Section 5.4.9 for details regarding students not assessed and incomplete Growth tests.

Students completing classes in the Fall semester requiring an SOL test must be accounted for via an online test or a paper answer (for paper SOL tests only) document. This includes students who were not tested because:

■ they were exempt due to EL status as specified in the EL Assessment Participation Plan;
■ they were absent during the entire test window;
■ their parent/guardian refused to permit the student to test;
■ they refused or were disruptive;
■ they cheated; or
■ they were involved in a medical emergency and unable to return during the test window to take the test.

☑ To account for a student using PearsonAccessext, an online test record may be submitted by selecting the Mark Test Complete button and selecting the testing status reason from the dropdown in PearsonAccessext.

Refer to PearsonAccessext Online Support, located at https://support.assessment.pearson.com/x/BYDy, for more information on marking a test complete.

☑ Students who are retesters (students who have passed the course but failed the SOL) or are enrolled in a remediation program do not have to be accounted for if they are not tested.
Because absent students are to be afforded an opportunity for make-ups, **do not mark an absent student’s test complete until the end of your testing window.** Only the DDOT or STC has authorization to mark a test complete and assign a testing status.

Follow established guidelines regarding the Mark Test Complete functionality. The guidelines are explained in terms of non-test irregularity and test irregularity situations. In the case of test irregularities, follow the procedures in Section 5.4.7.2 before marking a test complete. Once a test is in “Stopped” status, an alternate form cannot be assigned.

*IMPORTANT:* If a student has already logged into the test, it is always better to have the student **EXIT** the test if it cannot be completed. Students in an Active, Exited, or Resume status will not be accounted for in the online system. In addition, an alternate form can be assigned for an Active, Exited, or Resume status if needed.

### 5.4.7.1 Marking an SOL test complete for non-test irregularity situations

**DDOT**

- There are some situations **not involving a test irregularity** in which students were not tested but must be in Completed status. These students must have a testing status code. More information about assigning testing status codes may be found in Section 6.2.1, “Testing Status.” Status codes are not assigned to students who are designated as retesters for verified credit and who do not test.

### 5.4.7.2 Marking a test complete for SOL online test irregularity situations

**DDOT**

- In the event of a test irregularity, you will receive specific instructions about how to handle the student record. **Before marking a test complete, please wait for a response from VDOE regarding resolution for the irregularity.** You can move the student (if in Exited or Resumed status) to a non-started test session in order to stop the current session by the end of the day.

- When the student is authorized to take the alternate form online, the DDOT will receive specific directions regarding the method in which the alternate form is to be delivered. An alternate form can only be assigned by the DDOT via the online system. Refer to PearsonAccess online Support, located at [https://support.assessment.pearson.com/x/BYDy](https://support.assessment.pearson.com/x/BYDy), for more information on marking a test complete.

- In general, the following irregularities may require a test to be marked complete.

  - If a student is found to have cheated on an online SOL test either before or after logging into the test, mark the test complete and assign Testing Status “07—Student Cheated.”
  
  - If a student is found to be disruptive or refuses to take/finish an online SOL test either before or after logging into the test, mark the test complete and assign Testing Status “50—Refusal/Disruptive.”

Do not mark the test complete until it is known that the student will not be returning to take an alternate form of the test during the division’s test window.
5.4.8 Struggling EL students on Grades 3–8 Reading SOL tests

Testing may be discontinued after an EL student has had sufficient time to answer items on the Reading SOL test and indicates that they are unable to complete any more items. Refer to Section 5.4.9 for guidance with the Growth Assessments.

- When the Examiner encounters this situation, the Examiner is instructed to have the student Sign out of TestNav. The student’s test will appear in Exited status. The STC/DDOT must mark this test complete and select “no testing status” on the testing status dropdown menu. If this test is then alerted, the student answered fewer than five questions, and an irregularity must be submitted to VDOE. If the student answered five or more questions, the test will not alert and will be scored as is.

5.4.9 Growth Assessments: Students not assessed and incomplete tests

Online Growth Assessments: Students who are not tested are not to be marked complete with a testing status. Remove these students from the session. No growth data will be collected. For any Growth Assessment in which a student started but did not complete the test, the STC should place the test in Exited or Resumed status and move the test to a not-started, Irregularity session. The STC must submit an irregularity to the DDOT for the incomplete tests. The DDOT submits the irregularity to VDOE via TIWAS. Office of Student Assessment staff will resolve the irregularity.

Paper Growth Assessments: Students who are not assessed, or who do not complete the test with more than three questions left blank, not including the samples, are not to be accounted for. Do not submit either a paper test or an online test with a testing status. No growth data will be collected. Students who do not complete the test with three or fewer questions left blank, not including the samples, should have their tests submitted to Pearson for scoring.

5.5 Make-Up Testing Sessions

STC

☐ All students who are absent or miss a Growth or SOL regular test session (paper or online) must be provided with an opportunity to take, on a make-up basis, the test(s) they missed.

☐ Verify the local testing window for make-up testing sessions with the DDOT.

☐ All make-up sessions must be completed in time to submit materials to meet the local deadlines set by the DDOT.

☐ Schedule make-up sessions as necessary and secure appropriate numbers of Examiners and Proctors for these sessions.

☐ Contact the DDOT if additional testing materials are needed for make-up testing sessions.

☐ After make-up sessions have been completed, submit the answer document of each student who has taken a make-up test with the answer documents used by students in her/his regular classroom.

5.5.1 Paper test make-up sessions

☐ All paper make-up sessions must be completed in time for the DDOT to ship all answer documents to Pearson no later than by the last day of the division’s test window.

☐ Growth, Non-Writing, and multiple-choice component of Writing tests paper make-up sessions: Students will use a test booklet from the school’s original order of main materials. However, for SOL test irregularities that require retesting using
the alternate multiple-choice form as directed by the Office of Student Assessment, you must request the alternate forms from your DDOT.

- **Short-paper component of the Writing test make up sessions:** Students will not write to the main prompt assigned to their division. Instead, students taking the make-up short-paper component will write to the alternate prompt assigned to the division. Refer to Table 13 in Section 9 for additional information.

- **Term graduate Multiple-choice or short-paper component of the Writing test make-up sessions:** Term Graduates will make up the component of the test they missed using the original multiple-choice test booklet or prompt that was assigned on the day they were absent. Refer to the notes for Table 14 in Section 9 for additional information.

- After make-up sessions have been completed, bundle the SOL answer document of each student who has taken a make-up test with the answer documents used by students in the regular classroom.

- At the close of the last testing session, Examiners are instructed to inspect the students’ answer documents, verify the testing materials, as directed by the STC, and organize and return all test materials to the STC. For detailed information, refer to the Supplement to the Examiner’s Manual.

### 5.5.2 Online test make-up sessions

**ONLINE**

- For make-up sessions, students will take the same test form taken by other students on the regular testing date(s).

- Students who are absent on the day of testing must either be moved from the testing session and placed in a make-up session or their test must be locked at the end of the day. Students in started sessions who are in a status other than Completed or Marked Complete must be locked at the end of the day.

### 5.6 Term Graduate Testing

- For the Fall 2022 Writing Test Administration, a Term Graduate is defined as a student who is scheduled to graduate by August 31, 2023, and who needs a verified credit in writing in order to graduate.

- For the Fall 2022 Non-Writing Test Administration, a Term Graduate is defined as a student who is scheduled to graduate by the end of first semester, and who needs one or more verified credits in non-writing content areas in order to graduate.

- Term Graduates will take designated Term Graduate Form Group Type Context forms.

- **Assigning forms for online testing:** Staff creating test sessions in PearsonAccessNext for Term Graduates must select the Term Graduate Form Group Type Context, and then select the appropriate “attempt” from the drop-down menu in order to ensure previously equated forms are used for Term Graduate testing.

**NOTE:** Students who are Term Graduates and taking Writing tests only get two test opportunities. Refer to the Writing test schedule for the dates of the two online Writing Term Graduate test windows.

- **Assigning forms for paper testing:** Refer to the Term Graduate Forms Matrix provided to the DDOT from Pearson when determining the correct Term Graduate form. The Term Graduate first opportunity assigned should be the Regular/Read Aloud, Regular Audio, Large
Print, or Braille First Attempt form. If a failing score is received back from Pearson, the DDOT may order the Second Attempt form listed on the forms matrix for the student's second attempt. If needed, the Third Attempt or Fourth Attempt opportunity may be given (if forms are available), after remediation.

NOTE: Students who are Term Graduates and taking Writing tests must take both attempts back to back without receiving a score between attempts. For details on Term Graduate Writing test details, refer to Section 9.

5.7 Expedited Retake Testing

The Expedited Retake test is an optional opportunity for students to retake a failed SOL Non-Writing test during the same administration. NOTE: Students participating in the Growth Assessments and Writing tests will not participate in any Expedited Retake testing.

- The DDOT or STC should schedule Expedited Retake test sessions within three weeks of the initial test's score reporting, but no later than the last day of the state test window (refer to the schedule in the front of this manual).
- Expedited retake tests should be coded as retest in PearsonAccessnext; refer to Section 5.7.5 for details.
- Divisions are urged to offer remediation to students before the expedited retake attempt; however, expedited retake tests for students in grades 9–12 do not qualify for the Recovery code.

Follow the guidance in Sections 5.7.1 and 5.7.2 to determine the eligibility of students for an Expedited Retake.

5.7.1 Eligibility for expedited retakes of Grades 3–8 and EOC SOL Non-Writing tests administered to meet Federal Accountability requirements only.

The student must have a passing grade in the class associated with the test and one of the following:

- The student failed the test by a narrow margin as defined as a scaled score of 375–399 or
- The student failed the test with a scaled score below 375 and
  - had a documented extenuating circumstance that prevented him/her from performing at the expected level and/or
  - there was a significant discrepancy between the student's SOL test score and their typical academic performance

Extenuating Circumstance

An extenuating circumstance is defined as an unusual and uncontrollable event that negatively impacted a student's test performance. Examples of extenuating circumstances may include, but are not limited to, the recent death of a family member, friend, or pet; a traumatic home situation, or other significant personal distress or disruption that does not qualify for irregularity retesting. Generally, school staff identify such situations before the student begins testing so that the testing session may be rescheduled. However, there are incidences where the circumstances affecting the student are not known until after testing has begun.
**Significant Achievement Discrepancy**

Evidence that the SOL test score is significantly lower than expected based on the student's typical level of achievement may be used to justify retesting. Data used to establish the student's typical performance may include previous SOL test data in the same content area or evidence of the student's current academic achievement.

**Required Documentation**

School divisions will maintain documentation of the unusual circumstances experienced for each student retested under the extenuating circumstances provision and evidence of the student's typical academic achievement for those retesting under the significant achievement discrepancy provision. Documentation will be subject to periodic review by Department staff on behalf of the Board. Information gathered during the reviews will be used to provide technical assistance to school divisions and may be shared in summary form with the Board.

**Parental Permission**

Prior to any expedited retake for students who have failed an SOL test for grades 3–8, school divisions shall obtain and thereafter maintain documentation annually of affirmative parental consent and permission for their child to take an expedited retake. Parents of eligible students shall be notified:

- of the opportunity to retake the test(s);
- that the decision not to retake any or all of the test(s) will not impact their child's grade or academic record; and
- of the opt-in requirement.

**5.7.2 Eligibility for expedited retakes for EOC SOL Non-Writing tests needed for Verified Credits**

The following criteria shall be used in determining the eligibility of students for an expedited retake of an end-of-course test for verified credit.

The student must need the test for verified credit, have a passing grade in the course associated with the test, and have met one of the following:

- Failed the test by a narrow margin defined as a scaled score of 375–399, or
- Failed the test by any margin and had extenuating circumstances that would warrant retesting

Extenuating circumstances will be defined by the local school division superintendent but must be restricted to situations that specifically affect the student who is being retested. Extenuating circumstances may include the need to pass the test to graduate.

**5.7.3 Ordering materials for Expedited Retakes**

If you have students who will be taking paper SOL Non-Writing tests under the Expedited Retake policy, refer to the forms matrix for paper tests. If a form is listed in the Expedited Retake column, order that form using Additional Orders in PearsonAccessnext. If you have any questions about which forms should be administered, contact the Office of Student Assessment.
5.7.4 Creating online sessions for *Non-Writing* Expedited Retakes

Expedited Retake SOL test sessions may be created in advance and students added later; however, they should not be started until the day of testing. While you are not bound by the scheduling information entered when creating a test session, it is recommended that the day and time be as accurate as possible. The test session information including session name, date, time, and duration may be modified up until the time the session is started.

ALL students (those who originally tested online or with paper) who meet the Expedited Retake criteria are eligible for taking the retakes online. When the session is created, the *Expedited Retake Form Group Type Context* must be selected.

5.7.5 Coding Expedited Retake tests in PearsonAccess

The DDOT or STC finalizes student demographics and test specific information for Expedited Retakes taken online or with paper. Be sure that the Retest value is selected on the Students in Sessions screen for every student who is retaking the test under the Expedited Retake policy in the Fall *Non-Writing* Test Administration. Students who are taking an SOL for the first time, even if in *Expedited Retake Form Group Type Context* (or using an Expedited Retake form), should not have the Retest field completed.

Because the Expedited Retake test is optional for the student, do not account for students who do not retest under the Expedited Retake opportunity.

6. SPECIFIC DUTIES OF THE STC: AFTER TESTING

6.1 Receive All Testing Materials from Examiners

**Paper** Growth and SOL tests: The STC should follow the procedures outlined in Section 7.3 in the *Supplement to the Virginia Assessment Program Test Implementation Manuals* in order to account for all test materials, ensure the accuracy of the coding on students' answer documents, supervise the transcription of student responses, bundle answer documents, and transmit test materials to the DDOT.

For **online** tests, follow the procedure below:

- Examiners are instructed to return all test materials to the STC after each day of testing. This includes Student Testing Tickets, Seal Codes, Proctor Testing Tickets (if read-aloud session), used and unused scratch paper, the test session roster (optional), *Examiner’s Manual*, and any test manipulatives/materials.
- The STC counts the test tickets and initials the *Testing Ticket Transmittal Form and Affidavit for Examiners/Proctors* to verify that all test tickets have been returned.
- The STC provides the affidavit to Test Examiners/Proctors to sign.

6.2 Complete Coding of Student Demographic Information

6.2.1 Testing Status

After all make-up testing sessions are finished, select the Testing Status code to explain why a student did not take or complete the required SOL test. The Testing Status code may be applied to either completed processed online tests or completed processed paper tests by completing the status code box on the students’ Test Details screen in PearsonAccessnext. Table 5 describes the coding options. Contact the Office of Student Assessment if you have a situation in which a student was not tested and none of the codes in Table 5 apply. For guidance regarding *Growth* assessments which were not completed, refer to Section 5.4.9.
# Table 5. SOL Writing and Non-Writing Testing Status Codes

Testing status codes do not apply to Growth assessments.

<table>
<thead>
<tr>
<th>Testing Status:</th>
<th>Apply testing status if:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 = Absent</td>
<td>The student was absent from the regular session and was never present to make up the test for the remainder of the division's test window.</td>
</tr>
<tr>
<td>3 = English Learner Exempt Virginia Studies or Civics &amp; Economics and Grade 8 Writing</td>
<td>The student was determined eligible for a one-time exemption by way of her/his EL Assessment Participation Plan. Applicable only to students in grades 3–8 for the Virginia Studies or Civics &amp; Economics SOL test and students in grade 8 for the Grade 8 Writing SOL test. Formerly ELs, Years 1, 2, 3, and 4, are not eligible for any exemptions.</td>
</tr>
<tr>
<td>4 = Medical Emergency</td>
<td>The student was absent for the entire testing window due to hospitalization or serious illness, or has a medical condition that renders the student unable to test. Significant medical emergencies must be documented by a medical professional.</td>
</tr>
<tr>
<td>6 = Did Not Attempt Reading, Mathematics, or Science Test</td>
<td>The student was enrolled but not assessed in Reading, Mathematics, or Science and no other testing status code applies. The division is required to file a testing irregularity with VDOE to document the circumstance.</td>
</tr>
<tr>
<td>7 = Student Cheated</td>
<td>The student was determined by the school division to have cheated. (Student receives a score of zero.)</td>
</tr>
<tr>
<td>8 = Did Not Attempt Writing or History/Social Studies Test</td>
<td>The student was enrolled but not assessed in Writing or History/Social Studies and no other testing status code applies. The division is required to file a testing irregularity with VDOE to document the circumstance.</td>
</tr>
<tr>
<td>9 = Student Already Passed This Test</td>
<td>The grade 3–8 student has been retained (in grades 3–8) and has passed this test previously. Refer to the NOTE in this table regarding testing of accelerated students in grades 3–8.</td>
</tr>
<tr>
<td>11 = English Learner Exempt Reading</td>
<td>ELs who have attended school in the United States for less than 12 months may receive a one-time exemption for the SOL Reading test in grades 3–8. This guideline also applies to students arriving from Puerto Rico. No exemption is available for EOC Reading. Formerly ELs, Years 1, 2, 3, and 4, are not eligible for any exemptions.</td>
</tr>
<tr>
<td>50 = Student Refusal/Disruptive</td>
<td>The student refused to take the test or the student was too disruptive to test. (Student receives a score of zero.)</td>
</tr>
<tr>
<td>51 = Parent Refusal</td>
<td>The parent/guardian refused to permit the student to take the test. (Student receives a score of zero.)</td>
</tr>
</tbody>
</table>
NOTE: Under the requirements of Every Student Succeeds Act (ESSA), students in grades 3–8 must be assessed at each grade level in reading and mathematics. Status 9 cannot be used in a situation in which an accelerated student in grades 3–8 passes the test from a higher grade level and is then promoted and is assigned to a reading/mathematics class in which he/she passed the reading/mathematics SOL in a previous grade. For example, if a student passes the Grade 7 Mathematics SOL test in grade 6, is promoted to grade 7 but is then re-assigned to a grade 7 mathematics class, the student may not be coded testing status 9 on the Grade 7 Mathematics test. Testing Status 6 usually applies to this type of circumstance and the division is required to file a testing irregularity with VDOE to document the circumstance. This policy also applies to EOC Reading and Mathematics tests given in grades 3–8 to accelerated students.

☑ Refusals. Students enrolled in Virginia public schools are required to complete the applicable SOL assessments. If, however, parents refuse to have their student participate in one or more of the required Virginia assessments, the following procedures should be followed within the school division:

- The parents should be informed that their student's score report will reflect a score of “0” for any test that is refused.
- The school is strongly encouraged to request a written statement from parents indicating the specific test(s) the parents refuse to have their student complete. The document should be maintained in the student's file as a record of the decision.
- To account for the student, a test record for the refused test(s) is to be submitted for scoring with a Testing Status 51 coded to indicate the refusal was requested by the parent.

If a parent or student refuses an opportunity to retake an end-of-course SOL test that the student previously failed or refuses an expedited retake test opportunity, no test record would be submitted because the student was already accounted for by the initial test attempt. The parent and student should be made aware of any potential impact that not earning a verified credit may have on the student's attempt to graduate or meet specific diploma requirements.

NOTE: For Growth Assessments, students who are not tested are not to be marked complete with a testing status. Remove these students from the session or do not submit an answer document. No growth data will be collected.

☑ Coding an Online SOL Test with a Testing Status:

To account for a student who did not take/comple test due to an appropriate status condition, noted in Table 5, mark the test complete in the started test session and select the testing status reason from the dropdown in PearsonAccess<sup>next</sup>.

☑ Coding a Paper SOL Test with a Testing Status:

To account for a student who was not tested, use the online system to account for a student who qualified for a paper SOL test but was not tested. Access the student's test assignment in PearsonAccess<sup>next</sup> and change the format from paper to online. Create a test session and assign the student to the session. Start the session and mark the test complete and select the testing status reason from the dropdown in PearsonAccess<sup>next</sup>.

☑ Do not submit a test with a testing status code for any EOC or Term Graduate student designated as a retester. A retester is a student who has passed the course and has failed the SOL test prior to this administration and needs this test for verified credit in order to meet their specific diploma requirements.

☑ Substitute Tests: Divisions that have students who take an approved substitute test for verified credit or Federal accountability submit score data directly to the Virginia Department of Education via the SOL Substitute Test (SOL Sub Test) application within the Single Sign-on for Web Systems (SSWS)
from November 2022 to August 2023 for substitute tests taken during the time frame: Summer 2022, Fall 2022, and Spring 2023. Consult the SSSWS SOL Sub Test application to determine the availability of the collection window. DDOTs will enter only the highest score earned by the student for the substitute test. Refer to the SOL Substitute Test (SOL Sub Test) application for directions.

Refer to the document Substitute Tests for Verified Credit for the list of approved substitute tests at:

www.doe.virginia.gov/testing/substitute_tests/index.shtml

6.2.2 Special Test Accommodations

Test Accommodations should be completed only by an STC, Examiner, or another designated school staff member.

**IMPORTANT:** The STC should work with appropriate local staff to determine which students need to be provided with testing accommodations as specified by their Individualized Education Plans (IEPs), 504 Plans, EL Assessment Participation Plans, or due to a documented temporary condition. If you have any questions about the testing of a particular student, contact your DDOT.

After testing, the special test accommodation codes used by the student must be documented in PearsonAccessnext. The accommodation codes may be selected on the student's Test Details screen after the test has been processed by Pearson. Since all accommodation codes available for a test may not be listed on the paper answer document, testing accommodations provided to students should be coded to processed paper tests in PearsonAccessnext. Testing accommodations must be specified in the student's IEP, 504 Plan, EL Assessment Participation Plan, or in the documentation of a temporary condition. All accommodation codes that apply to a student must be completed; accuracy is critical. Refer to Appendix B, Special Testing Accommodations, for details regarding selected accommodations available for students with disabilities and ELs.

**NOTE:** Paper answer documents do not list all accommodation codes available for a test. Accommodation codes must be applied to the student's test record in PearsonAccessnext.

The Writing and Non-Writing Tables of Testing Accommodations in Appendix B defines the special testing accommodations that correspond to the codes in PearsonAccessnext.

**Code 27—VDOE Approved Special Accommodation Request** should be completed when directed, to identify a special assessment accommodation that was approved by the Office of Student Assessment and was provided to a student. These special assessment accommodations are not listed on the Table of Testing Accommodations Available for the Growth Assessments and Non-Writing Tests in Appendix B. Refer to Appendix B for detailed information about the process to request Special Testing Accommodations.

**Students with temporary conditions requiring test accommodations**—Students may be provided with appropriate special test accommodations needed to access the Virginia Assessment Program tests if they have a documented temporary condition such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student's school/division file.

**How to code a student in PearsonAccessnext with a temporary condition**—The Temporary Condition code may be uploaded into PearsonAccessnext by a Student Registration Import (SRI) file, or coded manually using the following steps:

- Log in to PearsonAccessnext and select Students under the Setup dropdown.
- Find the student using his or her name or STI, then select the box next to his or her name. Then, under the Select Tasks dropdown, select “Register Students.”
On the Register Students screen, select “Yes” in the Temporary Condition drop-down box, and click Save to apply the change.

After testing, the special test accommodation used by the student must be documented in PearsonAccess<sup>™</sup>. The accommodation codes may be selected on the student's Test Details screen after the test has been processed, or if testing via a paper test, by darkening the appropriate oval(s) in Field I, *Special Test Accommodations*, on the student's answer document. Refer to Appendix B for Special Test Accommodations.

### 6.3 Conduct Transcription of Student Responses

The following information should be used for Growth, *Writing*, and *Non-Writing* SOL tests. Transcribing students' test responses is only available for students with certain accommodations as stated in their IEPs, 504 Plans, EL Assessment Participation Plans, or due to a documented temporary condition.

- In the case of a damaged answer document or an irregularity, the DDOT authorizes transcription of the student's demographic information and multiple-choice answers onto a new answer document. Have a second school official verify the transcription and ensure that no errors occurred; write the word “VOID” on the demographic page of the original answer document; and return it to the DDOT. **NOTE: The student's responses must not be altered in any way.**

- In the case of an accommodation provided requiring transcription, ensure that the student has recorded her/his answers elsewhere, such as an audio/video, electronic device, printed copy, circled in the test booklet, or marked on a separate sheet of paper.

- Designate an Examiner or another school staff member to perform this transcription. Ensure that the student's responses are transcribed exactly and not altered in any way.

- Have the transcription verified by a second school staff member.

**IMPORTANT:** Refer to Appendix B, *Transcription of Student's Answers—Information for all Assessments*, for detailed information.

- For students who have the mark in test booklet accommodation, the regular answer document and the marked test booklet must be verified by a second school official to ensure that no errors in transcription occurred. The student's name should be clearly printed on the test booklet and the booklet returned with all other secure materials to Pearson. If a discrepancy is discovered after the division has returned their secure materials to Pearson, notify the Office of Student Assessment.

More detailed information about procedures for transcription is in Appendix B.

### 6.4 Prepare and Transmit Affidavits and Forms

**NOTE:** Separate School Affidavits are required for these administrations: Fall Growth Assessments, Winter Growth Assessments, Fall 2022 *Writing* tests, and Fall 2022 *Non-Writing* tests. Refer to the directions on the forms for assistance.

- After all test materials have been returned to your DDOT after the conclusion of each test administration (Growth, *Writing* and *Non-Writing*), complete the *School Affidavit* in Appendix A, sign and date it, and have the building principal sign and date it. This form must be returned to the DDOT by the date specified in your local instructions.

- Transmit all signed *School Division Personnel Test Security Agreement* forms to the DDOT.

- Transmit all forms used for secure materials accounting to the DDOT, including transmittal forms and Examiner/Proctor affidavits.

</table>
7. SPECIFIC DUTIES OF THE DDOT: AFTER TESTING

7.1 Paper Testing

If your division administered any paper Growth or SOL assessments during this test administration, refer to the Supplement to the Virginia Assessment Program Test Implementation Manuals for the specific information regarding the DDOT's management of the paper test materials after testing.

**Paper Growth Assessments:** Students who are not assessed, or who do not complete the test with more than three items left blank, not including the samples, are not to be accounted for. Do not submit either a paper test or an online test with a testing status. No growth data will be collected. Students who do not complete with three or fewer questions left blank, not including the samples, should have their tests submitted to Pearson for scoring.

For paper test administrations, it is important to ship answer documents soon after testing in order to receive scores back in time to administer additional Term Graduate test opportunities or retests under the Expedited Retake policy prior to the close of the division’s test window.

The answer documents and test booklets/prompts from each of the administrations must not be co-mingled with any other test administration. Refer to the following tables for shipping details for answer documents and test booklets/prompts for each testing administration.

**Table 7. Box Contents and Pearson Address Label Colors When Shipping Answer Documents**

7.2 Complete and Return the School Division Affidavit

☑ Separate School Division Affidavits are required for the Fall Growth, Winter Growth, Fall Writing, and Fall Non-Writing assessments.

☑ Complete the School Division Affidavits (Appendix A).

☑ Scan and email each signed affidavit to the Office of Student Assessment no later than the deadline published in each schedule located in the front of this manual.

7.3 Review Disposition of All Test Materials

☑ The STC has been instructed to follow your directions regarding the disposition of the following materials:

Non-Secure

- Examiner's Manual
- Examiner's Resource Guide
- Supplement to the Examiner's Manual
- Test Implementation Manual
- Supplement to the Virginia Assessment Program Test Implementation Manuals
- unused answer documents

Secure

- used and unused student and Proctor Testing Tickets/Seal Codes
- from paper tests: used Mathematics formula sheets, z-tables, and copies of the Periodic Table of the Elements that have been written on by students
- all tests: used scratch paper that has been written on by students
- damaged and/or “VOID” answer documents
- student paper, audio, electronic, or electronic responses used for transcriptions
- audio/video/electronic copies of testing sessions (such as read aloud)

☑ Mathematics formula sheets, z-tables, and copies of the Periodic Table of the Elements that have been written on, all Student and Proctor Testing Tickets, Seal Codes, and used scratch paper must be securely destroyed (by shredding or burning).

☑ You may have STCs securely dispose of some of these materials as described below or you may have them returned to you.

☑ Other materials, except as noted in the following bullet, may be recycled or thrown away.

☑ The following materials must be kept secure in the division until scores have been returned from Pearson and verified and Authorization to Report (ATR) is approved for the test administration. Then the materials may be securely destroyed: answer documents marked “VOID,” student paper, audio, electronic, or video responses used for transcriptions, and audio, electronic, or video copies of testing sessions.

**NOTE:** Instruct the STCs to retain the Growth Examiner’s Manuals, their Supplements, and the Examiner’s Resource Guide so they may be reused for the Winter Growth Assessments. The STC should also retain the SOL Examiner’s Manuals and their Supplements, and Examiner’s Resource Guides to be used in other SOL test administrations for the school year.

☑ Instruct STCs on procedures for storing calculators, rulers, compasses, and protractors/angle rulers. Do not pack these materials with the test booklets that are returned to Pearson. There is no requirement that you inspect any of these materials.

☑ Refer to Table 7, DDOT Disposition of Test Materials, to review your division’s disposition of all testing materials.
# Table 9. DDOT Disposition of Test Material

<table>
<thead>
<tr>

### Non-secure materials

- Examiner’s Manuals (and Supplements), Examiner’s Resource Guide
- Unused answer documents
- Unused Header Sheets
- Unused paper bands

### Non-scorable, non-secure test materials

- Test Implementation Manuals
- Unused return shipping labels
- Calculators, compasses, protractors, angle rulers, and rulers

### 7.4 Resolve Alerted Student Tests in PearsonAccess<sup>next</sup>

Alerted student tests are discrepancies in the data associated with online or paper tests (e.g., no test assignment, testing status needs to be applied, invalid form number, etc.). The alerted tests are identified while the test records are being processed by Pearson for scoring. Resolving or clearing alerted student tests is an important step after testing because the alerts prevent the alerted test records from being scored and subsequently reported in a division’s and school’s test results in PearsonAccess<sup>next</sup>.

For assistance with resolving alerted student tests, refer to the document, *Resolving Student Test Alerts*, located on the Support page in PearsonAccess<sup>next</sup>.
7.5 Access Test Results

DDOTs will be notified by email from Pearson when each test administration’s test results begin to be available in PearsonAccess\textsuperscript{next}.

The test results will be available as described below:

7.5.1 Student Data Extract Files

Growth Assessment scaled scores and SOL test scores are available to school divisions in the Student Data Extract Files in PearsonAccess\textsuperscript{next}. These data files include the demographic and student performance data for each student test record being reported. The Student Data Extract Files are available at the division and school levels and are updated nightly to reflect any newly processed test records and changes in demographic data completed as of 3:00 p.m. each weekday.

- The Student Data Extract Files are located under the Reports tab in PearsonAccess\textsuperscript{next}. Click on Published Reports, and then select either the Division or School, under “Organization Type,” to view the various files available at those organization levels.
- The Student Data Extract Layout documents provide a description of each field in the extract files. These documents are available in PearsonAccess\textsuperscript{next} on the Support page and can be accessed by selecting Documentation, then, on the left-hand side, check Extracts under “Categories.”
- Note that Student Data Extract Files contain confidential student demographic and performance data; such data should be maintained securely and never shared by email.

7.5.2 Score Reports: Published Reports

SOL score reports in the form of PDF files are available under Published Reports in PearsonAccess\textsuperscript{next}. When downloaded and opened, they are formatted, printable pages for communicating student performance data on each student test. These reports can be viewed, saved, and printed as needed. Specifically, the Student Reports may be shared with students’ parents. The Student Reports are updated at the end of each week to reflect newly processed test records and changes in demographic data completed as of 3:00 p.m. on Friday.

- To access the different PDF score reports located under the Reports tab in PearsonAccess\textsuperscript{next}, click on Published Reports, then select either the Division or School, under “Organization Type,” to view the reports available at those organization levels.
- **NOTE:** School divisions will have one opportunity to order printed copies of the various reports. Additional information regarding all of the pre- and post-ATR reports can be found on the SOL Non-Writing Report Chart located on the Reports tab of the Support page in PearsonAccess\textsuperscript{next}. The SOL Non-Writing Report Chart contains a brief description of each report, their location in PearsonAccess\textsuperscript{next}, their sort order, and availability.

7.5.3 Score Reports: On Demand Reports

Growth Assessment and SOL score reports in the form of On Demand Reports are available in PearsonAccess\textsuperscript{next} to provide near real-time access to student performance data on each submitted test. On Demand Reports are available for online and paper tests.

7.5.4 Parent Portal Reports

The Parent Portal enables families to securely access score reports for the Grades 3–8 Reading and Mathematics Virginia Assessment Program assessments completed by their student. These score reports serve as one source of information to help identify areas that
are strengths and areas where additional support might be needed. The DDOT is responsible for ensuring the division/school provides parents with the information required to create an account and access their student’s data.

7.6 Review Data

School and division staff should use the student extract file to view the test results. This file can be opened as a spreadsheet and is filterable. Because the extract file contains all the codes applied to a student’s test record, the specific Student Data Extract Layout should be used to interpret the data provided in each field. The Student Data Extract Layout documents are available in PearsonAccessnext on the Support page and may be accessed by selecting Extracts under Resources.

Verify that student attributes have been applied correctly. Examples include, but are not limited to: disability, ethnicity, race, retest, recovery, economically disadvantaged, Term Graduate, etc. Guidance for application of student codes may be found in the Student Registration Import File Requirements. These documents are located on the Support page in PearsonAccessnext and may be accessed by clicking on SRI on the Support page.

7.7 Request ATR

Separate ATR Requests must be completed for each test administration by the date specified in the test administration schedules in the front of this manual. ATR must be requested for an administration even if tests were not administered to any student.

NOTE: For Fall, ATR needs to be requested for the Fall and Winter Growth Assessments 2022–2023 Test Administration and the Fall 2022 Non-Writing Test Administration. Refer to the testing schedules at the front of this manual. After the division has reviewed the data and has made corrections to ensure every student who is required to be tested is accounted for and every student/test is coded properly, the DDOT must request the Authorization to Report (ATR). Requesting ATR is a two step process:

- Step 1, Request ATR electronically: In PearsonAccessnext, under Set Up > Organizations > Manage ATR Status, select the Request Authorization button.
- Step 2, Download the Authorization to Report form: In PearsonAccessnext, go to Support > ATR > SOL Authorization to Report (ATR). The DDOT completes and signs the form and obtains the Superintendent’s signature, and then sends the form to Pearson following the directions on the form.

ATR is the verification from the school division that the division’s data have been finalized and the division is authorizing the final preparation of the data for both printed reports and for inclusion in the Federal Accountability and State Accreditation calculations and reports.

7.8 Order Final Reports

Once the division’s ATR has been approved, the DDOT may place the order for paper copies of the final reports. Printed reports may be requested by the division or by the school, but only the DDOT can order the reports in PearsonAccessnext. Instructions in the document How to Request Printed Reports in PearsonAccessnext should be followed. To download a copy of the document, go to the Support page in PearsonAccessnext and click on the Reports link on the Support page, and then click on How to Request Printed Reports.

The DDOT may submit only one order to Pearson for the printed reports for each test administration. Once submitted, the DDOT cannot modify the order.
Order the division's printed reports by the deadlines published in the schedules located in the front of this manual.

7.9 Post ATR Record Changes

If the division discovers erroneous coding or omitted coding after ATR has been submitted and approved, the DDOT and Division Superintendent request that the Office of Student Assessment correct the coding for the division. Corrections to data in PearsonAccessnext may be requested for the three most recent school years.

Process for requesting post ATR record changes:

- Download a copy of the Post ATR Record Change Request form, available in PearsonAccessnext on the Support page under ATR.
- Follow the directions on the form to provide the information necessary for assessment staff to make the changes and to provide the necessary documentation to authorize the changes.
- Submit the following to the Office of Student Assessment using the Virginia Department of Education SSWS Dropbox as directed on the form:
  - The completed Post ATR Record Change Request form (in Excel format);
  - The scanned page one of the spreadsheet with signatures of the DDOT and the Division Superintendent; and
  - The scanned letter from the Division Superintendent that requests the changes and addresses why these record changes were identified after the Authorization to Report (ATR) was submitted. The letter should address the effort the school division will implement to prevent these errors from occurring in the future. The letter should be addressed to Shelley Loving-Ryder, Assistant Superintendent of Student Assessment, Accountability, and ESEA Programs.

Once these three documents are received in the Office of Student Assessment, assessment staff will review the request.

- Once the record changes have been made, assessment staff will annotate the file and send it back to the DDOT via the SSWS Dropbox. The DDOT should review the file and the assessment staff notes and save the file locally. If the record change affected a student score, a revised Student Report should be sent home to the student's parent(s).
- The Division Superintendent will also receive a letter from the Assistant Superintendent of Student Assessment, Accountability, and ESEA Programs acknowledging receipt of the record change request.

Any changes made will appear in the Student Data Extract Files in PearsonAccessnext at the next scheduled refresh of the extract files for that administration.
8. Fall and Winter Growth Assessments 2022–2023

General Information
Legislation passed in the 2021 General Assembly requires the administration of fall and winter Growth Assessments in grades 3–8 Reading and Mathematics in addition to the spring Standards of Learning (SOL) assessment in Grades 3–8 Reading and Mathematics. The test results are to be used to help inform instruction and will be used to measure growth.

- The Fall and Winter Growth Assessments will present items that assess content from the student's current grade level. In addition, the online Growth Assessments may present items assessing content from one level below the student's current grade level and one level above. There are some exceptions to the potential administration of off-grade level test items. One exception is that the Grade 8 Reading and Mathematics Growth Assessments will only include items assessing SOL content that is at or below the 8th grade level since there are no above-grade-level items available in the current CAT item banks. Additionally, in fall 2022, items that measure grade 2 SOL content are being field tested with students. Because these items are being tried out with students, they will not count toward the student's score. Therefore, the items for grade 3 Reading and Mathematics growth assessments that count toward the student's score will only include items that assess content at or above the 3rd grade level. Finally, a student who meets the criteria for a paper test will only be administered test items that assess SOL content aligned with the student's grade level.

- The Growth Assessment score reports will not include a performance level showing whether the student passed or failed the assessment; however, a report does show how the student performed on each of the items included on the student's assessment. This information is to help teachers and other school staff identify areas of focus for the student in the 2022–2023 school year. These assessments serve as a baseline or starting point for the year, and as result, are not considered “high stakes” tests. With this in mind, the testing can be less stressful. Staff should place less emphasis on remediation and test preparation activities and instead tell their students, “There is no passing or failing score, but do your best to answer the questions you are asked. If you are unsure how to answer a question, pick the answer that you think is best and move to the next question.”

- The online and paper Growth Assessments have been reduced in length and are designed to be completed in a single day. Students will complete only one test in reading and mathematics. Expedited retake tests will not be offered.

- Paper Growth Assessments will be administered when there is a documented need for a paper assessment. This includes braille, large-print, and regular paper tests. Refer to the Documentation of Need for Paper Assessment in Appendix C.

- The fall and winter Growth Assessments will be managed in the Growth Assessments 2022–2023 Test Administration within PearsonAccess\textsuperscript{next}. Students taking the online or paper Growth Assessments will be registered and receive online/paper test assignments in this test administration. Students assigned an online test will be placed into sessions and the sessions managed in this administration. Paper tests will be ordered using this test administration. Online and paper scores will be reported in this test administration.

- Students will be registered in PearsonAccess\textsuperscript{next} for the same test level for which they are currently enrolled. For example: if a student in currently enrolled in grade 5, they will be assigned to take the online grade 5 Reading and Mathematics Growth Assessments. If this 5th grader qualifies for a paper test, the student will be assigned to take the paper grade 5 Reading and Mathematics Growth Assessments.

Test Details
All online Grades 3–8 Reading/Mathematics Growth Assessments are Computer Adaptive Tests (CAT).
- **Online Tests**—are available in regular and audio formats.
- **Online Audio tests**—students should have had practice using the audio tools by practicing on the appropriate audio practice test (refer to Section 4.4.1)
- **Online Read-Aloud tests**—because the items selected are customized for each student, an Examiner/Proctor test cannot be created on a separate workstation. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the Read-Aloud test guidelines in Reading of Test Items Aloud—Information for all Assessments and Read-Aloud Guidelines for Computer Adaptive Tests (CAT), located in Appendix B.
- **Paper tests**—are available for students with a documented need for a paper test in regular, large-print, and braille formats.
- **Paper Audio and Read-Aloud tests**—audio tests are not available in paper format. Students who usually receive the audio form must be provided a read-aloud administration.

**Examiner’s Manuals for Online Growth Assessments**—the online Grades 3–8 Growth Assessments directions will be contained in separate Examiner’s Manuals created for these assessments:

**Examiner’s Manuals for Paper Growth Assessments**—the paper Grades 3–8 Growth Assessments directions will be contained in separate supplements to the Examiner’s Manuals created for these assessments:

- 2022–2023 Fall and Winter Supplement to the Grades 3–5 Reading and Mathematics Growth Assessments Examiner’s Manual
- 2022–2023 Fall and Winter Supplement to the Grades 6–8 Reading and Mathematics Growth Assessments Examiner’s Manual

**2022–2023 Examiner’s Resource Guide**—contains additional information the Examiner/Proctor may need for the administration of any Growth or SOL assessment (such as information regarding special testing accommodations, health management devices, hearing aids, testing condition adjustments available for all students, test irregularity form).

All Growth Manuals and the Examiner's Resource Guide are available for download from the Virginia Department of Education Growth Assessments website at:

8.1 **Fall and Winter Growth Assessments Test Schedules**

Refer to the front of this manual for the Fall and Winter Growth Assessments 2022–2023 Administration Schedules. Refer to Section 2 for additional guidance regarding testing windows.

8.2 **Identify Students to be Tested**

**Students with Fall 2022 Semester Block Schedules**

Students who will complete Grades 6–8 Reading and/or Mathematics courses during the fall semester should be administered the Fall Growth Assessment and Fall SOL test for the course for which they are registered. These students will **not** be administered the Winter Growth Assessment for the course.

**Students with Spring 2023 Semester Block Schedules**
Students who are enrolled in the spring semester and will complete Grades 6–8 Reading and/or Mathematics courses during the spring semester should be administered the Winter Growth Assessment and Spring SOL test for the course for which they are registered. These students will not be administered the Fall Growth Assessment for the course.

**Students with 2022–2023 Full Year Schedules**

Students enrolled in year-long Grades 3–8 Reading and/or Mathematics courses should be administered the Fall Growth Assessment, Winter Growth Assessment, and Spring SOL test for the course for which they are registered.

### 8.3 Test Tools and Materials

Refer to the tools tables and information on the following pages for approved materials and manipulatives permitted on online and paper Growth Assessments.

#### 8.3.1 Test tools and materials permitted with online Growth assessments

Refer to the following tables for the lists of online tools available and their functions and handheld materials needed for testing.

The following online tools tables do not have the tool icons on the table. Please refer to Appendix G, and the table: *Online Tools, Icons, and Descriptions of Functions* for the images of the tools and a description of their functions.

**Table 10. Online Tools Available on the Grades 3–8 *Reading* Growth Assessments**

**Foot Notes**

<sup>1</sup>Grade 2 items will be available as field-test items only in the Grade 3 Mathematics Growth Assessment for 2022–2023. Field test items do not count toward a student’s score.

<sup>2</sup>The calculator will only appear on the tool bar for items that are assessed with the use of a calculator.

<sup>3</sup>The Exhibit will display the Middle School Mathematics Formula Sheet for items that assess grade 6–8 mathematics content.

- **TestNav Tools**
  TestNav tools cannot be used to indicate answers to online test items. The Pointer must be used to:
  1) select multiple-choice answers;
  2) place the cursor in a box in order to type an answer;
  3) plot points on a line, graph, or graphic;
4) select one or more answers; or
5) select and drag answers from one location to another.

If the student uses a tool other than the Pointer to indicate his/her answer, the student will not be able to move to the next question. If the student informs the Examiner or Proctor that they felt they did answer the question, the Examiner or Proctor should instruct the student to go back to the test item to make sure that the Pointer was used to indicate the answer.

A Help menu for the TestNav tools is not available. During testing, if a student asks a question about a tool the Examiner/Proctor may use the Online Tools table provided in the Examiner’s Manual and read the tool description to the student.

**Additional Tools Available**

- All Grades 3–8 Mathematics Growth Assessments have the following tools available on the test tool bar: Inch Ruler, Centimeter Ruler, and Straightedge. A drawing interaction area may be placed around artwork or graphs in the question or answer options on certain questions.

**Additional Information Regarding Some Tools**

<table>
<thead>
<tr>
<th>Additional Information for Some Tools for Online Tests</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Scratch Paper</strong>—must be of a single color and blank (must not contain any words, numbers, symbols, labels, graphics, etc.). Acceptable scratch paper includes plain paper (no lines), lined paper, grid paper, sticky notes, and note cards. Patty paper is permitted for paper testing only. Students may not be issued any form of a graphic organizer, writing web, template, outline, enhanced scratch/grid paper (such as with added raised lines, some lines darker than others), etc. Students may be issued multiple sheets and multiple types of scratch paper; however, Examiners must keep track of all scratch paper distributed to students and ensure that it is all collected and accounted for before students are dismissed from the testing session. The STC may distribute the scratch paper to Examiners prior to testing or on the day of testing, or may instruct Examiners to provide their own scratch paper for testing sessions. All scratch paper must be returned to the STC. The use of patty paper, dry-erase markers, and transparencies is not permitted. Students may not trace images directly from the computer monitor. Examples of acceptable grid/graph paper are posted on the VDOE Web site at: <a href="http://www.doe.virginia.gov/testing/test_administration/">www.doe.virginia.gov/testing/test_administration/</a> ancillary materials/index.shtml</td>
</tr>
<tr>
<td><strong>Calculator</strong>—For students taking online Grades 3–8 Mathematics Growth Assessments, the Desmos Virginia calculator will appear on the tool bar for items that are assessed with the use of a calculator. Students taking the online tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.</td>
</tr>
<tr>
<td><strong>Formula Sheet</strong>—students taking online tests who receive Grade 6, 7, or 8 Mathematics test items will have access to the Middle School Mathematics Formula Sheet on their test’s tool bar. Students may not be given a paper formula sheet.</td>
</tr>
<tr>
<td><strong>Online Audio Tools</strong>—students who are assigned an online audio form for these Growth Assessments will see the audio tools for the text-to-speech reader on the right side of the screen. The audio tools are available with the Samples. During testing, if a student asks a question about a tool, the Examiner/Proctor may use the tables available in the Examiner’s Manual to read the tool’s function and operation to the student. Refer to Appendix G for the Audio Tools and Audio Settings Available tables for details.</td>
</tr>
<tr>
<td><strong>Materials needed for accommodations</strong>—as appropriate, provide students any needed materials or equipment required for accommodations. Refer to Appendix B for guidelines. Refer to Section 4.14 for additional information regarding accommodations.</td>
</tr>
</tbody>
</table>
Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments

1. For students taking online Grades 3–8 Mathematics Growth Assessments, Grades 3–8 Mathematics Standards of Learning (SOL) tests, End-of-Course (EOC) Mathematics SOL tests Grades 5, 8, and EOC Science SOL tests, the appropriate Desmos Virginia calculator will appear on the test's tool bar for items that are assessed with the use of a calculator. Students taking the online tests are not to be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan (see #3 below).

2. For students with a documented need for a paper Grades 4–7 Mathematics Growth Assessments and 4–7 Mathematics SOL tests (where students only use a calculator on the calculator portion of the test), and for the entire Grade 8 Growth Assessment and SOL Mathematics tests, End-of-Course Mathematics tests, and Grades 5, 8, and EOC Science SOL tests, students will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccessnext Training Center using a separate device. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan (see #4 below).

3. For students with disabilities whose IEP/504 Plan determined eligibility to use calculators on sections of the paper or items on the online Grades 3–7 Mathematics Growth Assessments or SOL tests in which a calculator is not allowed, the student will access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccessnext Training Center using a separate device.

4. In order to provide a hand-held calculator for either online or paper tests, the IEP team/504 Committee will need to use the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator based on:
   - the impact of the student's disability as it relates to mathematics and science;
   - the specific characteristics of the student's disability and how the features and capabilities of the hand-held calculator address the student's needs and access beyond what the Desmos Virginia calculator provides.

*For students with a documented need for a paper Grades 4–7 Mathematics Growth Assessments (where students only use a calculator on the calculator portion of the test), and for the entire Grade 8 Growth Assessment, students will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccess<sup>next</sup> Training Center using a separate device. Refer to the Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments available in Section 8.3.1.
## Additional Information for Some Materials for Paper Tests

### Test Booklets
- Regular test booklets, or as required:
- Large-Print Test Booklet Kit—large-print test booklet, Examiner’s copy of the test in regular print
- Braille Test Booklet Kit—braille test booklet, Examiner’s copy of the test in regular print, two sheets of braille paper. Refer to the Forms Matrix regarding the braille formats available for each SOL test.

**NOTE:** Audio kits are not available for the Grades 3–8 Reading and Mathematics Growth Assessments. Students who usually receive the audio form must be provided a read-aloud administration.

### Answer Documents
- use only the specific grade level reading and mathematics Growth Assessments answer documents (Version 1.0)

### Pencils
- only No. 2 pencils or mechanical pencils with No. 2 lead must be used when completing the answer document. Have extra No. 2 pencils available.

### Scratch Paper
- must be of a single color and blank (must not contain any words, numbers, symbols, labels, graphics, etc.). Acceptable scratch paper includes plain paper (no lines), lined paper, grid paper, sticky notes, and note cards. Patty paper is permitted for paper testing only. Students may not be issued any form of a graphic organizer, writing web, template, outline, enhanced scratch/grid paper (such as with added raised lines, some lines darker than others), etc. Students may be issued multiple sheets and multiple types of scratch paper; however, Examiners must keep track of all scratch paper distributed to students and ensure that it is all collected and accounted for before students are dismissed from the testing session. The STC may distribute the scratch paper to Examiners prior to testing or on the day of testing, or may instruct Examiners to provide their own scratch paper for testing sessions. All scratch paper must be returned to the STC. The use of patty paper, dry-erase markers, and transparencies is not permitted.

Students may not trace images directly from the computer monitor. Students may not hold anything up to the computer monitor. Examples of acceptable grid/graph paper are posted on the VDOE Web site at: [www.doe.virginia.gov/testing/test_administration/ancillary_materials/index.shtml](http://www.doe.virginia.gov/testing/test_administration/ancillary_materials/index.shtml)

### Calculator
- for the paper Grades 4–8 Mathematics Growth Assessments: Students will be required to access the appropriate Desmos Virginia calculator noted in Table 12 using the Desmos Virginia Calculator tests available in the PearsonAccessNext Training Center using a separate device. For guidance regarding the Desmos Virginia calculator, refer to the guidance box in Section 8.3.1. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.

### Formula Sheets
- students taking paper Grade 6, 7, or 8 Mathematics Growth Assessments, will use the Middle School Mathematics Formula Sheet contained in their test booklet. Kits containing the braille and large-print version of the Grades 6–8 Mathematics Growth Assessments will include the large-print or braille version of the Middle School Mathematics Formula Sheet

### OPTIONAL
- highlighter, Colored Pencil, or Pen In addition to the No. 2 pencil, as previously described, students may be provided two additional writing implements such as highlighters, colored pencils, or colored pens. The student may use the writing implements in the test booklet and on the scratch paper. The highlighters, colored pencils, or pens must not be used anywhere on the student’s answer document. Answer documents submitted with highlighter, colored pencil, or pen marks will not scan properly and therefore cannot be scored. The student's answer document must only be completed with the No. 2 pencil.

### Materials needed for accommodations
- as appropriate, provide students any needed materials or equipment required for accommodations. Refer to Appendix B for guidelines. Refer to Section 4.14 for additional information regarding accommodations.
9. SOL Writing 2022–2023 Test Administration, Fall 2022

Section 9 contains specific guidance for the Fall 2022 administration of the SOL Grades 8 and End-of-Course Writing tests.

The assessments for Grade 8 Writing and EOC Writing consist of two components: a multiple-choice component (online format tests include multiple-choice and technology-enhanced items) and a short-paper component (a response by the student to a writing prompt). One format, either online or paper, must be used for both components of the Writing test. Each component is to be administered on a separate day, and each component must be completed in one school day.

The following table lists all of Writing tests that are administered within the Writing 2022–2023 Test Administration within PearsonAccessnext. The table also lists which test modes are available.

<table>
<thead>
<tr>
<th>Standards of Learning Test</th>
<th>Test Modes Available$^1$</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Online</td>
</tr>
<tr>
<td>Grade 8 Writing</td>
<td>Yes</td>
</tr>
<tr>
<td>EOC Writing</td>
<td>Yes</td>
</tr>
</tbody>
</table>

NOTES:

$^1$All students are required to take the online version of the SOL tests. Only students who have a documented need for a paper test will be administered a paper test booklet/prompt ordered from PearsonAccessnext. Student answers are placed onto the appropriate answer document which is shipped to Pearson for scoring. Refer to Section 4.5 for the criteria required for the administration of a paper test.

9.1 Fall 2022 SOL Writing Test Schedule

Refer to the front of the manual for the Fall 2022 Writing Test Administration Schedule. Refer to Section 2 for additional guidance regarding testing windows.

Online Grade 8 and EOC Testing Schedule: The online test window is October 17–November 4, 2022. The multiple-choice/technology enhanced item (TEI) and short-paper components are combined in one test session. Each component is administered on a separate day. Divisions may choose the order of the components and their testing dates. These students’ test sessions must be created using the Regular Form Group Type Context and include selection of the appropriate Main, Audio, or Read-Aloud (multiple-choice/TEI component only) forms. All Grade 8 and EOC Writing online make-up tests must be completed by November 4, 2022.

Online Term Graduate Testing Schedule:

- **1st Opportunity**: Term Graduate students may have two online testing opportunities. The first online opportunity will be given October 17–October 28, 2022 Term Graduate students must be assigned to test sessions created in PearsonAccessnext using the Term Graduate Form Group Type Context; then select the appropriate 1st Attempt form from the drop-down menu.

- **2nd Opportunity**: If a Term Graduate student fails the 1st attempt, he/she may re–take the EOC Writing test during the second online opportunity test window (November 14–December 9, 2022). The second online opportunity test session will be created using the Term Graduate Form Group Type Context; then select the appropriate 2nd Attempt form from the drop-down menu.

Paper Test Window Schedule: The SOL Grade 8 and EOC Writing test is available in paper format only for students with a documented need for a paper test. Refer to Section 4.5 for paper guidelines.
Table 13. Test Dates for Paper Tests: Grade 8 and EOC Multiple-Choice and Short-Paper Administration Information

(Do not use this table for Term Graduate Students)

<table>
<thead>
<tr>
<th>Division Selected Paper Test Window Date:</th>
<th>Multiple-Choice (MC) Information</th>
<th>Short-Paper (SP) Information</th>
</tr>
</thead>
</table>
| **Paper Test Window**  
October 17–19, 2022  
Ship answer documents to Pearson by November 4, 2022. | Refer to the paper forms matrix sent to your division to identify the correct regular, read-aloud, audio, large print, and braille MC form numbers. Administer the MC component on either October 17 or 18 using the Main MC form. If the student is absent, administer this same form anytime October 20–November 4, 2022. Do not use the Alternate MC form unless directed to do so by the Office of Student Assessment as a response to an Irregularity. | Refer to the paper forms matrix sent to your division to identify the correct regular, read-aloud, audio, large print, and braille SP prompt numbers. Administer the SP component on October 19 using the Main Prompt. If the student is absent, administer the Alternate Prompt any time October 20–November 4, 2022. |

Term Graduate students may have two paper testing opportunities. Refer to the following table for the administration information of the paper Term Graduate test attempts.

Table 14. Test Dates for Paper Tests: Term Graduate Multiple-Choice and Short-Paper Administration Information

<table>
<thead>
<tr>
<th>SOL Writing Test</th>
<th>Writing Test Components</th>
<th>Statewide Test Dates</th>
</tr>
</thead>
</table>
| EOC Term Graduate First Attempt  
Ship completed tests no later than November 4, 2022. | Multiple-Choice* | October 17 or 18, 2022  
Administer the MC component on either October 17 or 18 using the Term Grad 1st attempt MC form. If the student is absent, administer this same form anytime October 20–November 4, 2022. |
| EOC Term Graduate First Attempt  
Ship completed tests no later than November 4, 2022. | Short-Paper* | October 19, 2022  
Administer the SP component on October 19 using the Term Grad 1st attempt Prompt. If the student is absent, administer this same Prompt any time October 20–November 4, 2022. |
| EOC Term Graduate Second Attempt | Multiple-Choice and Short-Paper* | October 20–November 4, 2022.  
Administer the Term Grad 2nd attempt, MC and SP components anytime October 20–November 4, 2022. |
*Refer to the Term Graduate paper forms matrix sent to your division to identify the correct regular, read-aloud, audio, large print, and braille multiple-choice form and short-paper prompt numbers assigned for each test attempt.

9.2 Identify Students to be Tested
The Fall 2022 SOL Writing test administration is designed to accommodate the following groups of students:

1. Students who will complete Grade 8 English classes in the Fall semester.

2. Students who will complete high school English classes that cover grades 9–11 English SOL in the Fall semester.

3. Students who have previously passed the course in which the EOC Writing test is usually taken but failed the test and need it for verified credit.

4. Students eligible to graduate by August 31, 2023, are considered to be Term Graduates for the Fall 2022 Writing administration. If these students have not earned the writing verified credit, they may have two opportunities in the Fall 2022 administration to earn the required verified credit.

5. Students who have already left school and are returning to take the SOL EOC Writing test to earn verified credit.

NOTE: School divisions who choose to require their high school students to complete a Local Performance Assessment for EOC Writing are not assessed with the SOL Writing test.

Determination as to how students with disabilities and English learners (ELs) will participate in the SOL Writing tests should be made in accordance with the following guidelines:

- Participation in the Virginia Assessment Program: A Resource for Educators and Parents of Students with Disabilities
- Testing Accommodations for Students with Disabilities: Growth Assessments and Standards of Learning Tests,
- Procedures for Determining English Learner Participation in the Virginia Assessment Program

These documents are located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

Review these documents carefully and provide STCs with information about whom they should contact within the division if they have questions about applying the guidelines. If you have any further questions, please contact the Office of Student Assessment.

9.3 Test Tools and Materials
Refer to the tables in this section for the lists of available online tools and their function and the list of hand-held materials permitted for use on each component of the Writing test.
Table 15. Online Tools and Features Available in TestNav on the Multiple-Choice/TEI and Short-Paper Components of the Writing Tests

</tbody>
</table>

- TestNav tools cannot be used to indicate answers to online test items. The Pointer must be used to:
  1) select multiple-choice answers;
  2) place the cursor in a box in order to type an answer;
  3) plot points on a line, graph, or graphic;
  4) select one or more answers; or
  5) select and drag answers from one location to another.

If the student uses a tool other than the Pointer to indicate their answer, the Review dropdown will show that question as *Not Answered*. If a student informs the Examiner or Proctor that their Review dropdown shows a question as *Not Answered* and the student feels that he/she did answer the question, the Examiner or Proctor should instruct the student to go back to the test item to make sure that the Pointer was used to indicate the answer.

- A Help menu for the TestNav tools is not available. During testing, if a student asks a question about a tool the Examiner/Proctor may use the Online Tools table provided here and read the tool description to the student.
Table 16. Online Tools Available in TestNav on the Short-Paper Component of the Writing Test

<table>
<thead>
<tr>
<th>Short-Paper Writing Tools</th>
<th>Tool Description</th>

<td><strong>Underline</strong>—use to underline selected text.</td>
</tr>
<tr>
<td></td>
<td><strong>Bullets</strong>—use to format with bullets.</td>
</tr>
<tr>
<td></td>
<td><strong>Numbers</strong>—use to format with a numbered list.</td>
</tr>
<tr>
<td></td>
<td><strong>Undo</strong>—use to undo the previous command that was completed.</td>
</tr>
<tr>
<td></td>
<td><strong>Redo</strong>—use to redo the previous deleted command.</td>
</tr>
<tr>
<td></td>
<td><strong>Spell Check</strong>—use to check spelling in the short paper. NOTE: The Spell Check tool will identify (by a red underline) words that need to be reviewed for correct spelling. Some proper nouns, a misspelled word, or a word that is spelled correctly but is not recognized by this particular spell checker could be underlined. Students need to evaluate the results of the spell check carefully when deciding whether a word is misspelled. A student’s score will not be adversely affected by the presence of the red underline on a word that is correctly spelled.</td>
</tr>
<tr>
<td></td>
<td><strong>Character Counter</strong>—indicates the number of characters remaining in the response area. The maximum number of characters a response can contain is 6,000. Characters include keyboard letters, numbers, punctuation, symbols, and spaces. Blank lines are not counted as characters.</td>
</tr>
</tbody>
</table>

**NOTE:** The online spell check is available to all students; therefore, students may not use a dictionary except when permitted as an accommodation. Refer to Table 17 for English and bilingual dictionary assistance.

- A Help menu for the short-paper tools is not available. During testing, if a student asks a question about a short-paper writing tool, the Examiner/Proctor may use the Online Short-Paper Writing Tools table provided in the Examiner’s Manual and read the tool description to the student.

</tbody>
</table>

**NOTE:** Students may not hold anything up to or over the testing computer’s/device’s screen. STCs may distribute the hand-held manipulatives to Examiners/Proctors prior to testing or on the day of testing.

---

### 9.3.1 Materials needed for paper testing

Refer to the following table for the list of hand-held materials permitted on the multiple-choice and short-paper components of the paper Writing test.
Table 18. Materials Permitted on the Multiple-Choice and Short-Paper Components of the Paper Writing Tests

<table>
<thead>
<tr>
<th>Material</th>
<th>Permitted on the Multiple-Choice Component</th>
<th>Permitted on the Short-Paper Component</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pencil</td>
<td>YesHave an extra supply of No. 2 pencils with erasers available for students to use. Mechanical pencils may be used as long as they have No. 2 lead.</td>
<td>Yes</td>
</tr>
<tr>
<td>Scratch Paper</td>
<td>Yes</td>
<td>Yes</td>
</tr>
<tr>
<td>Dictionary</td>
<td>No</td>
<td>Yes</td>
</tr>
<tr>
<td>OPTIONAL: Highlighter, Colored Pencil, or Pen</td>
<td>Yes</td>
<td>Yes</td>
</tr>
</tbody>
</table>

Students must use only No. 2 pencils when completing the answer document for both the multiple-choice and short-paper components. Have an extra supply of No. 2 pencils with erasers available for students to use. Mechanical pencils may be used as long as they have No. 2 lead.

Scratch paper must be of a single color and blank (must not contain any words, numbers, symbols, labels, or graphics). Acceptable scratch paper includes plain paper (no lines), lined paper, grid paper, sticky notes, and note cards. Students may not be issued any form of a graphic organizer, writing web, template, outline, enhanced scratch/grid paper (such as with added raised lines, some lines darker than others), etc. Students may be issued multiple sheets and multiple types of scratch paper; however, Examiners must keep track of all scratch paper distributed to students and ensure that it is all collected and accounted for before students are dismissed from the testing session. The STC may distribute the scratch paper to Examiners prior to testing or on the day of testing, or may instruct Examiners to provide their own scratch paper for testing sessions. All used and unused scratch paper must be returned to the STC.

Examples of acceptable grid/graph paper are posted on the VDOE Web site at:

www.doe.virginia.gov/testing/test_administration/ancillary_materials/index.shtml

The dictionary must be a paper, general dictionary without a thesaurus section, and may be either school-owned or student-owned. The student should be familiar with the dictionary. The Writing Test should not be the first time a student uses the dictionary. Electronic dictionaries are not allowed. The dictionary must not be altered with hand-written notes in the margins nor include additional materials, such as class notes.

In addition to the No. 2 pencil, as previously described, students may be provided two additional writing implements such as highlighters, colored pencils, or colored pens. The student may use the writing implements in the test booklet and on the scratch paper.

The highlighters, colored pencils, or pens must not be used anywhere on the student's answer document. Answer documents submitted with highlighter, colored pencil, or pen marks will not scan properly and therefore cannot be scored. The student's answer document must only be completed with the No. 2 pencil.
9.3.2 Guidelines for use of the English and bilingual dictionaries

Refer to the following table when determining whether an English or bilingual dictionary is permitted on the multiple-choice and short-paper components of the Writing test. Guidelines for English and bilingual dictionary use by students with disabilities and ELs are located in Appendix B.

Table 19. Use of the English Dictionary and Bilingual Dictionary on the 2010 Standards of Learning (SOL) Writing Test Components

Notes

<sup>1</sup>Refer to the Testing Accommodations for English Learners in Appendix B for guidance. This accommodation must be documented in the student's EL Assessment Participation Plan.

<sup>2</sup>Refer to the Testing Accommodations for Students with Disabilities in Appendix B for guidance. This accommodation must be documented in the student's IEP or 504 Plan.

<sup>3</sup>An English dictionary is an allowable test manipulative for all students taking the Writing test in a paper format. Do not enter an accommodation code.

Fall 2022
The **Audio Control Box** is available on the online Grade 8 and EOC Writing audio tests. Students who are assigned an audio test for these tests will see the audio control box on the first test question. The audio control box does not appear on the samples. During testing, if a student asks a question about the audio control box or any of its components, the Examiner/Proctor may use Table 18 to read the tool name and description to the student.

### Table 20. Audio Control Box

<table>
<thead>
<tr>
<th>Tool Icon</th>
<th>Tool Name and Description</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td><strong>Forward/Play button</strong>—when selected the audio will start to play and the Forward button becomes the Pause button.</td>
</tr>
<tr>

<td><strong>Pause button</strong>—when selected the audio will pause in place, and become the Play button. Selecting the Forward button will resume the audio from the point it was paused.</td>
</tr>
<tr>
<td></td>
<td><strong>Progress counter</strong>—as the audio plays, the counter will “count up”.</td>
</tr>
<tr>
<td></td>
<td><strong>Slider</strong>—moving the slider to the right advances the audio; moving the slider to the left replays the audio.</td>
</tr>
<tr>
<td></td>
<td><strong>Length of audio counter</strong>—this counter indicates the length of the audio.</td>
</tr>
<tr>
<td></td>
<td><strong>Audio speed setting wheel</strong>—when selected the audio speed may be changed. The default speed is “Normal”. The slower speeds are 0.5 and 0.75. The faster speeds are 1.25, 1.5, and 2.0.</td>
</tr>
<tr>
<td></td>
<td><strong>Audio volume controls</strong>—selecting the speaker symbol will increase the volume and mute the volume. Selecting the slider also will increase and decrease the volume.</td>
</tr>
</tbody>
</table>
9.3.3 Materials needed for accommodations

- As appropriate, provide students any needed materials or equipment required for accommodations. Refer to Appendix B for guidelines.

- For paper AUDIO test administrations, students should be familiar with operating the audio equipment prior to testing.

  - The prompt for a paper test is not available in audio format. The Examiner must personally read the Checklist for Writers and the student's prompt to the student from the student's prompt sheet when directed to do so in the test directions. This read-aloud session for the short-paper component will not need to be proctored or recorded.

  When testing has been completed, apply the Special Test Accommodation code for Audio (code 11) to the student's test in PearsonAccess

- For online AUDIO test administration, students should have had practice using the audio control box by practicing on an audio practice test. (Refer to Section 4.4).

- Refer to Section 4.14 and Appendix B for additional information regarding accommodations.

9.4 Preparing for Paper Testing

Refer to the Supplement to the Virginia Assessment Program Test Implementation Manuals for the specific information regarding:

- Ordering of paper material
- Deliveries of non-secure materials
- Deliveries of secure materials
- Registering students for testing
- Answer document management
10. SOL Non–Writing Test Administration, Fall 2022

Section 10 contains specific guidance for the Fall 2022 Non-Writing test administration.

The following table lists all of the SOL tests that are administered within the Fall 2022 Non-Writing Test Administration within PearsonAccessnext. The table also lists which test modes are available.

Table 21. List of all Fall 2022 Non-Writing Standards of Learning Tests

<td>EOC Reading (2010 SOL)²</td>
<td>X</td>
</tr>
<tr>
<td>Virginia &amp; United States History (2008 SOL)³</td>
<td>X</td>
</tr>
</tbody>
</table>

NOTES:

¹All students are required to take the online version of the SOL tests. Students who have a documented need for a paper test will be administered a paper test booklet ordered from PearsonAccessnext. Student answers are placed onto the appropriate answer document which is shipped to Pearson for scoring. Refer to Section 4.5 for the criteria required for the administration of a paper test.

²EOC Reading (2010 SOL). EOC Reading tests based on the 2010 SOL remain available for students who previously passed the Reading class prior to Spring 2021 and need to retake the SOL test for verified credit to meet graduation requirements.

³EOC VA & US History (2008 SOL). EOC VA & US History tests based on the 2008 SOL remain available for students who previously passed the VA & US History class prior to Spring 2020 and need to retake the SOL test for verified credit to meet graduation requirements.
10.1 SOL Non-Writing Test Schedule
Refer to the front of the manual for the Fall 2022 Non-Writing Test Administration Schedule. Refer to Section 2 for additional guidance regarding testing windows.

10.2 Identify Students to be Tested
The Fall 2022 SOL Non-Writing test administration is designed to accommodate the following groups of students:

1. Students who will complete classes in the Fall semester requiring the following SOL tests: Grades 6–8 Reading and Mathematics; Grade 8 Science; and Civics & Economics; and any class with an associated EOC test when students need verified credits to meet graduation or Federal accountability requirements.

NOTE: Students with Fall 2022 Semester Block Schedules—Students who will complete Grades 6–8 Reading and/or Mathematics courses during the fall semester should be administered both the Fall 2022 Growth Assessment and Fall 2022 SOL test for the course for which they are registered. These students will not be administered the Winter 2022 Growth Assessment for the course.

2. Students who have previously passed the class associated with an EOC SOL test, but failed the test and need it for verified credit, must be afforded the opportunity to retake the test. These students’ tests should be coded as Retest in PearsonAccessnext.

3. Students in 9th grade who failed a Grade 8 Reading or Mathematics test in the previous school year and participated in a remediation recovery program may retake the applicable test(s).

4. Students who are classified as Term Graduates and are attempting to graduate by the end of Fall Semester and who need verified credits to fulfill graduation requirements.

5. Students who have already left school and are returning to take the SOL test(s) to earn verified credit, and/or students who are beyond school age but return to take an SOL test for verified credit. Such students may be enrolled in a class within an adult education program.

Determination as to how students with disabilities and English Learners (ELs) will participate in the SOL Non-Writing tests should be made in accordance with the following guidelines:

- Participation in the Virginia Assessment Program: A Resource for Educators and Parents of Students with Disabilities
- Testing Accommodations for Students with Disabilities: Growth Assessments and Standards of Learning Tests,
- Procedures for Determining English Learner Participation in the Virginia Assessment Program

These documents are located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml
10.3 Test Tools and Materials

✓ Information regarding test manipulatives is listed in Table 22. The hand-held manipulatives are typically stored in the school division. If you have not already arranged for the distribution of these manipulatives, you must do so before testing is to begin. Make sure that STCs are aware of the information included in the Examiner's Manuals regarding the use of test manipulatives.

✓ For online testing, most manipulatives are available on the toolbar in TestNav. Only those tools allowed for a given online test are available on the toolbar. Refer to Appendix G for the list of online tools and their functions available for each test.

✓ TestNav tools cannot be used to indicate answers to online test items. The Pointer must be used: to select multiple-choice answers; to place the cursor in a box in order to type an answer; to plot points on a line or graph; to select one or more answers; or to drag answers from one location to another. If the student uses a tool other than the Pointer to indicate their answer, the Review dropdown will show that question as Not Answered.

- Grades 6–8 Mathematics CAT—If the student uses a tool other than the Pointer to indicate their answer, the student will not be able to advance to the next question.

- All other online tests—If a student informs the Examiner or Proctor that their Review dropdown shows a question as Not Answered and the student feels that he/she did answer the question, the Examiner or Proctor should instruct the student to go back to the test item to make sure that the Pointer was used to indicate the answer. **NOTE:** Grades 6–8 Reading and Mathematics CATs do not have a Review screen.

✓ STCs may distribute the hand-held manipulatives to Examiners prior to testing or on the day of testing. For paper testing, the Mathematics formula sheets and the Chemistry Periodic Table of the Elements are located immediately inside the front cover of the test booklets.

✓ The table on the following pages list the manipulatives and materials available to students on the Fall 2022 Grades 6–8 Reading and Mathematics, Grade 8 Science, Civics & Economics, and EOC SOL tests. Students should be familiar with the tools and materials needed for the test they will be taking.

✓ Accessibility tools are also available in TestNav for the online tests. Refer to Appendix G for the list of all online tools for each test.

NOTES:

1Scratch paper must be of a single color and blank (must not contain any words, numbers, symbols, labels, or graphics). Acceptable scratch paper includes plain paper (no lines), lined paper, grid/graph paper, sticky notes, and note cards. Students may not be issued any form of a graphic organizer, writing web, template, outline, enhanced scratch/grid paper (such as with added raised lines, some lines darker than others), etc. Patty paper may be used for paper testing only. Students may be issued multiple sheets and multiple types of scratch paper; however, Examiners must keep track of all scratch paper distributed to students and ensure that it is all collected and accounted for before students are dismissed from the testing session. The STC may distribute the scratch paper to Examiners prior to testing or on the day of testing, or may instruct Examiners to provide their own scratch paper for testing sessions. All scratch paper must be returned to the STC.

For online testing, the use of patty paper, dry-erase markers, and transparencies is not permitted. Students may not trace images directly from the computer monitor. Students may not hold anything up to and over the testing device’s screen. Examples of acceptable grid/graph paper are posted on the VDOE website at: www.doe.virginia.gov/testing/test_administration/ancilliary_materials/index.shtml

2For online testing, students must use the online version of this test manipulative. For paper testing, students will receive the appropriate test manipulative.

3Students taking online Grades 6–8 and End-of-Course (EOC) Mathematics (2016 SOL) tests and Grade 8 and EOC Science SOL tests will be required to use the Desmos Virginia calculator provided on the test’s tool bar. Students taking the online tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.

Students taking paper Grades 6–8 and End-of-Course (EOC) Mathematics (2016 SOL) tests and Grade 8 and EOC Science SOL tests will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccess™ Training Center using a separate device. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan and using the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator.

4All Grades 6 and 7 Mathematics SOL tests consists of two portions. In the first portion, students may not use a calculator. In the second portion, students may use the Desmos Virginia Scientific Calculator. The non-calculator portion is administered first. The non-calculator and calculator portions of the online Mathematics tests are separated by a seal code. The non-calculator and calculator portions of the paper Mathematics tests are separated by a stop sign. Students must complete the Mathematics test (both portions) in one school day. Refer to footnote 3 for calculator details.
Grades 6–8 and EOC Mathematics Formula Sheets

- Students taking an _online_ Grade 6, 7, or 8 _Mathematics_ test must use the online version of the formula sheet.
- Students taking _online_ _Algebra I, Geometry, or Algebra II_ tests may access the formula sheet from their test's tool bar in addition to receiving a paper formula sheet.
- Students taking _paper_ Grade 6, 7, or 8 _Mathematics_ tests will be instructed to remove the formula sheet included in their test booklets and return them to the Examiner. The Examiner will provide the new, Middle School Mathematics Formula Sheet. Kits containing the large print or braille versions of the _Mathematics_ test include the Middle School large-print or braille version of the formula sheet.
- Students taking _paper_ _Algebra I, Geometry_, or _Algebra II_ tests will use the formula sheet/z-table (as applicable) included in their test booklet. Kits containing the large print or braille versions of the _Mathematics_ test include the corresponding large-print or braille version of the formula sheet/z-table (as applicable).

EOC Chemistry Periodic Table of the Elements

- Students taking paper tests will use the _Periodic Table of the Elements_ included in their test booklet. Students taking the online _Chemistry_ test (2010 standards) must only use the Periodic Table provided in the online test's Exhibit tool.
- Kits containing the large-print or braille versions of the _Chemistry_ test include the corresponding large-print or braille version of the _Periodic Table of the Elements_.

Online Tools

- For a complete list of all online tools available for each test and their their functions, refer to Appendix G.

Pencil or Pen

- For an online test, each student may receive one pencil or one pen to use with the scratch paper.
- For paper testing, students **must** use only No. 2 pencils when completing the answer document. Make sure there is an extra supply of No. 2 pencils with erasers available for students to use. Mechanical pencils may be used as long as they have No. 2 lead.

Additional Writing Implements

- In addition to the pencil or pen mentioned above, students may be provided two additional writing implements such as highlighters, colored pencils, or colored pens. The student may use the highlighters, colored pencils, or pens in the test booklet or on their scratch paper. Highlighter, colored pencil, or pen **must not** be used anywhere on the student's answer document. Answer documents submitted with responses completed using a highlighter, colored pencil, or pen will not scan properly and therefore, cannot be scored.

Hand-held Manipulatives

- Students may not hold anything up to or over the testing device's screen.
Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments

1. For students taking online Grades 3–8 Mathematics Growth Assessments, Grades 3–8 Mathematics Standards of Learning (SOL) tests, End-of-Course (EOC) Mathematics SOL tests Grades 5, 8, and EOC Science SOL tests, the appropriate Desmos Virginia calculator will appear on the test’s tool bar for items that are assessed with the use of a calculator. Students taking the online tests are not to be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan (see #4 below).

2. For students with a documented need for a paper Grades 4–7 Mathematics Growth Assessments and 4–7 Mathematics SOL tests (where students only use a calculator on the calculator portion of the test), and for the entire Grade 8 Growth Assessment and SOL Mathematics tests, End-of-Course Mathematics tests, and Grades 5, 8, and EOC Science SOL tests, students will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccessnext Training Center using a separate device. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student’s IEP or 504 Plan (see #4 below).

3. For students with disabilities whose IEP/504 Plan determined eligibility to use calculators on sections of the paper or items on the online Grades 3–7 Mathematics Growth Assessments or SOL tests in which a calculator is not allowed, the student will access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccessnext Training Center using a separate device.

4. In order to provide a hand-held calculator for either online or paper tests, the IEP team/504 Committee will need to use the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator based on:
   • the impact of the student’s disability as it relates to mathematics and science;
   • the specific characteristics of the student’s disability and how the features and capabilities of the hand-held calculator address the student’s needs and access beyond what the Desmos Virginia calculator provides.

**10.3.1 Materials needed for accommodations**

As appropriate, provide students any needed materials or equipment required for accommodations. Refer to Appendix B for guidelines.

Refer to Section 4.14 for additional information regarding accommodations.

**THANK YOU**

We appreciate your time and effort in administering the 2022–2023 Fall and Winter Growth Assessments, Fall 2022 *Writing* tests, and the Fall 2022 *Non-Writing* tests.

Please email any comments or suggestions for improving this manual to: student_assessment@doe.virginia.gov

The School Division Personnel Test Security Agreement that follows should be read and understood by all school division personnel. All individuals who may be exposed to secure test items and those involved in the administration of the Virginia Assessment Program (VAP) tests (including, but not limited to, Examiners, Proctors, Interpreters, and Scribes) MUST read, understand, and agree to adhere to the following:

1. Students must never be exposed to unreleased (secure) test items (except while completing an official VAP test attempt) or exposed to answers to secure test items. Using secure test items in any form (including reworded test items) at any time is a violation of test security. If in doubt whether test items are secure, contact your Division Director of Testing for assistance.

2. All persons are prohibited from providing students with answers to secure test items, suggesting how to respond to secure test items, or influencing student responses to secure test items. Prohibited actions include, but are not limited to, the following: providing clues or hints, providing reminders of content or testing strategies, prompting students to correct or check/recheck specific responses, permitting access to curricular materials (e.g., textbooks, notes, review materials, bulletin boards, posters, charts, maps, timelines, etc.), or using voice inflection, facial gestures, pointing, gesturing, tapping, or other actions to indicate a response or accuracy of a student's response.

3. Examiners should be in possession of secure test materials only on the day they are administering a test, or in accordance with the procedures for advanced access to a test, and only for the specific test being administered. For the paper VAP Writing tests only, Examiners are not permitted to open sealed packages of prompts more than 30 minutes before the administration of the short-paper component.

4. Reading or reviewing any part of a secure test (e.g., test items, answer options, passages, pictures, diagrams, charts, maps, etc.) before, during, or after the test administration is a violation of test security unless an Examiner is reading the test items as part of an accommodation (e.g., read-aloud, interpretation/transliteration, etc.) or is reviewing the test items in preparation for providing that accommodation.

5. Any Login IDs and passwords issued for the administration of VAP tests are secure and must remain confidential.

6. Logging into or navigating throughout a secure online test by anyone except the student whose name appears on the Student Testing Ticket is a violation of test security. Any exceptions to this must first be authorized by the Virginia Department of Education through the Division Director of Testing.

7. Capturing ALL OR ANY PART of a secure test is a violation of test security. Prohibited actions include, but are not limited to, copying, photographing, recording, outlining, or summarizing test content or details regarding the secure test content. Any exceptions to this must first be authorized by the Virginia Department of Education through the Division Director of Testing.

8. All VAP tests must be administered strictly in accordance with the instructions provided in the VAP test manuals. This includes, but is not limited to, adhering to procedures for the handling, distribution and use of test materials and test manipulatives, adhering to specific requirements associated with test accommodations (e.g., read-aloud accommodation, dictation to scribe, etc.), and reading all test directions to students exactly as written. VAP test directions must not be paraphrased, altered, or expanded without prior authorization from the Virginia Department of Education through the Division Director of Testing unless the Examiner's Manual allows flexibility in providing specific directions.

9. Sample items are included at the beginning of each VAP test and are the only items on the test that may be used with students to review, as directed in the Examiner's Manual, test item format and procedures for indicating responses. Students should also be provided with opportunities prior to the day of their test administration to become familiar with VAP test item formats and how to indicate responses. Resources such as SOL Practice Items are available for these purposes on the Virginia Department of Education website.

10. All persons are prohibited from attempting to formally or informally score secure VAP tests or individual test items. Prohibited actions include, but are not limited to, creating an answer key, reviewing or scoring a student's test item response or responses, reviewing or scoring student scratch paper, or tracking student performance on test items.

11. All persons are prohibited from altering, in any manner, student responses to secure test items. Prohibited actions include, but are not limited to, erasing or deleting student responses, changing student responses, providing responses to items left unanswered or partially unanswered.

1VAP test items remain secure before, during, and after all test administrations until such time that the Virginia Department of Education publishes the test item on its website as released. The end of a test administration does NOT indicate secure VAP test items are released.
For the Fall Growth Assessments and Virginia Alternate Assessment Program tests, it is unnecessary to cover or remove curricular materials from classroom walls.

Examiner's administering assessments for the Virginia Alternate Assessment Program are permitted to sign in, navigate, and respond to items based on the needs of the individual student being assessed and in accordance with the procedures in the Examiner's Manual.

Examiner's administering assessments for the Virginia Alternate Assessment Program are permitted to record student responses on the Examiner's Copy of the test to track student advancement through the test and to enter item responses at a later date in TestNav in accordance with the procedures in the Examiner's Manual.

Complete the following prior to participating in test administration activities involving secure test materials:

Fall/Winter 2022/2023 Test Administrations (check all that apply):
- [ ] Fall Grades 3–8 Reading and Mathematics Growth Assessments
- [ ] Winter Grades 3–8 Reading and Mathematics Growth Assessments
- [ ] Fall 2022 Writing
- [ ] Fall 2022 Non-Writing

I acknowledge that I will have access to the Virginia Assessment Program (VAP) tests for the purpose of administering a test. I also acknowledge that I have read, understand, and agree to adhere to all elements of the School Division Personnel Test Security Agreement and the following:

1. I have read the legislation passed by the Virginia General Assembly (§ 22.1–19.1 Action for violations related to secure mandatory tests and § 22.1–292.1 Violations related to secure mandatory tests).
2. I understand that if test security procedures are not followed, my license may be suspended or revoked and/or I may be assessed a civil penalty for each violation.
3. All known or suspected violations of Virginia Assessment Program test security shall be reported to appropriate school division personnel or to the Virginia Department of Education. To contact the Virginia Department of Education to report a known or suspected violation, call student assessment staff at (804) 225-2102, or mail details to Department of Student Assessment, Accountability, and ESEA Programs, Virginia Department of Education, P.O. Box 2120, Richmond, VA 23218-2120.

Please be sure to sign and return the School Division Personnel Test Security Agreement to the appropriate test administrator before participating in any Virginia Assessment Program test administration activities involving secure test materials.

Pages 1–2 of this document should be photocopied.
Please read legislation passed by the Virginia General Assembly (§ 22.1–19.1 Action for violations related to secure mandatory tests) regarding the repercussions of violating test security.

§ 22.1–19.1. Action for violations related to secure mandatory tests.

A. The Office of the Attorney General, on behalf of the Board of Education, may bring a cause of action in the circuit court having jurisdiction where the person resides or where the act occurred for injunctive relief, civil penalty, or both, against any person who knowingly and willfully commits any of the following acts related to secure mandatory tests required by the Board to be administered to students:

1. Permitting unauthorized access to secure test questions prior to testing;
2. Copying or reproducing all or any portion of any secure test booklet;
3. Divulging the contents of any portion of a secure test;
4. Altering test materials or examinees’ responses in any way;
5. Creating or making available answer keys to secure tests;
6. Making a false certification on the test security form established by the Department of Education;
7. Excluding students from testing who are required to be assessed; or
8. Participating in, directing, aiding or abetting, or assisting in any of the acts prohibited in this section.

For the purpose of this subsection, “secure” means an item, question, or test that has not been made publicly available by the Department of Education.

B. Nothing in this section may be construed to prohibit or restrict the reasonable and necessary actions of the Board of Education, Superintendent of Public Instruction, or the Department of Education or their agents or employees engaged in test development or selection, test form construction, standard setting, test scoring, reporting test scores, or any other related activities which, in the judgment of the Superintendent of Public Instruction or Board of Education, are necessary and appropriate.

C. Any person who violates any provisions of this section may be assessed a civil penalty not to exceed $1,000 for each violation. Furthermore, any person whose administrative or teaching license has been suspended or revoked pursuant to § 22.1-292.1 may be assessed a civil penalty for the same violation under this section and the reasonable costs of any review or investigation of a violation of test security.

All civil penalties paid to the Commonwealth pursuant to this section shall be deposited into the Literary Fund.

D. For the purpose of this section, “person” shall not mean a student enrolled in a public school.

Please read legislation passed by the Virginia General Assembly (§ 22.1–292.1 Violations related to secure mandatory tests) regarding the repercussions of violating test security.

§ 22.1-292.1. Violations related to secure mandatory tests.

A. The Board of Education may (i) issue a written reprimand to or (ii) suspend or revoke the administrative or teaching license of any holder of a Board-issued administrative or teaching license who knowingly and willfully commits any of the following acts related to secure mandatory tests administered to students as required by this title or by the Board of Education:

1. Giving unauthorized access to secure test questions;
2. Copying or reproducing all or any portion of any secure test booklet;
3. Divulging the contents of any portion of a secure test;
4. Coaching or assisting examinees during testing or altering test materials or examinees’ responses in any way;
5. Making available any answer keys;
6. Failing to follow test security procedures established by the Department of Education;
7. Providing a false certification on any test security form required by the Department of Education;
8. Retaining a copy of secure test questions;
9. Excluding students from testing who are required to be assessed; or
10. Participating in, directing, aiding, assisting in, or encouraging any of the acts prohibited by this section.

For the purposes of this section, “secure test” means an item, question, or test that has not been made publicly available by the Department of Education.

Nothing in this section shall be construed to prohibit educational personnel from providing input to administrators or other authorized personnel, including school board members and members of the General Assembly, except when done in a manner that violates test integrity or security regarding the accuracy, clarity, or propriety of test items or test administration procedures.

B. Nothing in this section shall be construed to prohibit or restrict the reasonable and necessary actions of the Board of Education, the Superintendent of Public Instruction, or the Department of Education in test development or selection, test form construction, standard setting, test scoring and reporting, or any other related activities which, in the judgment of the Superintendent of Public Instruction or the Board of Education, are necessary and appropriate.

C. Any suspension or revocation imposed for the acts enumerated in this section shall be rendered pursuant to Board regulations promulgated pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) and § 22.1-298.1, governing the licensure of teachers.
APPENDIX A

Virginia Assessment Program
2022–2023 School Division Test Security Agreement
For Growth, Writing, Non-Writing, and VAAP Test Administrations

Directions: School divisions are required to submit the School Division Test Security Agreement one time annually agreeing to maintain security for all Virginia Assessment Program tests administered during the school year (refer to the list below).

Check all test administrations that the division is participating in during the 2022–2023 school year.

- Growth Assessments
- Writing Assessments
- Non-Writing Assessments
- Virginia Alternate Assessment Program (VAAP) Assessments

Scan and email the Division Test Security Agreement no later than by the Friday before the first week of the division’s first testing windows.

TO: Pearson
Virginia Assessment Program
VAATR@pearson.com

The Virginia school division ___________________________ (School Division Name) acknowledges that the 2022–2023 Virginia Assessment Program tests are secure tests and agrees to the following to ensure test security:

1. The school division will take all necessary precautions to safeguard all secure test materials by limiting access to persons within the school division with a responsible, professional interest in the tests’ security.

2. All persons having access to secure test materials (other than students to whom the test is administered) will read the legislation passed by the Virginia General Assembly (§ 22.1–19.1 Action for violations related to secure mandatory tests and § 22.1–292.1 Violations related to secure mandatory tests), will read and sign the School Division Personnel Test Security Agreement, complete and sign affidavits and transmittal forms as directed in the Test Implementation Manual, and will observe all other security-related procedures established and required by the Virginia Department of Education. Copies of all completed and signed security agreements, transmittal forms, and affidavits will be kept on file by the Division Director of Testing.

3. Student Testing Tickets, Proctor Testing Tickets and Student Resource Materials will be printed no more than 96 hours (4 school days) prior to the test session start date. Secure paper test materials, including test booklets and audio/special forms kits, will be delivered to schools no earlier than 96 hours (4 school days) prior to the date of testing. School Test Coordinators will deliver the secure materials to Examiners no sooner than the date of testing.

4. Under no circumstances will students be permitted to remove test materials from the testing location.

5. The school division will take all necessary precautions to ensure that students’ responses are not altered in any way.

6. Upon completion of testing, the school division will ensure proper disposition of all test materials as directed in the Test Implementation Manual.

By signing this document, I am assuring the Virginia Department of Education and Pearson that I, and anyone having access to the Virginia Assessment Program test materials, will abide by the above conditions.

Division Name: ____________________________________________

School Name: ____________________________________________

A separate School Affidavit must be submitted at the end of each test administration and returned to the Division Director of Testing (DDOT), who must keep the signed school affidavits on file.

Check the Fall/Winter 2022/2023 Test Administration (choose one):

- Fall Grades 3–8 Reading and Mathematics Growth Assessments
- Winter Grades 3–8 Reading and Mathematics Growth Assessments
- Fall 2022 Writing
- Fall 2022 Non-Writing

SCHOOL AFFIDAVIT (choose one)

Violations of the School Division Personnel Test Security Agreement. Choose one only:

- I certify that, to my knowledge, no one in the school building has violated the School Division Personnel Test Security Agreement.

  OR

- I certify that I am aware of a violation(s) of the School Division Personnel Test Security Agreement in this school building. The violation(s) has been reported to the Division Director of Testing.

Return of secure testing materials for paper tests. Choose one only:

- All secure testing materials for paper tests have been returned to the Division Director of Testing as directed.

  OR

- A testing irregularity has been filed with the Division Director of Testing regarding the secure paper test materials that were lost or destroyed. All other secure testing materials, received from the Division Director of Testing, have been returned.

  OR

- Our School did not receive or administer any paper tests.

APPENDIX B

Special Testing Accommodations: Resources and General Guidance

VIRGINIA ASSESSMENT PROGRAM

Before testing, the Examiner should become familiar with special testing accommodations specified in students’ IEPs, 504 Plans, or EL Assessment Participation Plans. Additionally, special testing accommodations may be provided to students with a documented temporary condition who do not have an IEP or 504 Plan. The Examiner should coordinate with the STC to determine how special testing accommodations will be provided during the testing session. Consult the resources listed below:

- Participation in the Virginia Assessment Program: A Resource for Educators and Parents of Students with Disabilities
- Testing Accommodations for Students with Disabilities: Growth Assessments and Standards of Learning Tests
- Procedures for Determining English Learner Participation in the Virginia Assessment Program
- Procedures for the Read-Aloud Accommodation: Growth Assessments and Standards of Learning Tests
- Explanation of Testing Accommodations for Students with Disabilities—Math Aids—Accommodation Code 19
- Explanation of Testing Accommodations for Students with Disabilities—Assistive Technology Accommodations
- Calculator Accommodation Criteria Form

These and other resources are located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

Paper Test Format

All students are required to take the online version of the tests with the exception of students who meet one of the criteria for paper testing listed below:

- The student attends school in a location where a secure network connection or the required technology is not available to access an online test. Such locations include the following: special situations schools; homebound, residential, or hospital placement; night school or Governor’s School.
- The student requires an accommodation specified in their Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described as an accommodation requiring a paper test (e.g., large-print test, braille test, brailier, and some instances of multiple test sessions).
- The student has a documented medical condition, such as a seizure disorder, where exposure to the testing device will aggravate the student’s condition.
- The student’s eligibility for paper tests has been established using the Documentation of Need for Paper Assessment form (available from the DDOT). The form documents that the use of paper tests is intended only to provide access to the assessments for the following students:
  - Students with disabilities who require other accommodations that necessitate a paper test.
  - Students with medical conditions that render them unable to take an online test.

The use of paper tests may not be permitted for the purpose of improving performance.
Additional materials required for testing accommodations

Some accommodations require additional materials and supplies for test administration. It is important to identify these materials or devices prior to testing. For example: Examiners conducting a paper test read-aloud administration MUST ensure that the test booklets used have IDENTICAL form numbers so that the Examiner and student(s) are viewing the same test items. Examiners conducting an online read-aloud administration for non-CATs should use a Proctor Testing Ticket on their own testing device to log in and access the identical online form number the student(s) are viewing on their testing device. Some special test accommodations require that the test administration be recorded (audio or audio and video recorded) or proctored; therefore, an appropriate recording device must be used. Students taking an audio test will require head phones (for online and some paper tests) and a CD player (for some paper tests). Other students may require magnification aids, spelling aids, math aids, a braille writer, a calculator, etc., depending on what is specified in the student's IEP, 504 Plan, or EL Assessment Participation Plan.
# Testing Accommodations for Students with Disabilities

## VIRGINIA ASSESSMENT PROGRAM

The accommodations listed in this section and explained on the following pages are available to eligible students with disabilities and must be documented in the student's IEP or 504 Plan. Staff administering assessments with accommodations must be familiar with the information in this section.

Students may be provided with appropriate special test accommodations needed to access the Virginia Assessment Program tests if they have a documented temporary condition such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student's school/division file. For additional information regarding temporary conditions, refer to the *Test Implementation Manual*.

Accommodations are commonly placed in the four categories noted below, and guidance for each of the accommodations is provided in the pages that follow.

</table>
Timing/Scheduling Accommodations

The VAP tests are untimed, but ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. Some students, for example, may be unable to concentrate for a long period of time, have short attention spans, or have a disability that affects stamina. Establishing breaks or scheduling the test over two or more school days may be appropriate for these students.

Before attempting a test, the student should be familiar with their specific test schedule and the time frame of their test (e.g., time of day, taking a test over multiple days, frequent breaks). Familiarity with the test schedule or time frame is best provided as part of regular instruction well in advance of the actual test administration.

- **Multiple Test Sessions**  
  *Use accommodation code 1.*

  Students with disabilities who require multiple test sessions, when the test will be completed in two or more school days, must be administered a paper test. When administering a paper test, care must be taken to ensure that the student is exposed only to those test items in the portion of the paper test that the student is attempting that day. Previously completed items and items not yet accessed must be sealed to prevent accidental exposure to the student.

  **NOTE:** The short-paper component of the *Writing* assessment, whether administered in paper or online, must be completed in one school day and does not qualify for multiple test sessions; however, the student may be given breaks under secure conditions.

- **Flexible Schedule**  
  *Use accommodation code 31.*

  Students with disabilities may receive adjustments to their test schedule to include:

  **Time of Day:** The student is assessed during the time of day that is most appropriate for the student.

  **Order of Tests:** The order of tests administered is based on what is most appropriate for the student.

  **Planned Breaks During Testing:** Students who require breaks, but not multiple test sessions, must complete the test in one school day. The schedule for breaks must be determined prior to testing and be based on the routine use of scheduled breaks during classroom assessment. The Test Examiner and School Test Coordinator should work together to establish the procedure for notifying the student to begin and end a break during testing. Breaks are available for either online or paper tests. The break(s) must be supervised. Test security must be maintained at all times during the break(s). The student must not be allowed to discuss the test in any way, must not have access to any educational materials or electronic devices during the break(s), and must not disrupt other students who are continuing to test.

  The student’s test materials must not be accessible or viewable by other students or by school personnel during the break(s). If the student is testing online, the student should either be *Exited* from the online test or, if the testing room will be securely maintained, the student’s screen could be turned off or covered prior to the break(s) to maintain test security. If the student *Exits* the test, the test must be *Resumed* on the Students in Sessions screen in PearsonAccess™ and the student must log back into TestNav using their Student Testing Ticket. If the student’s screen was turned off or covered and the student did not *Exit*, the student must return to the same testing device to continue testing.

Setting Accommodations

Before attempting a test, the student should be familiar with the setting of their test (location of the test administration, using special furniture, lighting in the testing room, fidget/sensory items). Familiarity with the test setting is best provided as part of regular instruction well in advance of the actual test administration.

- **Setting**  
  *Use accommodation code 32.*

  Students with disabilities may receive adjustments to their test setting to include:

  - **Location:** The test is administered in an alternate location, to minimize distractions for the student, or the student is assessed in a non-school setting as determined by the IEP team or the 504 committee.
• Adaptive or Special Furniture: The student is assessed using adaptive or special furniture, such as balance balls, cushions, or a raised desk surface.

• Special Lighting: The lighting in the testing room may be modified based on what is most appropriate for the student.

• Fidget/Sensory Items: Fidget/Sensory items permit the student to move during testing without disrupting others, help maintain focus, provide a reinforcement system, help manage anxiety or impulsivity.

The following conditions must be implemented:

1. The fidget items must not contain text of any type. If manufacturer information is printed on the fidget items that may impact student performance, it must be covered or removed.

2. The Examiner must be careful to verify that the fidget items do not have marks of any kind added both before and after the test session.

3. The student must not be prompted to use the fidget items during the test session. The student must initiate using the fidget items independently during the testing session.

4. The student must be tested individually so that other test-takers are not distracted.

5. The Examiner (and Proctor, when a proctor is present during the test session) must sign written statements indicating that the test was administered under the conditions listed by VDOE in this section and under secure testing conditions. These written statements must be kept on file in the office of the Division Director of Testing until the student’s score reports are verified and Authorization to Report (ATR) is approved for this test administration.

### Presentation Accommodations

Before attempting a test, the student should be familiar with how the test will be presented (e.g., using visual aids, read aloud, audio, etc.). Familiarity with the test presentation or test format is best provided as part of regular instruction well in advance of the actual test administration.

- **Written Directions Accompanying Oral Directions**  
  *Use accommodation code 7, Test Directions Delivery.*

  The student may receive a copy of the bold, “SAY,” testing directions from the Examiner’s Manual (for online tests) or from the Supplement to the Examiner’s Manual (for paper tests). Prior to providing the directions to the student, the student’s copy must be reviewed by a second staff member to ensure all the SAY directions from the Manual are included. The non-bold directions that provide instructions only for the Examiner/Proctor should be removed.

- **Specific Verbal Prompts**  
  *Use accommodation code 20.*

  The Examiner is permitted to use specific verbal prompts to help students with disabilities remain focused on completing the assessment. The following statements are the only prompts that may be used with students during tests:

  “Please continue with your test.”
  “Keep working.”
  “Keep going.”
  “Focus.”
  “Stay focused.”

  The IEP Team or 504 Committee must select from these five phrases to choose the specific verbal prompt(s) which will be used. The specific verbal prompt(s) selected must be documented in the IEP or 504 Plan. All other verbal prompts must be approved by the Office of Student Assessment using the Special Assessment Accommodation Request form before the prompts are used on any tests.
The student must be assessed individually to ensure that other test takers are not distracted.

The test session must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

■ Visual Aids

Use accommodation code 4.

Visual aids may include:

- Color overlays or tinted screens. A student may use only one blank color overlay. Prior to the assessment session, the Examiner and student must use practice tests to verify that the color overlay or the tinted screen does not obscure any shaded areas of online test items.

- Graphic organizers. A student may use a graphic organizer to organize content in response to a test item or in response to the prompt for the short-paper component of the Writing SOL test. The structure of the graphic organizer may not clue or guide the student in any manner. Graphic organizers must be blank and must not contain directions, words, letters, numbers, symbols, color coding, or text of any kind. Graphic organizer software must produce only blank templates that may be used electronically or in print and that must not contain directions, words, letters, numbers, symbols, color coding, or text of any kind. Template libraries, hyperlink functions, and access to the Internet must be disabled and the software must be used on a separate device from the online testing device. Testing staff must ensure the graphic organizer is not visible to other students. Individual testing or physical barriers between students may be used.

- Magnification. Testing staff must ensure that assessment items are not visible to others. This may require windows to be covered and/or individualized testing.

  - Physical magnification devices, such as a magnifying glass or screen magnifier, which are placed over the display for visually impaired students may be used.

  - Electronic magnification devices, such as a closed-circuit television (CCTV), a large monitor, an interactive or electronic whiteboard, or a LCD projector which projects the assessment onto a large screen or board may be used by visually impaired students for magnification purposes only. These magnification devices must not save or capture any portion of the test or use software running concurrently with TestNav.

- Periodic Table of the Elements. A student may use a paper copy of the Periodic Table of the Elements with the online Chemistry SOL test. The Periodic Table of the Elements must be downloaded from the Virginia Department of Education website at:

  Testing staff must ensure the Periodic Table of the Elements is not visible to other students. Individual testing or physical barriers between students may be used. After the test has been completed, the paper Periodic Table of the Elements must be collected with all other secure testing materials (Student Testing Tickets, scratch paper, etc.) and returned to the DDOT or securely destroyed per local instructions.

- Templates. A student may use a template (or mask) that is blank that allows a student to see one word, sentence, or line of print at a time. Markers may be used to allow the student to maintain their place. Use accommodation code 4 for a student who requires a paper test and the use of a mask or template.

  - Use of accommodation code 4 is not required for students taking an online test. The Line Reader Mask, Answer Mask, and Highlighter tools are available to all students taking an online test and are not considered accommodations.

  - Students may not hold a template or mask up to or over the testing device's screen.

  - Students taking online tests must receive prior practice using the Line Reader Mask, Answer Mask, and Highlighters tools on practice items using TestNav.

■ Auditory Aids

Use accommodation code 5.

- Amplification Equipment. Students may use amplification equipment, such as an auditory trainer, FM system, or other devices, that will amplify the examiner's voice for students with a hearing disability or difficulty maintaining focus. For additional guidance, refer to Guidelines for Working with Students Who are Deaf and Hard of Hearing in Virginia Public Schools, available on the VDOE website at:
• Whisper Phone. A student may use a whisper phone as auditory support to amplify the sounds and words they are reading. This accommodation must be administered in an individual session to ensure that other test takers are not distracted.

• Noise Dampening Equipment. A student may wear noise dampening headphones, ear muffs, or ear plugs to reduce distractions while taking an assessment. The headphones, earmuffs, or ear plugs must be worn only after all Examiner instructions are completed and may not be connected (wired or wireless) to any music, phone, or other electronic device during the test session. The student will be provided the headphones, earmuffs, or ear plugs, but must put them on independently.

Guidance for Hearing Aids with Internet-Connected Devices

The Hearing Aids with Internet-Connected Device Form must be submitted to VDOE for students with disabilities who require hearing aids that allow a connection to an Internet-enabled device, such as a smartphone, during the administration of an assessment. The Hearing Aids with Internet-Connected Device Form does not need to be submitted for students with hearing aids that cannot be connected to an Internet-enabled device.

- Large-Print Test
  Use accommodation code 6.
  Available with paper tests only

  Large-print tests are available only to students who have a documented visual impairment. A copy of the large-print test is provided in regular print to the Examiner/Proctor administering the large-print test.

- Braille Test
  Use accommodation code 9.
  Available with paper tests only

  Braille tests are available only to students who have a documented visual impairment. A copy of the braille test is provided in regular print to the Examiner/Proctor administering the braille test. The current braille formats available for Virginia Assessment Program tests are listed in the following table:

<table>
<thead>
<tr>
<th>Content Area Test</th>
<th>English Braille American Edition (EBAE) with Nemeth</th>
<th>Unified English Braille (UEB)</th>

Guidance for Reading Tests Aloud—Information for all Assessments

The IEP or 504 Plan must include specific directions for the administration of the read-aloud accommodation. For example, a student’s accommodation may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

- Unless otherwise specified in the student’s IEP/504 Plan, the student will maintain control of the testing device. The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.
- When reading the test aloud, the Examiner must be careful not to lead the student to the correct answer by intonation or to repeat any part of the test that is not specifically requested by the student.
- The Examiner must only read the text contained within a graphic (diagram, chart, table, picture, map, or other art) exactly as written using a natural tone. It is not permissible to describe or interpret information contained in a graphic.
- The Examiner should be familiar with how to read test items to students. Examiners may use the PearsonAccess™ audio Practice Items to hear how tests should be read aloud and to practice reading types of test items.
- In order to provide the student multi-sensory stimulation, the student must be provided the regular print, large-print, braille, or online version of the test to follow along as the Examiner reads.
- Test items must be read in English.
- All read-aloud administrations must be recorded or proctored throughout the entire read-aloud test administration.

Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

- For more detailed information, refer to Procedures for the Read-Aloud Accommodation: Growth Assessments and Standards of Learning Tests at:
  
  http://www.doe.virginia.gov/testing/participation/index.shtml

■ Read-Aloud Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments
  
  Use accommodation code 10.

The read-aloud accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students with disabilities as specified in the IEP or 504 Plan. Refer to the Guidance for Reading Tests Aloud—Information for all Assessments, located in this document, for additional information.

■ Read-Aloud Accommodation on the Reading Assessment
  
  Use accommodation code 14.

The read-aloud accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument that was administered by a qualified professional. Students with disabilities who are simply having difficulty reading text and/or are reading below grade-level are not allowed the read-aloud accommodation on the statewide Reading assessments. Refer to the Guidance for Reading Tests Aloud—Information for all Assessments, located in this document, for additional information.

NOTE: For the EOC Reading test, under certain circumstances, students with disabilities may receive the read-aloud accommodation (accommodation code 14) even though the student has not been determined as eligible by the school division according to the criteria required for the read-aloud accommodation on the Reading Assessment. To qualify, the student must meet all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud or audio accommodation; and
- the student’s IEP/504 Plan lists the read-aloud or audio accommodation for other tests; and
- the student receives the read-aloud or audio accommodation in the classroom.

The read-aloud accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student’s test with accommodation codes 14 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccess®.
NOTE: If a student passes the EOC Reading test using a non-standard accommodation, the student is considered to have passed for the purpose of earning a verified credit toward graduation.

**Guidance for Creating an Online Read-Aloud Test Session**

NOTE: The following guidelines do not apply to Computer Adaptive Tests.

Examiners who will be reading an online test aloud to students who require this accommodation will be given access to an online test to be viewed on the Examiner’s testing device only, through the use of a Proctor Testing Ticket. This online test will not be scored or reported in the online system. Access to the test is being provided to allow the Examiner to read the questions and answer options to the student(s) on a testing device that is separate from the student’s testing device. Directions for the DDOT and/or STC for creating read-aloud sessions are as follows:

- When creating the new test session, check the box for *Proctor Reads Aloud*. Select the appropriate *Form Group Type Context* (Regular, Expedited Retake, Term Grad), then select the appropriate Main *Form Group Type*.
- Select the *Authorizations* button to view the Proctor Testing Ticket. Selecting this button will display the Proctor Testing Ticket. This ticket should be printed on colored paper to differentiate it from the students’ test tickets and kept secure until the day of testing. The Proctor Testing Ticket should be printed no more than 4 days prior to the start of a test session.
- The Proctor Testing Ticket is not valid until the test session is started, and will remain active until the test session is stopped. Unlike the students’ online tests, the Examiner may exit the test and log back into the test using the login information on the ticket without resuming the test. Because of this, Proctor Testing Tickets are highly secure materials and must be kept secure until the test session is in STOPPED status. It is imperative that read-aloud test sessions are stopped immediately after the test session is complete. All read-aloud administrations must be audio recorded or proctored.
- Student and Proctor Testing Tickets are generated based on the form group type designated when the session is created. ALL students in the session will receive the same form. Any student needing a form different from the rest of the session must be removed from the session and placed in a new test session set up with that form group type.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student’s test on the Test Details screen. If the accommodation code is not applied, the test will be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.

**Guidance for Creating an Online Session for the Read-Aloud Accommodation for Computer Adaptive Tests (CAT)**

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student’s response to each question. Because the selection of items is customized for each student, an Examiner/Proctor test cannot be displayed on a separate testing device that would match the student’s test. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the guidance below for creating the student’s session:

- The test must be administered individually.
- When creating the new test session, do NOT check the box for *Proctor Reads Aloud*. Select the appropriate *Form Group Type Context* (Regular or Expedited), then select the appropriate Main *Form Group Type*.
- A Computer Adaptive Test cannot be reviewed by the Examiner prior to the test administration. Examiners may use the Practice Items in audio format to hear how test items should be read aloud.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student’s test on the Test Details screen. If the accommodation code is not applied, the test will not be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.
Guidance for Choosing the Online Audio Test Accommodation for Students with Disabilities Who Typically use the Read-Aloud Accommodation in the Classroom

School divisions are told that students should not use accommodations during testing unless they use the same accommodation during classroom instruction and assessments. Since it would be very difficult for school divisions to provide an online audio accommodation during instruction, the following guidelines provide clarification as to the circumstances under which a student could be provided with an online audio accommodation during testing.

- The IEP Team or 504 Committee must determine whether the read-aloud accommodation administered by a Test Examiner or the online audio accommodation is the more appropriate delivery method for online testing. It is particularly important that the parent agrees to the delivery method and that the decision is clearly documented in the IEP or 504 Plan.
- The online audio accommodation on the test may be provided to students who typically have a read-aloud accommodation during instruction or to those who use recorded media or text readers in the classroom.
- If the IEP Team or 504 Committee determines that the online audio accommodation is the more appropriate accommodation, the student should have practice with audio Practice Items available within TestNav.

- Audio Accommodation on Mathematics, Science, History/Social Science, and Writing Assessments
  Use accommodation code 11.

  Refer to the Guidance for Choosing the Online Audio Test Accommodation for Students with Disabilities Who Typically use the Read-aloud Accommodation in the Classroom, located above. Audio format is not available for some paper tests. Refer to the forms matrix for availability.

  In order to provide the student multi-sensory stimulation, the student must be provided the regular print (online or paper), large-print, or braille version of the test to follow along as the audio plays.

- Audio Accommodation on the Reading Assessment
  Use accommodation code 15.

  The audio accommodation on the statewide Reading assessments is allowed only for students with a visual impairment, including blindness, and those students with a specific disability that severely limits or prevents them from decoding text at any level of difficulty as determined by a diagnostic tool or instrument that was administered by a qualified professional. Students with disabilities who are simply having difficulty reading text and/or are reading below grade-level are not allowed the audio accommodation on the statewide Reading assessments. Audio format is not available for some paper tests. Refer to the forms matrix for availability.

  NOTE: For the EOC Reading test, under certain circumstances, students with disabilities may receive the audio accommodation (accommodation code 15) on the EOC Reading test even though the student has not been determined as eligible by the school division according to the criteria required for the audio accommodation on the Reading Assessment. The student must meet all of the following criteria:

  - the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud or audio accommodation; and
  - the student's IEP/504 Plan lists the read-aloud or audio accommodation for other tests; and
  - the student receives the read-aloud or audio accommodation in the classroom.

  The audio accommodation on the EOC Reading test will be considered a non-standard accommodation (accommodation code B). In addition to marking the student's test with accommodation codes 15 and B, the test must be marked as retest on the Student Test Details screen in PearsonAccessnext.

  NOTE: If a student passes the EOC Reading test using a non-standard accommodation, the student is considered to have passed for the purpose of earning a verified credit toward graduation.
Guidance for Online Audio Test Sessions

• The STC or designated technology representative should ensure that the online audio test is cached before the test session begins.

• The DDOT or STC may assign the online audio form to a student after the test session has been created. For directions on assigning the audio form, refer to PearsonAccessnext Online Support, located at https://support.assessment.pearson.com/x/BYDy.

• When administering the online audio version of a test, an audio player/tools will appear on the user’s screen. Students use the player/tools to play, pause, replay, advance the audio, and to control the volume and speed.

• Prior to testing, the student should have received practice with the audio player/tools by accessing SOL Practice Items within TestNav.

• The student must select the forward button for each passage/question. Students may listen to a passage/question as many times as necessary.

• If several students will be tested using the online audio form in the same location, headphones must be provided for each of the students.

• If a student needs clarification of what was heard on the audio test, the Examiner may repeat or read anything on the screen that is requested by the student but with caution not to inadvertently disclose a response (e.g., reading numbers versus place values, etc.). The Examiner may not answer questions about the passages or test items, provide definitions, or explain test items for students.

• Using an online audio version of the test is a preferred method of oral presentation as it provides uniform administration statewide. The student should have instructional experience with similar electronic media players found on electronic devices. Unless the student has experience with using electronic media players, the online audio version of a test may place the student at a disadvantage.

Guidance for Interpreting/Transliterating (sign language, cued speech)—Information for ALL Assessments

Interpreters/Transliterators may be used for students who are deaf or have a hearing impairment and who have interpretation documented as an accommodation in their IEP or 504 Plan. The Interpreter/Transliterator may interpret/transliterate test directions, sample items, questions regarding the mechanics of testing directed to and answered by the Examiner, and test items. The student’s IEP Team or 504 Committee should determine the best method to provide the student with hearing impairments or deafness access to assessment items.

Interpreters/Transliterators for all tests:

• must participate in Examiner/Proctor training offered at the division or school;

• must fill out and sign the Interpreter’s Affidavit for each student receiving interpreting/transliterating services. The affidavit is located in Appendix C of the Test Implementation Manual;

• must read, understand, and agree to adhere to the School Division Personnel Test Security Agreement;

• may help prepare students for testing by interpreting practice items, released tests, or other materials designed for test preparation;

• may have access to the tests for review purposes 24 hours prior to the test administration as authorized by the DDOT. If the Interpreter/Transliterator requires access to an online test for review purposes, the DDOT must contact the Office of Student Assessment for assistance. The pre-testing review must be conducted under supervision. NOTE: A Computer Adaptive Test cannot be reviewed prior to the test administration.

During testing, the Interpreter/Transliterator functions as the communication facilitator and must read each item to him/herself silently before interpreting/transliterating it to the student to ensure that the correct response is not inadvertently disclosed. The Interpreter/Transliterator must be careful not to lead the student to a correct answer by facial expression or by repeating any part of the test which is not specifically requested by the student. The Interpreter’s/Transliterator’s role and professional code of ethics prohibit answering questions directly or providing assistance in answering test questions. The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
Interpreting/Transliterating Test Directions (sign language, cued speech)

*Use accommodation code 7, Test Directions Delivery.*

Testing sessions for students who are deaf or have a hearing impairment and who normally communicate in sign language or using cued speech may include a qualified interpreter or transliterator for testing directions or to interpret/transliterate questions answered by the Test Examiner. The Test Examiner must be present for the testing session and must read the test directions aloud as presented in the *Examiner’s Manual* so that they can be interpreted/transliterated. The interpreter/transliterator should communicate sample test items that are read aloud as part of the test directions, and student questions should be directed to the Test Examiner.

Interpreting/Transliterating Mathematics, Science, History/Social Science, and Writing Assessments

*Use accommodation code 12.*

The interpreting/transliterating accommodation for Mathematics, Science, History/Social Science, and Writing assessments is allowed for students who are deaf or have hearing impairments as specified in the IEP or 504 Plan. The test items may be interpreted/transliterated directly from assessments (paper or online formats) or from items read to the student by Test Examiners. The student’s IEP Team or 504 Committee should determine the best method to provide the student access to assessment items. The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

Interpreting/Transliterating the Reading Assessment

*Use accommodation code 16.*

Students who are deaf or have a hearing impairment may be considered by school divisions for the interpreting/transliterating accommodation on the Reading assessment because of difficulty hearing phonemes, which is a part of the decoding process. Eligibility must be determined by a diagnostic tool or instrument administered by a qualified professional. If a student who is deaf or hearing impaired is found eligible for the interpreting/transliterating accommodation because their hearing impairment severely limits the ability to decode text, the test would be administered through an interpreter if that student uses sign language as their method of communicating. The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

If the student does not use an interpreter, but depends on speech reading in addition to audition for comprehension, the read-aloud accommodation should be done face-to-face and recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

Guidance for Creating an Interpreting/Transliterating Online Test Session

If the Interpreter/Transliterator is interpreting/transliterating an online test, the Interpreter/Transliterator will need access to the test on a separate testing device unless the test being administered is a Computer Adaptive Test (CAT). Follow the Guidance for Creating an Online Read-Aloud Test Session located in this section in order to obtain a Proctor Testing Ticket for the Interpreter/Transliterator. If the Interpreter/Transliterator requires access to the test for review purposes, the DDOT must contact the Office of Student Assessment.
Guidance for Interpreting/Transliterating a Computer Adaptive Test (CAT)

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student’s response to each question. Because the selection of items is customized for each student, an Interpreter's/Transliterator's copy of the test cannot be displayed on a separate testing device. If the student requires interpretation/transliteration services on a Computer Adaptive Test, follow the interpreting/transliterating guidelines in Interpreting/Transliterating Test Items (e.g., sign language, cued speech)—Information for ALL Assessments, located in this document, as well as all of the following:

- The test administration must be administered individually.
- The test administration must be video recorded or proctored by an individual fluent in the type of interpretation/transliteration used. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
- The student and the Interpreter/Transliterator must position themselves so that the student has access to the testing device and can see the Interpreter/Transliterator, and the Interpreter/Transliterator can see the test questions on the student’s testing device.
- Unless otherwise specified in the student’s IEP/504 Plan, the student will maintain control of the testing device. The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.
- A Computer Adaptive test cannot be reviewed by the Interpreter/Transliterator prior to the test administration. Interpreters/Transliterator may practice interpreting/transliterating test questions using the Practice Items for the specific test.
Response Accommodations

Response Accommodations

It is important to remember that even when accommodations are provided, all responses on the assessment must be generated by the student and not influenced by others. Before attempting a test, the student should be familiar with how the student will be providing responses to test items/prompt (e.g., using a communication board, using an augmentative communication device, pointing). Familiarity with the response method is best provided as part of regular instruction well in advance of the actual test administration.

- **Enlarged Copy of Answer Document**
  *Use accommodation code 8.*
  *Available with paper tests only*
  
  If the student marks responses on an enlarged copy of the answer document, the student’s responses must be transcribed to the regular answer document by a school official. The regular answer document and the enlarged copy of the answer document must be verified by a second school official to ensure that no errors in the transcription occurred. The enlarged copy of the answer document shall be retained on file and secured in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

  **NOTE:** It is the school division’s responsibility to provide the enlarged answer document for the student.

- **Communication Board, Choice Cards**
  *Use accommodation code 13.*
  
  The communication board or choice cards must rest on the work surface and may not be held by the Examiner. The student must independently indicate the response on the communication board or choice cards. Student responses selected from a communication board or choice cards must be transcribed to the regular answer document or entered online by testing staff exactly as the student indicated. The student and the scribe must have previously used this method of communication during instruction. For online testing, practice items must be used so that both the student and the scribe are familiar with the level of communication required to complete the Technology Enhanced Items (TEI). The test administration must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual. The student’s answer choices for paper or online assessments must be verified by a second school official to ensure that no errors in transcription occurred.

- **Examiner Records Responses**
  *Use accommodation code 18.*
  
  Students who are unable to respond to test items by marking a regular or enlarged copy of the answer document, or by selecting the answer online, may have an Examiner/Proctor record their responses. The student may mark in the test booklet, respond verbally, point, or otherwise indicate a response. The Examiner must transfer the student’s responses to the regular answer document or select them on the student’s testing device.

  If the student marks in their own test booklet, the answers must be transcribed onto the answer document. The answer choices in the test booklet and answer document must be verified by a second school official to ensure that no errors in transcription occurred. The student’s name should be clearly printed on the test booklet and the booklet returned with all other secure materials to Pearson. If a discrepancy is discovered after the division has returned its secure materials to Pearson, notify the Office of Student Assessment.

  The student may give the Examiner directions on how to respond to online TEI items by responding verbally, pointing, or otherwise indicating their answers. The student may ask the school official to perform tasks that may include:

  - writing on the student’s scratch paper;
  - using manipulatives;
  - completing each step of mathematical or scientific calculations, with or without the use of a calculator; and
  - manipulating TestNav features/tools.

  If the student responds verbally, points, or otherwise indicates a response, the student must be assessed individually to ensure that other test takers are not distracted. The session between the student and the scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
The student’s responses for the assessment must be verified by a second school official to ensure that no errors in transcription occurred.

- **Brailler**
  
  *Use accommodation code 21, Response Devices. Available with paper tests only*
  
  Blind and vision impaired students may use a braille writer as scratch paper to take notes or complete calculations, respond to the writing prompt of the short-paper component of the Writing test, or record responses to multiple-choice questions on the tests. The braille writing device must not be connected to the Internet or the device’s Internet access must be disabled during the test session. Some braille writing devices have features or capabilities beyond those which allow the student to produce written material in braille. Those additional features must be disabled during the test session. If the student requires the use of one of those features, and that feature is not equivalent to a tool that is allowed for all students (e.g. scratch paper), or does not meet the conditions of a specific accommodation provided in this section (e.g. graphic organizer), a Special Assessment Accommodation Request must be submitted to VDOE. For calculator software or a calculator app, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to VDOE.

  Student responses must be transcribed to the regular answer document by school personnel qualified to read braille. If a student has written responses to the Writing assessment with a braille writer and has used braille shorthand, the student must spell the words in English. The regular answer document and brailled material must be verified by a second testing staff member qualified to read braille to ensure that no errors in transcription occurred. The brailled material shall be retained on file and secured in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

- **Word Processor or Word Processor with Speech-to-Text**
  
  *Use accommodation code 21, Response Devices. Available on the short-paper component of the Writing Assessment only*
  
  These accommodations allow students to use a word processor (software or a device) that may have speech-to-text capability to complete the short-paper component of the SOL Writing test. To be eligible for this accommodation, documentation must exist indicating the student uses a word processor (software or a device) with speech-to-text capability for written classwork. The student may use a hand-held “spell checker” or the spell checking capacity of the word processor, but the student must not be prompted to use it. The student may edit the short paper on the word processor or use a printed copy.

  **NOTE:** The format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component. When using the online format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using their Student Testing Ticket to access the prompt and the Checklist for Writers, and the other device will be used as a word processor to compose the short paper. This device must not be connected to the Internet or the device’s Internet access must be disabled during the test session.

  **Word Processor or Word Processor with Speech-to-Text Guidelines:** If the speech-to-text capability of a word processor (software or a device) is used, the student must be assessed individually to ensure that other test takers are not distracted. Sessions involving speech-to-text must be recorded or proctored. Any automatic correction, thesaurus, or grammar check features of the word processor must be disabled.

  The student may enter their own short-paper response from the word processor (software or a device) into the regular answer document or into the online test’s response area in TestNav. If appropriate, the student’s short paper may be transcribed by testing staff from the word processor to the regular answer document or into the online test’s response area in TestNav. If transcribed, the student’s response must be verified by a second school official to ensure that no errors in the transcription occurred. A paper or an electronic copy (audio/video of the session, output from the device, flash drive, CD, etc) of the short paper must be made and securely stored. After making a copy of the student’s short paper, it must be deleted from the device used to compose the short paper. After the scores are received and verified, and Authorization to Report (ATR) is approved for that test administration, the paper or electronic copy must then be securely destroyed. A document stating that the response to the writing prompt is entirely the student’s work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed by the Test Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

  If the session was recorded or proctored, follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of this section.

### Guidance for Augmentative Communication Devices with Additional Features

Some augmentative communication devices have features or capabilities beyond those which allow the student to respond. Those additional features must be disabled during the test session. If the student requires the use of any of those features, and that feature is not equivalent to a tool that is allowed for all students (e.g. scratch paper), or does not meet the conditions of a specific accommodation provided in this section (e.g. graphic organizer), a Special Assessment Accommodation Request must be submitted to VDOE. For calculator software or a calculator app, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to VDOE.

- **Augmentative Communication Device**
  
  Use accommodation code 22.

  **When using this accommodation on the Writing assessment, use the guidelines below as well as the guidelines provided under the Dictation to a Scribe accommodation (accommodation code 25).**

  To be an eligible accommodation, documentation must exist indicating the student uses an augmentative communication device for their written work. Only augmentative communication devices which produce student responses verbatim may be used.

  - The student must be assessed individually to ensure that other test takers are not distracted.
  - The test format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.
  - The entire testing session must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
  - When using the online test format, two separate devices must be made available to the student. One device will be the testing device where the student will use their Student Testing Ticket to log into TestNav to access the multiple-choice component or the short-paper component of the test. The other device will be the augmentative communication device. This device must not be connected to the Internet or the device’s Internet access must be disabled during the test session.
  - **Multiple-choice/TEI component of the Writing test**—prior to the assessment, the student and scribe should use the augmentative communication device to complete practice items which include TEI. Based on these practice sessions, staff may use the vocabulary software of the augmentative communication device to create preset word banks of ‘direction’ words which will allow the student to direct the scribe to complete TEI items. The word bank may include words such as ‘select,’ ‘drag,’ ‘drop,’ ‘up,’ ‘down,’ ‘right,’ ‘left,’ etc. Additionally, the student may use a preset template to select multiple-choice letter responses. The student may not have access to subject-linked vocabulary options within the augmentative communication device. The Examiner must record the student's responses on the student's testing device or paper answer document exactly as the student indicates. The student’s responses must be verified by a second staff member to ensure that no errors in transcription occurred.
  - **Short-paper component of the Writing test**—the student may use the augmentative communication device to type the short paper using the QWERTY keyboard. The student may not have access to subject-linked vocabulary options of the augmentative communication device. The spell checking capacity of the augmentative communication device may be used, but the student must not be prompted to use it. If a word prediction feature is used, it must provide only single words (not phrases) triggered by the letters chosen by the student. The word options may not be linked by subject. The student may not use any automatic correction, thesaurus, or grammar check features. The student’s typed or printed response to the writing prompt must be transcribed into the response screen of the online test or onto the paper answer document by testing staff.
  - Prior to submitting the test for scoring, the transcribed student's response must be verified by a second school official to ensure that no errors in the transcription occurred. A paper or an electronic copy (audio/video of the session, output from the device, flash drive, CD, etc) of the short paper must be made and securely stored. After making a copy of the student's short paper, it must be deleted from the device used to compose the short paper. After the scores are received and verified, and Authorization to Report (ATR) is approved for that test administration, the paper or electronic copy must then be securely destroyed.
  - A document stating that the response to the writing prompt is entirely the student’s work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed by the Test
Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and Authorization to Report (ATR) is approved for that test administration.

**Augmentative Communication Device**

*Use accommodation code 22.*

*Use these guidelines when using this accommodation on Non-Writing assessments.*

To be an eligible accommodation, documentation must exist indicating the student uses an augmentative communication device for their written work. Only augmentative communication devices which produce student responses verbatim may be used.

- The student must be assessed individually to ensure that other test takers are not distracted.
- The entire testing session must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.
- When using the online test format, two separate devices must be made available to the student. One device will be the testing device where the student will use their Student Testing Ticket to log into TestNav to access the test. The other device will be the augmentative communication device. This device must not be connected to the Internet or the device’s Internet access must be disabled during the test session.
- **Multiple-choice/TEI component of a Non-Writing test**—prior to the assessment, the student and scribe must use the augmentative communication device to complete practice items which include TEI. Based on these practice sessions, staff may use the vocabulary software of the augmentative communication device to create preset word banks of ‘direction’ words which will allow the student to direct the scribe to complete TEI items. The word bank may include words such as ‘select,’ ‘drag,’ ‘drop,’ ‘up,’ ‘down,’ ‘right,’ ‘left,’ etc. The student must use the QWERTY keyboard to provide responses for ‘fill in the blank’ TEI. The student may use a preset template to select multiple-choice letter responses. The student may not have access to subject-linked vocabulary options within the augmentative communication device. The Examiner must record the student’s responses on the student’s testing device or paper answer document exactly as the student indicates. The student’s responses must be verified by a second staff member to ensure that no errors in transcription occurred.

**Word Prediction Software**

*Use accommodation code 21, Response Devices.*

*Available on the short-paper component of Writing Assessment only*

Students with disabilities may use word prediction/selection software on the short-paper component of the SOL Writing assessments. Word prediction/selection is defined as any software providing a student with a selection of single words from student-generated single or multiple keystrokes. For example, a student may type into the software the letter “p.” The software will provide the student with a list of single words starting with the letter “p” (e.g., “plane,” “plain,” “put,” “part,” “please”). It should be noted that word prediction/selection is limited to the software providing selections of single words and not phrases, grammatically appropriate options, or other unrelated word choices generated by student keystrokes to predict sentence structure.

Software with word prediction/selection must not provide prompting for spell checking, grammar checking, predicting phrases or word choices, and must not make use of a thesaurus. If the word prediction/selection software allows selection of a dictionary for use by the software, an appropriate dictionary for the student’s grade level should be selected.

The test format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component. A paper or an electronic copy (audio/video of the session, output from the device, flash drive, CD, etc) of the short paper must be made and securely stored. After making a copy of the student’s short paper, it must be deleted from the device used to compose the short paper. After the scores are received and verified, and Authorization to Report (ATR) is approved for that test administration, the paper or electronic copy must then be securely destroyed.

**Guidelines for Word Prediction Software Using the Online Format of the Short-Paper Component:**

When using the online test format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using their Student Testing Ticket to access the prompt and the Checklist for Writers. The other device will be used to compose the short paper using word prediction software. The device with the word prediction software must not be connected to the Internet or the device’s Internet access must be disabled during the test session.

The student’s short paper is then typed into the response area in TestNav. As specified in the IEP/504 Plan, the student may transcribe their own paper into TestNav, or it may be transcribed and verified by testing staff. Refer
to the Guidance for Transcribing Student’s Answers—Information for All Assessments, located in this document, for additional information.

- **Spelling Aids**
  
  *Use accommodation code 23.*
  
  *Available on the short-paper component of the Writing Assessment only*
  
  Students with disabilities are allowed to use approved spelling aids on the SOL short-paper component of the Writing assessment. Spelling aids include spell checkers and spelling dictionaries. The spelling aid must meet the criteria established by the Virginia Department of Education. The spelling aid must be documented on the student’s IEP or 504 Plan as a testing accommodation. Spell checkers may not automatically correct words or provide prompting for spell checking. If the spell checker allows for the selection of a dictionary, a dictionary appropriate to the student’s grade level should be selected. Further, if automatic correction, prompting for spelling, and/or access to a thesaurus are included, these features must be disabled. A spelling dictionary may be a commercial product as long as there are not hints or clueing included. It should only contain the word lists in alphabetical order. A spelling dictionary could also be a teacher- or student-made personal spelling dictionary with words that the student uses in his or her writing.

  The spelling dictionary must not contain spelling rules, punctuation rules, words used in sentences, pictures, or other clueing.

- **English Dictionary**
  
  *Use accommodation code 29.*
  
  *Available on the short-paper component of the online Writing Assessment only*
  
  Students who cannot access the online spell check tool or other permitted spelling aid for the short-paper component of the online Writing test may use an English dictionary to check spelling. The English dictionary must meet these guidelines:

  - The English dictionary must be a general dictionary without a thesaurus section.
  - The English dictionary must not be content specific or a specialized dictionary.
  - The English dictionary may be either school-owned or student-owned.
  - The English dictionary should be familiar to the student. The SOL Writing Test should not be the first time a student uses the dictionary.
  - The English dictionary must not be altered with hand-written notes anywhere within the dictionary or include additional materials, such as class notes.
  - The English dictionary must be a paper dictionary. An electronic dictionary is not allowed. If a student requires the use of an electronic dictionary to access the online short-paper component of the Writing test, a Special Assessment Accommodation Request must be submitted to VDOE for approval.

  If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of this section.

  **NOTE:** The English dictionary is only designated as an accommodation on the short-paper component of the online Writing test. For the paper short-paper component of the Writing test (2010 SOL), the English dictionary is available to all students and should not be designated as an accommodation.

- **Dictation to a Recording Device**
  
  *Use accommodation code 24.*
  
  *Available for planning the short-paper component of the Writing Assessment only*
  
  The student may use a recording device on the short-paper component of the Writing assessment for pre-writing planning or draft composition. Follow these guidelines when using this accommodation.

  - The student must be assessed individually to ensure that other test takers are not distracted.
  - Only the recording and play-back capability of the device may be used for this accommodation.
  - The student may dictate notes and ideas for the composition of their draft of the short paper.
  - Only the student may use the recording to compose their short paper. The short paper may not be transcribed by any staff member from the student’s recording when using this accommodation.
  - The recording must be securely stored until scores are received and verified and Authorization to Report has been approved. The student’s recording may then be securely destroyed.
Dictation to a Scribe
Use accommodation code 25.
Use these guidelines when this accommodation is used on the short-paper component of the Writing Assessment.
The student must be assessed individually to ensure that other test takers are not distracted.
The student will dictate in English (or use an augmentative communication device with auditory output) responses to the prompt for the short-paper component of the Writing assessment to a school official (scribe), who will transcribe it. The scribe, who should have experience working with the student, must format, capitalize, and punctuate only as directed by the student. The student is not required to spell each word to the scribe. Care must be taken by the scribe not to provide help on test items. Examples of prohibited help include, but are not limited to: discussing test items, providing hints or clues, giving reminders, and giving verbal indications or non-verbal cues about the correctness of a student's answer.
The session between the student and scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

Guidelines for Dictation to a Scribe Using the Online Format of the Short-Paper Component: The process between the student and scribe should be established before testing begins and should follow the format that is used in the classroom. The IEP/504 Plan should specify how the scribing will be completed, from the following options:

- As the student dictates, the scribe may type directly into the response area of the student's short-paper component in TestNav. The student may revise/edit within the response area and submit the test when finished; or
- As the student dictates, the scribe may type the student's response on a word processor using a different device than the one running TestNav. The student may revise/edit the short paper on the word processor or a printed copy. This device must not be connected to the Internet or the device's Internet access must be disabled during the test session. A final paper copy is printed and used for transcription into the response area in TestNav; or
- As the student dictates, the scribe may hand-write the student's response. The student may revise/edit the short paper on the hand-written copy. The final short paper is then transcribed into the response area in TestNav.

Transcriptions into the response area of the student's short-paper component of the Writing test in TestNav must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. Remember that all materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location until scores are received and verified and Authorization to Report has been approved. The student's responses may then be securely destroyed.

If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of this section.

NOTE: The test format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.

Read Back Student Response
Use accommodation code 30.
Available on the short-paper component of the Writing Assessment only

The IEP or 504 Plan must clearly document whether the student's short-paper response will be read back by the Test Examiner or from a device equipped with text-to-speech capabilities. In addition, the read-back accommodation must be used routinely in the student's instruction. Guidance regarding the read-back accommodation by the Test Examiner or from a device with text-to-speech capabilities is provided as follows.

Read-Back Accommodation Provided by the Test Examiner

- The student must be tested individually so other test takers are not distracted.
- The student may request any portion of the draft and/or final short paper to be read back as often as necessary. The student may continue to edit and request read-back until the final short paper is submitted for scoring.
- The Test Examiner must read the student's response back verbatim without providing any assistance. Examples of prohibited help include, but are not limited to: correcting or providing clues to spelling, grammar, and/or punctuation, rewording the response, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal clues about the correctness of the student's response.
Examiner must read only the student’s response, not the writing prompt. If the student uses interpreter services, the Interpreter must sign the Test Examiner’s oral reading of the student’s short paper.

- All read-back sessions must be audio or video recorded or proctored. Video recording is required if an Interpreter is used to sign the Test Examiner’s read back. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

- The final short paper must be written on the regular answer document or entered into the online test’s response area in TestNav.

Read-Back Accommodation Provided by a Device with Text-to-Speech Capability

- The student must be tested individually or with headphones so other test takers are not distracted.

- When using the online format, two separate devices must be made available to the student. The student must first use one device to log into TestNav using their Student Testing Ticket to access the prompt and the Checklist for Writers, and the other device will be used to compose the short paper using a program with text-to-speech capabilities that reads the student’s response verbatim. The student may use the text-to-speech function as often as necessary.

- If the text-to-speech program includes automatic correction, thesaurus, or grammar check, these features must be disabled. The student may use the manual spell-checking capacity of the text-to-speech program, but the student must not be prompted to use it.

- The speech-to-text device must not be connected to the Internet or the device’s Internet access must be disabled during the test session.

- The Test Examiner must not provide any assistance. Examples of prohibited help include, but are not limited to: correcting spelling, grammar, and/or punctuation, rewording the response, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal clues about the correctness of the student’s response.

- The student’s short-paper response from the device with the text-to-speech capability must be printed. The short paper must be transcribed to the regular answer document or into the online test’s response area in TestNav by testing staff. The transcribed student’s response must be verified by a second school official to ensure that no errors in the transcription occurred.

- After the transcription is complete, the paper copy of the short paper must be securely stored. The student’s short paper must be deleted from the device used to compose the short paper. After the scores are received and verified, and Authorization to Report (ATR) is approved for that test administration, the paper copy must then be securely destroyed.

- A document stating that the printed response to the writing prompt is entirely the student’s work and that no “automatic correction, thesaurus, or grammar checker features” were used must be signed by the Test Examiner and Proctor (when present) and retained on file in the office of the Division Director of Testing until the scores are received and verified and ATR is approved for that test administration.

NOTE: The test format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.

Transcriptions into the response area of the student’s short-paper component of the Writing test in TestNav must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.
Guidance Regarding Using Calculators Using a Calculator App and Using Calculator Software

If a student with a disability requires the use of a hand-held calculator, a Calculator Accommodation Criteria Form must be completed and, if applicable, submitted to the Office of Student Assessment.

If a student with a disability requires the use of either a calculator app* or calculator software*, a Calculator Accommodation Criteria Form must be completed and submitted with a Special Assessment Accommodation Request to the Office of Student Assessment.

*The calculator app or software may be included as a feature in a device with another primary purpose such as a brailler or an augmentative communication device.

** Calculators and/or Arithmetic Tools

*Use accommodation code 26.*

Available on the SOL Grades 3–7 or the Grades 3–7 Mathematics Growth Assessments only

Students with disabilities may use approved calculators and/or arithmetic tools on test items or sections of the Grades 3–7 Mathematics SOL assessments or the Grades 3–7 Mathematics Growth Assessments in which a calculator is not allowed. Arithmetic machines and tables/charts are defined as tools that serve the same function as a simple calculator (e.g. four-function calculator). Examples include multiplication charts, addition charts, subtraction charts, or division charts. In order to use a calculator or arithmetic tool, students with disabilities must be found eligible by their IEP Team or 504 Committee using the Calculator Accommodation Criteria Form. If the student is determined eligible, the IEP Team or 504 Committee must document the decision on the student's IEP or 504 Plan and must complete and sign the Calculator Accommodation Criteria Form and maintain a copy in the student's educational record. The Calculator Accommodation Criteria Form is located on the Virginia Department of Education website at:

```
www.doe.virginia.gov/testing/participation/index.shtml
```

**NOTE:** For Mathematics SOL and Growth Assessments tests, follow the information in the following section, Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments for providing students with disabilities access to the hand-held calculator and/or the Desmos Virginia online calculator.
Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments

1. For students taking online Grades 3–8 Mathematics Growth Assessments, Grades 3–8 Mathematics Standards of Learning (SOL) tests, End-of-Course (EOC) Mathematics SOL tests Grades 5, 8, and EOC Science SOL tests, the appropriate Desmos Virginia calculator will appear on the test's tool bar for items that are assessed with the use of a calculator. Students taking the online tests are not to be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan (see #4 below).

2. For students with a documented need for a paper Grades 4–7 Mathematics Growth Assessments and 4–7 Mathematics SOL tests (where students only use a calculator on the calculator portion of the test), and for the entire Grade 8 Growth Assessment and SOL Mathematics tests, End-of-Course Mathematics tests, and Grades 5, 8, and EOC Science SOL tests, students will be required to access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccess
ext Training Center using a separate device. Students taking the paper tests may not be issued a hand-held calculator unless the student requires a hand-held calculator as part of an accommodation as documented in the student's IEP or 504 Plan (see #4 below).

3. For students with disabilities whose IEP/504 Plan determined eligibility to use calculators on sections of the paper or items on the online Grades 3–7 Mathematics Growth Assessments or SOL tests in which a calculator is not allowed, the student will access the appropriate Desmos Virginia calculator using the Desmos Virginia Calculator tests available in the PearsonAccess
ext Training Center using a separate device.

4. In order to provide a hand-held calculator for either online or paper tests, the IEP team/504 Committee will need to use the Calculator Accommodation Criteria Form to determine the need for a hand-held calculator based on:
   • the impact of the student’s disability as it relates to mathematics and science;
   • the specific characteristics of the student’s disability and how the features and capabilities of the hand-held calculator address the student’s needs and access beyond what the Desmos Virginia calculator provides.

- **Calculator with Additional Capabilities**
  
  Use accommodation code 28.

  Calculators with additional capabilities beyond the features available on the corresponding Desmos Virginia Calculator includes calculators with accessibility features and calculators with additional mathematical functions. Refer to the sections below for guidance for each type of calculator.

  - **Calculator with Accessibility Features:**
    
    Available for all Mathematics and Science assessments

    Students with disabilities may use a calculator with accessibility features that enable the student access to a calculator. These features include a large display, large buttons, and/or audio capabilities. The calculator must have the same mathematical capabilities as those available on the corresponding Desmos Virginia calculator.

    **NOTE:** Follow the information in the section, Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments, for providing students with disabilities access to a hand-held calculator and/or the Desmos Virginia online calculator.

  - **Calculator with Additional Mathematical Capabilities:**
    
    Available for all Mathematics and Science assessments

    A calculator with additional mathematical capabilities is a calculator with mathematical capabilities designed to address a student's disability. Calculators with additional mathematical capabilities provide functions beyond those found on the corresponding Desmos Virginia Calculator.
Additional Mathematical Capabilities that Exceed those Required to Accommodate the Student’s Disability

To prevent the use of calculators with additional mathematical capabilities that exceed those used to accommodate a student’s disability, the following guidance must be used when selecting calculators with additional mathematical capabilities and/or accessibility features for eligible students with disabilities.

ALLOWED

A calculator with additional mathematical capabilities is allowed if the additional mathematical capabilities are required for the student to access the assessment and are directly related to the student’s disability. Both the disability and the corresponding additional mathematical capabilities must be clearly documented in the justification statement of the Calculator Accommodation Criteria Form. The justification statement should explain the student’s disability as it relates to mathematics and provide a rationale as to why the additional mathematical capabilities are necessary. The Calculator Accommodation Criteria Form is located on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

NOT ALLOWED

A calculator with additional mathematical capabilities is NOT allowed if the additional mathematical capabilities:

■ are not related to the student’s disability;
■ provide an unfair advantage to the student;
■ are designed solely to enhance student performance; or
■ are designed to compensate for below-grade-level mathematic skills.

NOTE: Follow the information in the section, Guidance Regarding Providing the Desmos Virginia Calculators for Virginia Assessment Program Mathematics and Science Assessments, for providing students with disabilities access to a hand-held calculator and/or the Desmos Virginia online calculator.

■ Math Aids
  Use accommodation code 19.
  Available on Mathematics assessments only

Students with disabilities may use approved math aids on Mathematics assessments. Math aids may be used with a “sheet protector” or other clear overlay to permit the student to use a marker with the math aid. Testing staff must ensure the student’s math aids are not visible to others. Individual testing or physical barriers between students must be used. Examples of approved math aids include: number lines, colored shapes, and fraction circles. For a complete list of both approved and not approved math aids, refer to the document Explanation of Testing Accommodations for Students with Disabilities—Math Aids Accommodation Code 19, available on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

■ Dry Erase Board
  Use accommodation code 2.

In place of scratch paper, a student may use a dry erase board. If using a large wall-mounted board, the student must be tested individually and testing staff must ensure the student’s dry erase board is not visible to others. This may require windows to be covered. If using a small dry erase board, testing staff must ensure the student’s dry erase board is not visible to others. Individual testing or physical barriers between students must be used. The Test Examiner must ensure that the dry erase board is completely erased prior to the beginning of the testing session, and at the completion of the test session. The student must use the dry erase board independently without assistance from the Examiner. Prohibited help includes, but is not limited to, reminders to use the board, discussing test items, providing hints or clues, giving verbal indications or non-verbal cues about the correctness of a student’s answer. The test session must be video recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session in Appendix C of the Test Implementation Manual.
Additional Writing Implements

*Use accommodation code 3.*

The student may be provided additional (3 or more) writing implements such as, but not limited to: highlighters, markers, colored pens, colored pencils, etc. The student may use the writing implements in the test booklet or on the scratch paper. The additional writing implements must not be used anywhere on the student's answer document. Answer documents submitted with markers, highlighters, colored pens and/or colored pencils will not scan properly, and therefore cannot be scored. The additional writing implements must be provided to the student at the beginning of the session. The student must use the additional writing implements on the scratch paper or dry erase board (as appropriate) independently without assistance from the Examiner. Prohibited help includes, but is not limited to: reminders to use the additional writing implements, discussing test items, providing hints or clues, giving verbal indications or non-verbal cues about the correctness of a student's answer. School staff must ensure the student's scratch paper or dry erase board is not visible to others. Individual testing or physical barriers between students must be used.

Guidance for Transcribing Students’ Answers—Information for all Assessments

Transcribing students' test responses onto an answer document or onto the online test screen is available only for students as stated in their IEPs, 504 Plans, EL Assessment Participation Plans, or due to a documented temporary condition. In the case of a damaged answer document or an irregularity, prior approval must be obtained from the DDOT for the STC to conduct a transcription of students' answers.

A student's test items responses must be transcribed if the student's answers were:

- recorded on braille paper or on an enlarged copy of the answer document;
- marked directly in the test booklet;
- created using a word processor, word processor with speech-to-text, brailler, augmentative communication device, or word prediction software;
- dictated to an Examiner/Proctor;
- indicated verbally, by pointing, or using a communication board or choice cards.

The student's responses must be entered exactly as the student indicated. The student's responses must not be corrected, or altered in any way. The transcription must be verified by a second school official to ensure that no errors occurred. Proctors may transcribe or verify the transcription. Other testing staff may transcribe responses or verify responses without formal training as a Proctor; however, they must receive test security training and sign the *School Division Personnel Test Security Agreement.*

**NOTE:** The same individual should transcribe the entire short-paper component of the *Writing* test since an alert will be triggered if a response appears with more than one individual's handwriting.

Transcriptions to an online test must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location.

If a device was used to compose the student's responses, the responses must be deleted from the device. The documentation of the student's responses (e.g., an audio/video of the session, output from a brailler or augmentative communication device, paper, and electronic copies of responses) shall be retained on file and secured in the office of the DDOT until scores are received and verified and ATR is approved for that test administration.
Procedures for Requesting a Special Assessment Accommodation

Some students with disabilities may require accommodations beyond those listed in this manual to access the assessments. Prior approval from the Office of Student Assessment is required in order to administer these accommodations. The Division Director of Testing or designee should complete the Special Assessment Accommodation Request form available on the Virginia Department of Education website at:

www.doe.virginia.gov/testing/participation/index.shtml

The Special Assessment Accommodation Request form must be submitted to the Office of Student Assessment following the directions and deadlines provided on the Special Assessment Accommodation Request Deadlines and Directions document.

Each request for a special assessment accommodation will be reviewed based upon the need to provide equal access to the test for the student and the need to maintain standardized procedures and test security. Accommodations may be “approved,” “approved with conditions,” or “not approved.” Some accommodations that are approved or approved with conditions may be designated as non-standard accommodations. The Division Director of Testing or designee will be notified as soon as the decision concerning the special assessment accommodation has been made.

If a request for a special assessment accommodation receives an “approved” or “approved with conditions” response, the approval for that same* accommodation will remain in effect for subsequent administrations for that same student only, if:

- the subsequent assessment is in the same content area(s) as the original approval;
- the student’s continuing need for the same accommodation is documented in the IEP; and
- the conditions specified in the original response will be met.

*If a previously approved accommodation is for an app, device, or software that is subsequently updated, a revised Special Assessment Accommodation Request must be submitted for VDOE review.
APPENDIX B  
Testing Accommodations for English Learners (ELs)

VIRGINIA ASSESSMENT PROGRAM

All accommodations for eligible English Learners (ELs) must be documented in the EL Assessment Participation Plan. For detailed information regarding EL participation in the assessments, refer to Procedures for Determining English Learner Participation in the Virginia Assessment Program, available on the Virginia Department of Education's website at:

www.doe.virginia.gov/testing/participation/index.shtml

- Exempting ELs from the Virginia Assessments
  - **Reading Exemption (Testing Status Code 11)**—ELs who have attended school in the United States for less than 12 months may receive a one-time exemption for the SOL Reading test in grades 3–8. This guideline also applies to students arriving from Puerto Rico. No exemption is available for End-of-Course Reading.
  - **History/Social Science Exemption (Testing Status Code 3)**—ELs in grades 3–8 may exercise a one-time exemption for the Virginia Studies or Civics & Economics SOL test.
  - **Mathematics**—ELs may NOT be exempted from the Mathematics tests.
  - **Science**—ELs may NOT be exempted from the SOL Science tests.
  - **Writing (Testing Status Code 3)**—ELs may exercise a one-time exemption from the Grade 8 SOL Writing test. No exemption is available for the EOC Writing test.

The reason(s) for exemptions and the ramification(s) of exemptions should be documented in the EL Assessment Participation Plan and conveyed to the EL's parent(s) or guardian(s).

Former ELs, Years 1, 2, 3, and 4, are not eligible for any exemptions.

- Former EL
  - **Former EL– Monitor Status Year 1**
    A student is considered Former EL–Year 1 when the student in spring 2022:
    
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
    - was assessed with the Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments.

  - **Former EL– Monitor Status Year 2**
    A student is considered Former EL–Year 2 when the student in spring 2021:
    
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
    - was assessed with the Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments.

  - **Former EL– Monitor Status Year 3**
    A student is considered Former EL–Year 3 when the student in spring 2020:
    
    - earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
    - was assessed with the Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments.
Former EL– Monitor Status Year 4

A student is considered Former EL–Year 4 when the student in spring 2019:

- earned an Overall Proficiency Level of 4.4 or greater on the WIDA ACCESS for ELLs test; or
- was assessed with the Proficiency Level 5 Virginia English Language Proficiency (ELP) Checklist for English Learner (EL) Students in Kindergarten through Grade 12 with Hearing and Visual Impairments.

Former EL Testing Accommodations

Former EL Years 1 and 2 are eligible for direct and indirect testing accommodations on assessments described in this section. The accommodations must first be documented in EL Assessment Participation Plans. Former EL Years 3 and 4 are not eligible for direct and indirect testing accommodations on assessments. However, if a Former EL is also a student with a disability, the student may receive testing accommodations based upon their IEP/504 Plan.

- **Direct and Indirect Linguistic Testing Accommodations for Virginia Assessment Program Tests**

  Testing accommodations for the assessments provide ELs the opportunity to be assessed on content knowledge rather than English language proficiency. Testing accommodations may involve changes to testing procedures, testing materials, or the testing situation to allow students meaningful participation in an assessment. Direct linguistic testing accommodations involve adjustments to the language of the test, such as the use of a bilingual dictionary. Indirect linguistic testing accommodations involve adjustments to the conditions under which ELs take the test, such as a flexible schedule that may include breaks. Additionally, testing accommodations should not provide an unfair advantage during testing, should be determined prior to testing, and documented in the EL Assessment Participation Plan.

  While all direct and indirect testing accommodations are available to all ELs as deemed appropriate, certain testing accommodations may be more appropriate for students at particular English language proficiency levels.

  **NOTE:** All references for accommodations for ELs also include Former EL year 1 and Former EL year 2.

Direct Linguistic Testing Accommodations

- **Written Directions Accompanying Oral Directions**

  *Use accommodation code 7, Test Directions Delivery.*

  The student may receive a copy of the bold, “SAY,” testing directions (in English only) from the Examiner’s Manual (for online tests) or from the Supplement to the Examiner’s Manual (for paper tests). Prior to providing the directions to the student, the student’s copy must be reviewed by a second staff member to ensure all the SAY directions from the Manual are included. The non-bold directions that provide instructions only for the Examiner/Proctor should be removed.

### Guidance for Reading Tests Aloud—Information for all Assessments

The EL Assessment Participation Plan must include specific directions for the administration of the read-aloud accommodation. For example, a student’s accommodation may require the entire test to be read aloud or may require having words, questions, or sentences read aloud only when requested by the student.

- **Unless otherwise specified in the student’s IEP/504 Plan, the student will maintain control of the testing device.** The student will respond to each test question and be responsible for all navigation and final submission of the test for scoring.

- **When reading the test aloud, the Examiner must be careful not to lead the student to the correct answer by intonation or to repeat any part of the test that is not specifically requested by the student.**

- **The Examiner must only read the text contained within a graphic (diagram, chart, table, picture, map, or other art) exactly as written using a natural tone. It is not permissible to describe or interpret information contained in a graphic.**

- **The Examiner should be familiar with how to read test items to students. Examiners may use the PearsonAccess™ audio Practice Items to hear how tests should be read aloud and to practice reading types of test items.**

- **In order to provide the student multi-sensory stimulation, the student must be provided the regular print, large-print, braille, or online version of the test to follow along as the Examiner reads.**

- **Test items and directions must be read in English.**

- **All read-aloud administrations must be recorded or proctored throughout the entire read-aloud test administration.**

  Follow the **Guidelines for Proctoring and/or Recording a Test Session** located in Appendix C of the **Test Implementation Manual.**

- **For more detailed information, refer to Procedures for the Read-Aloud Accommodation: Growth Assessments and Standards of Learning Tests at:**

- **Read-Aloud (Use accommodation code 10.) or Audio (Use accommodation code 11.) on the Mathematics, Science, History/Social Science, and Writing Assessments**

  The read-aloud or audio accommodation on Mathematics, Science, History/Social Science, and Writing assessments is allowed for ELs as specified in the EL Assessment Participation Plan.

- **Read-Aloud Reading Assessment (Use accommodation code 14.) or Audio Reading Assessment (Use accommodation code 15.)**

  The read-aloud or audio accommodation is available to ELs for the **Reading** assessment if the EL also has an eligible disability and the accommodation is documented in the student’s IEP or 504 Plan. See Participation in the Virginia Assessment Program: A Resource for Educators and Parents of Students with Disabilities located at:

  [www.doe.virginia.gov/testing/participation/index.shtml](http://www.doe.virginia.gov/testing/participation/index.shtml)

  ELs may receive the read-aloud or audio testing accommodation on the EOC **Reading** test under the following circumstances:
The EL meets all of the following criteria:

- the student is retaking the EOC Reading test, having failed the previous attempt(s) without using the read-aloud or audio testing accommodation; and
- the student's EL Assessment Participation Plan lists the read-aloud or audio testing accommodation for other tests; and
- the student receives the read-aloud or audio testing accommodation in the classroom.

For ELs retaking the EOC Reading test, the read-aloud or audio testing accommodation will be considered a non-standard testing accommodation (accommodation code B). In addition to marking the student's test with accommodation codes 14 or 15 and B, the EOC Reading test must be marked as retest on the Student Test Details screen in PearsonAccessnext.

NOTE: Providing the read-aloud or audio testing accommodation to an EL on the EOC Reading retest will generate a test alert. Only the Office of Student Assessment staff can clear this test alert. Before the test alert can be cleared, the Division Director of Testing or designee must submit a request to VDOE to clear the test alert. The request must include the following:

- the student's name and State Testing Identifier (STI); and
- a statement verifying that the student is EL, Former EL-Year 1 or 2, or dually identified and meets all eligibility criteria for the read-aloud or audio testing accommodation on the EOC Reading retest.

Requests to clear the test alert must not be sent via email. These requests must be sent via the dropbox in the Single Sign-on for Web Systems (SSWS) to Kia Johnson and copied to Kevin McClintock.

---

**Guidance for Creating an Online Read-Aloud Test Session**

NOTE: The following guidelines do not apply to Computer Adaptive Tests.

Examiners who will be reading an online test aloud to students who require this accommodation will be given access to an online test to be viewed on the Examiner's testing device only, through the use of a Proctor Testing Ticket. This online test will not be scored or reported in the online system. Access to the test is being provided to allow the Examiner to read the questions and answer options to the student(s) on a testing device that is separate from the student's testing device. Directions for the DDOT and/or STC for creating read-aloud sessions are as follows:

- When creating the new test session, check the box for Proctor Reads Aloud. Select the appropriate Form Group Type Context (Regular, Expedited retake, Term Grad), then select the appropriate Main Form Group Type.
- Select the Authorizations button to view the Proctor Testing Ticket. Selecting this button will display the Examiner's test ticket. This ticket should be printed on colored paper to differentiate it from the students' test tickets and kept secure until the day of testing. The Proctor Testing Ticket should be printed no more than 4 days prior to the start of a test session.
- The Proctor Testing Ticket is not valid until the test session is started, and it will remain active until the test session is stopped. Unlike the students' online tests, the Examiner may exit the test and log back into the test using the login information on the ticket without resuming the test. Because of this, Proctor Testing Tickets are highly secure materials and must be kept secure until the test session is in STOPPED status. It is imperative that read-aloud test sessions are stopped immediately after the test session is complete. All read-aloud administrations must be audio recorded or proctored.
- Student and Proctor Testing Tickets are generated based on the form group type designated when the session is created. ALL students in the session will receive the same form. Any student needing a form different from the rest of the session must be removed from the session and placed in a new test session set up with that form group type.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student’s test on the Test Details screen. If the accommodation code is not applied, the test will be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.
### Guidance for Creating an Online Session for the Read-Aloud Accommodation for Computer Adaptive Tests (CAT)

Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the selection of items is customized for each student, an Examiner/Proctor test cannot be displayed on a separate testing device that would match the student's test. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the guidance below for creating the student's session.

- The test must be administered individually.
- When creating the new test session, do NOT check the box for Proctor Reads Aloud. Select the appropriate Form Group Type Context (Regular or Expedited Retake), then select the appropriate Main Form Group Type.
- A Computer Adaptive Test cannot be reviewed by the Examiner prior to the test administration. Examiners may use the Practice Items in audio format to hear how test items should be read aloud.
- Before or after the test is submitted, the Read-aloud Accommodation code must be applied to the student’s test on the Test Details screen. If the accommodation code is not applied, the test will not be alerted.
- Refer to the information box in this section on the Guidance for Reading Tests Aloud—Information for all Assessments for additional guidance for the read-aloud accommodation.

### Guidance for Online Audio Test Sessions

- The STC or designated technology representative should ensure that the online audio test is cached before the test session begins.
- The DDOT or STC may assign the online audio form to a student after the test session has been created. For directions on assigning the audio form, refer to PearsonAccessnext Online Support, located at https://support.assessment.pearson.com/x/BYDy.
- When administering the online audio version of a test, an audio player/tools will appear on the user’s screen. Students use the player/tools to play, pause, replay, advance the audio, and to control the volume and speed.
- Prior to testing, the student should have received practice with the audio player/tools by accessing SOL Practice Items within TestNav.
- The student must select the forward button for each passage/question. Students may listen to a passage/question as many times as necessary.
- If several students will be tested using the online audio form in the same location, headphones must be provided for each of the students.
- If a student needs clarification of what was heard on the audio test, the Examiner may repeat or read anything on the screen that is requested by the student but with caution not to inadvertently disclose a response (e.g., reading numbers versus place values, etc.). The Examiner may not answer questions about the passages or test items, provide definitions, or explain test items for students.
- Using an online audio version of the test is a preferred method of oral presentation as it provides uniform administration statewide. The student should have instructional experience with similar electronic media players found on electronic devices. Unless the student has experience with using electronic media players, the online audio version of a test may place the student at a disadvantage.
Guidance for Choosing the Online Audio Test Accommodation for ELs Who Typically use the Read-Aloud Accommodation in the Classroom

School divisions are told that students should not use accommodations during testing unless they use the same accommodation during classroom instruction and assessments. Since it would be very difficult for school divisions to provide an online audio accommodation during instruction, the following guidelines provide clarification as to the circumstances under which a student could be provided with an online audio accommodation during testing.

- The EL Committee must determine whether the read-aloud accommodation administered by a Test Examiner or the online audio accommodation is the more appropriate delivery method for online testing. It is particularly important that the parent agrees to the delivery method and that the decision is clearly documented in the EL Assessment Participation Plan.
- The online audio accommodation on the test may be provided to students who typically have a read-aloud accommodation during instruction or to those who use recorded media or text readers in the classroom.
- If the EL Committee determines that the online audio accommodation is the more appropriate accommodation, the student should have practice with audio Practice Items available on the Virginia Department of Education’s website at:
  
  www.doe.virginia.gov/testing/sol/practice_items/index.shtml

■ Bilingual Dictionary

Use accommodation code 17.

ELs may use a bilingual dictionary on tests following these guidelines:

- The bilingual dictionary must be individually offered to each EL documented to have this accommodation for testing.
- The bilingual dictionary must be a general, word-to-word bilingual dictionary.
- The bilingual dictionary must not be a specialized dictionary, such as a subject specific dictionary, rhyming dictionary, picture dictionary, etc.
- The bilingual dictionary must be a paper dictionary. Electronic bilingual dictionaries or translators are not allowed.
- The bilingual dictionary may be either school-owned or student-owned.
- The bilingual dictionary should be familiar to the EL. Testing should not be the first time an EL uses a bilingual dictionary.
- The bilingual dictionary must not be altered with hand-written notes in the margins nor include additional materials, such as class notes.
- The bilingual dictionary may be used alone or with the English dictionary.

■ English Dictionary

Use accommodation code 29.

Because an English dictionary may provide definitions of subject-specific vocabulary that ELs are expected to know (e.g., median, simile) for the tests, the use of this testing accommodation should be carefully considered. ELs may use an English dictionary on tests following these guidelines:

- The English dictionary must be a general dictionary without a thesaurus section.
- The English dictionary must not be a specialized dictionary, such as a subject-specific dictionary, rhyming dictionary, picture dictionary, etc.
- The English dictionary must be a paper dictionary. An electronic dictionary is not allowed.
- The English dictionary may be either school-owned or student-owned.
- The English dictionary should be familiar to the EL. Testing should not be the first time an EL uses the English dictionary.
- The English dictionary must not be altered with hand-written notes in the margins nor include additional materials, such as class notes.
• The English dictionary may be used alone or with the bilingual dictionary on Non-Writing SOL tests and the short-paper component of the Writing test.

• The English dictionary is not permitted on the multiple-choice component of the Grade 8 or EOC Writing test.

NOTE: For any paper short-paper component of the Writing test, the English dictionary is available to all students and should not be designated as a testing accommodation.

■ Dictation to a Scribe

Use accommodation code 25.

*Use these guidelines when this accommodation is used on the short-paper component of the Writing Assessment.*

The student must be assessed individually to ensure that other test takers are not distracted.

The student will dictate in English their response to the prompt for the short-paper component of the Writing assessment to a school official (scribe) who will transcribe it. The scribe, who should have experience working with the student, must format, capitalize, and punctuate only as directed by the student. The student is not required to spell each word to the scribe. Care must be taken by the scribe not to provide help on test items. Examples of prohibited help include, but are not limited to: discussing test items, providing hints or clues, giving reminders, giving verbal indications or non-verbal cues about the correctness of a student’s answer.

The session between the student and scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

Guidelines for Dictation to a Scribe Using the Online Format of the Short-Paper Component: The process between the student and scribe should be established before testing begins and should follow the format that is used in the classroom. The EL Assessment Participation Plan should specify how the scribing will be completed, from the following options:

• As the student dictates in English, the scribe will type directly into the response area of the student's short-paper component in TestNav. The student will revise/edit within the response area of TestNav and submit the test when finished; or

• As the student dictates in English, the scribe will type directly into a word processor using a different computer. The student will revise/edit on the word processor or a printed copy. This device must not be connected to the Internet or the device’s Internet access must be disabled during the test session. A final paper copy will be printed to be used for transcription into the response area of the student's short-paper component in TestNav. The student will submit the test when finished; or

• As the student dictates in English, the scribe will hand-write the student’s response. The student will revise/edit on the paper copy. The response is then transcribed by typing into the response area of the student's short-paper component in TestNav. The student will submit the test when finished.

Transcription. The student's responses must be entered exactly as the student indicated. The student's responses must not be corrected, or altered in any way. The transcription must be verified by a second school official to ensure that no errors occurred. Proctors may transcribe or verify the transcription. Other testing staff may transcribe responses or verify responses without formal training as a Proctor; however, they must receive test security training and sign the School Division Personnel Test Security Agreement.

NOTE: The same individual should transcribe the entire short-paper component of the Writing test because an alert will be triggered if a response appears with more than one individual's handwriting.

Transcriptions into the response area of the student's short-paper component of the Writing test in TestNav must be completed on the same school day the test was taken. Transcriptions to a paper answer document must be completed as soon as possible after the test. All materials containing student responses to test items are designated as secure test materials and must be maintained in a secure location until scores are received and verified and Authorization to Report has been approved. The student's responses may then be securely destroyed.

If transcription of the student responses is required, refer to the information box, Guidance for Transcribing Students’ Answers—Information for all Assessments, located at the end of the section, Testing Accommodations for Students with Disabilities.

NOTE: The test format used (paper or online) for the short-paper component of the Writing test must be the same format used for the multiple-choice component.
Indirect Linguistic Testing Accommodations

The VAP tests are untimed, but ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. Based on their English language proficiency and/or the language demands of the assessment, some ELs may require breaks or multiple test sessions.

- **Multiple Test Sessions**  
  *Use accommodation code 1.*

  ELs who require multiple test sessions, when the test will be completed in two or more school days, must be administered a paper test. When administering a paper test, care must be taken to ensure that the student is exposed only to those test items in the portion of the paper test that the student is attempting that day. Previously completed items and items not yet accessed must be sealed to prevent accidental exposure to the student. Students who require multiple test sessions for any Growth Assessment must take the paper version.

  **NOTE:** The short-paper component of the Writing assessment, whether administered in paper or online, must be completed in one school day and does not qualify for multiple test sessions; however, the student may be given breaks under secure conditions.

- **Flexible Schedule**  
  *Use accommodation code 31.*

  **Breaks:** Students who require breaks, but not multiple test sessions, must complete the test in one school day. The schedule for breaks must be determined prior to testing and be based on the routine use of scheduled breaks during classroom assessment. The Test Examiner and School Test Coordinator should work together to establish the procedure for notifying the student to begin and end a break during testing. Breaks are available for either online or paper tests. The break(s) must be supervised. Test security must be maintained at all times during the break(s). The student must not be allowed to discuss the test in any way, must not have access to any educational materials or electronic devices during the break(s), and must not disrupt other students who are continuing to test.

  Also, for test security, the student’s test materials must not be accessible or viewable by other students or by school personnel during the break(s). If the student is testing online, the student should either be Exited from the online test or, if the testing room will be securely maintained, the student’s screen could be turned off or covered prior to the break(s) to maintain test security. If the student Exits the test, the test must be Resumed on the Students in Sessions screen in PearsonAccessnext and the student must log back into TestNav using their Student Testing Ticket. If the student’s screen was turned off or covered and the student did not Exit, the student must return to the same testing device to continue testing.

  **NOTE:** The paper answer document does not list accommodation code 31. If this accommodation is used, this test code must be applied to the student’s completed test record in PearsonAccessnext.

- **Visual Aid (Masking templates)**  
  *Use accommodation code 4 when this accommodation is used on paper tests.*

  Templates (or masks) that are blank allow a student to see one word, sentence, line, or test item at a time.

  - Use accommodation code 4 with the paper tests of ELs who require a paper test and the use of a mask or template.

  - Use of accommodation code 4 is not required for students taking an online test. The Line Reader Mask, Answer Mask, and Highlighter tools are available to all students taking an online test and are not considered accommodations. Students may not hold a template or mask up to or over the testing device’s screen.

  - Students taking online tests must receive prior practice using the Line Reader Mask, Answer Mask, and Highlighters tools on practice items using TestNav.

- **Examiner Records Responses**  
  *Use accommodation code 18.*

  ELs who are unable to respond to test items by marking an answer document or by selecting the answer online may have an Examiner/Proctor record their responses. The student may mark in the test booklet, respond verbally, point, or otherwise indicate a response. The Examiner must transfer the student’s responses to the regular answer document or select them on the student’s testing device.
If the student marks in their own test booklet, the answers are transcribed onto the answer document. The answer choices in the test booklet must be verified by a second school official to ensure that no errors in transcription occurred. The student’s name should be clearly printed on the test booklet and the booklet returned with all other secure materials to Pearson. If a discrepancy is discovered after the division has returned its secure materials to Pearson, notify assessment staff at the Office of Student Assessment.

The student may give the Examiner directions on how to respond to online TEI items by responding verbally, pointing, or otherwise indicating their answers.

If the student responds verbally, points, or otherwise indicates a response, the student must be assessed individually to ensure that other test takers are not distracted. The session between the student and the scribe must be recorded or proctored. Follow the Guidelines for Proctoring and/or Recording a Test Session located in Appendix C of the Test Implementation Manual.

The student’s answer choices for paper or online assessments must be verified by a second school official to ensure that no errors in transcription occurred.
VIRGINIA ASSESSMENT PROGRAM

The testing accommodations listed in the table on the following pages are intended for students with disabilities and English learners (ELs) as noted. In order to receive an accommodation, the student must meet the criteria established for that accommodation. The table is a summary only and does not contain all the criteria or details associated with the accommodation. The testing accommodations listed in the table should be administered during testing are explained in greater detail in the Testing Accommodations for Students with Disabilities or Testing Accommodations for English Learners (ELs) in this Guide. The Description column on the table contains a brief description of the accommodation and any notations or restrictions for its use.

School staff are reminded that accommodations must only be used to provide equal access to the Virginia Assessment Program tests and may not provide an unfair advantage or be selected to enhance performance. All accommodation determinations must be documented in the student's IEP, 504 Plan, and/or EL Assessment Participation Plan.

Dually Identified Students. ELs who are also students with disabilities are referred to as “dually identified.” IEP/504 Teams and EL Committees must work collaboratively to determine the assessment participation for dually identified students.

- The IEP/504 Team and EL Committee jointly determine the statewide assessment participation based on the dually identified student's disability and EL status.
- The IEP/504 Team and EL Committee jointly determine special test accommodations based on the student's disability and EL status.
- Statewide assessment participation and special test accommodations must be documented in the student's IEP/504 Plan and EL Student Assessment Participation Plan.

Students with Temporary Conditions. Students may be provided with appropriate special test accommodations needed to access the Virginia Assessment Program tests if they have a documented temporary condition, such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student's school/division file and appropriately coded in PearsonAccessnext.

NOTE: All the forms may be photocopied.
VIRGINIA ASSESSMENT PROGRAM

Some special test accommodations require that the test administration be audio/video recorded or proctored. These accommodations include but are not limited to:

- read back response
- dry erase board
- specific verbal prompts
- interpreting/transliterating
- Examiner records responses
- dictation to a scribe
- augmentative communication device
- communication board, choice cards
- read-aloud test administration

For more information on which test sessions must be recorded or proctored, please refer to the Special Test Accommodations section found in the appendices of the Test Implementation Manuals (TIM) and the Examiner’s Manuals.

Using a Proctor

VDOE recommends that a proctor be present with the Examiner during all recorded sessions to avoid possible retesting in the event of technological failure. If the session is proctored, the Proctor must sign the affidavit that the test administration was conducted according to the School Division Personnel Test Security Agreement. This written verification must be retained on file and secure in the office of the DDOT until after scores have been received and verified, and Authorization to Report (ATR) is approved for that test administration. The Proctor's Affidavit is on the Examiner’s/Proctor’s Transmittal Form and Affidavit for Recorded/Proctored Test Sessions, which is available on the next page.

Recording Devices

Test sessions may be audio/video recorded using the following types of devices:

- Tape recorder; handheld digital recorder; micro-cassette recorder; or a PC, laptop, or netbook with recording capabilities.
- A device or application that saves the recording to the cloud must not be used.

Storing Devices

All recorded test sessions must be securely stored on one of the following types of devices/media: CD, DVD, encrypted flash drive, audiotape, videotape, or floppy disk. When saving the audio/video file, VDOE recommends the use of a naming convention that allows easy identification of the specific student, test, and form number. Recorded test sessions may not be saved to the cloud.

Maintain Security

All recordings of test sessions are considered secure test materials and must be stored by the DDOT in a secure, locked location until scores are received and verified, and Authorization to Report (ATR) is approved for that test administration. If a digital recording is created, the digital file must not remain on any device or media that is readily accessible to the general school population and/or public, including, but not limited to, teachers, students, paraprofessionals, custodial staff, library/media staff, building administrators, and parents. Once the scores are received and verified, the recordings of test sessions should be securely destroyed following your division’s policy as directed by the DDOT.

Recording Technology Training

Examiners and Proctors should be trained prior to testing on the use of the recording technology to be used during the test session. The training should include opportunities for the Examiner and Proctor to have hands-on practice with the recording hardware, software, and/or storage device/medium. Training should include procedures for handling technical difficulties should they arise. The STC should keep a record of staff trained, date of training, and topics covered.

Proctor Training

The Proctor works with the Examiner in administering the assessments and assists in maintaining an appropriate testing environment. A Proctor is also an observer who may be called upon to verify that students did not receive help on the test, that the test was administered according to the procedures outlined in the Examiner’s Manual, and according to the School Division Personnel Test Security Agreement. Proctors must receive the same training as Examiners and must read and then sign the School Division Personnel Test security Agreement.
## Examiner's/Proctor's Transmittal Form and Affidavit for Recorded/Proctored Test Sessions

**Fall/Winter 2022/2023 Test Administrations**

Use this form to document the distribution and return of test tickets/booklets/prompts, recording hardware, and storage media used for recorded and/or proctored test sessions. This form also provides the Examiner's and Proctor's affidavits, certifying the tests were administered according to the School Division Personnel Test Security Agreement.

Check the Test Administration (one only):

- [ ] Fall Grades 3–8 Growth Assessments
- [ ] Winter Grades 3–8 Growth Assessments
- [ ] Fall 2022 Writing
- [ ] Fall 2022 Non-Writing

**Directions:**

Column (1): list the test name. Column (2): enter the quantity of test tickets/test booklets/prompts issued (student and Examiner copies). Column (3): list the type of hardware used to conduct the recording, such as digital audio/video recorder, laptop, tape recorder, etc. Column (4): list the storage medium used to store the session, such as CD, DVD, flash-drive, cassette tape, etc. Column (5): Examiners initial the “OUT” column verifying the quantity and receipt of the test tickets/booklets/prompts, recording equipment, and storage media. Column (6): STC initials the “IN” column, verifying the return of the test tickets/booklets/prompts, recording equipment, and storage media. Column (7): after testing, the Examiner reads then signs the Examiner's Affidavit. Column (8): after testing, if applicable, the Proctor reads then signs the Proctor's Affidavit.

**Interpreter’s Affidavit**

My signature below affirms:

I have:

- provided interpretation services for the student on the assessment (noted above) in an appropriate and professional manner according to the *School Division Personnel Test Security Agreement*.
- maintained confidentiality of the student’s responses.

I have not:

- provided hints, clueing, prompting, or any other type of inappropriate assistance that would give the student answers to assessment items or provide an unfair advantage.
- fabricated, altered, or modified student responses or evidence in any way.

*Test Implementation Manual*  
Fall 2022
APPENDIX C

Documentation of Need for Paper Assessment

VIRGINIA ASSESSMENT PROGRAM

Directions: NOTE: This form is not required for students participating in VAAP. This form must be completed for students with disabilities or those with medical conditions who need a paper Virginia Assessment Program (VAP) test but who do not meet the following criteria:

- attend school in a location where a secure network connection or the required technology is not available to access an online test, such as special situation schools, homebound, residential facilities, hospitals, night schools, or Governor Schools.
- require an accommodation specified in the student's Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described in Appendix B of the Test Implementation Manual as requiring a paper test (e.g., large-print test, braille test, brailler, and some instances of multiple test sessions).
- have a documented medical condition, such as a seizure disorder where exposure to a computer will aggravate the student’s condition.

For a student with disabilities, this form should be completed by the Individual Education Program (IEP) team/504 committee. For a student with medical conditions, this form should be completed by a team composed of the Division Director of Testing, building principal, course content teacher, parent, and other appropriate school staff. A separate form must be completed for each assessment, and a copy of each signed and completed form must remain in the student’s education record and on file in the office of the Division Director of Testing.

Section I: Student Information

Student Name: ______________________________ Date of Birth: ______________________________

State Testing Identifier (STI): __________________ Current Grade of Enrollment: ___________________

VAP Assessment Considered for Paper: ______________________________________________________

Section II: School Division Information

School Division Name: _________________________ School Name: ______________________________

Course Content Teacher: ___________________________ Date: ____________________

Section III: Eligibility Determination

Eligibility for paper administration of VAP assessments is determined based on a student’s disability or the student’s medical need. Section IIIA should be completed by the student’s IEP or 504 team if the need for a paper administration is based on an identified disability. Section IIIB should be completed by a team composed of the Division Director of Testing, building principal, parent, and other appropriate school staff if a medical condition is the basis for the need for a paper test.
Section IIIA: (Complete for a Student with a Disability)

The student’s IEP Team/504 Committee must determine that a student is eligible for a paper assessment based on answers to the following three questions. A response of “No” for any question indicates that the student is NOT eligible for a paper assessment in the content area listed in Section I of this form.

1) Does the student have a current IEP/504 Plan or is one being developed?

☑ Yes ☐ No

2) As a result of a disability, the student requires an accommodation other than large-print test, braille, or multiple test sessions, that can only be provided in a paper format. List accommodation requiring a paper administration:

☑ Yes ☐ No

3) Does the student require paper classroom tests in order to access content?

☑ Yes ☐ No

Justification Statement: The IEP Team/504 Committee must also provide a justification statement as to why the IEP Team or 504 Committee has determined that the impact of the student’s disability prevents access to online VAP assessments even with accommodations. Data should be referenced from the student’s educational record, including the most recent evaluation information, teacher observations, and classroom and state assessment performance history.

Signed:

__________________________________________  Date: _____________________
Parent

__________________________________________  Date: _____________________
Building Administrator or Designee

__________________________________________  Date: _____________________
Other

__________________________________________  Date: _____________________
Other

This completed form must be retained in the student’s education record and on file in the office of the Division Director of Testing.
Section IIIB: (Complete for a Student with a Medical Condition)

The school team must determine that a student is eligible for a paper assessment based on answers to the three questions below. A response of “No” for any question indicates that the student is NOT eligible for a paper assessment in the content area listed in Section I of this form.

1) Does the student have a current medical condition documented by a physician or other health professional? (Letter must be attached.)
   - [ ] Yes  [ ] No

2) As a result of the medical condition, is the student unable to demonstrate their individual achievement on the online Virginia Assessment Program test for the assigned course and grade level?
   - [ ] Yes  [ ] No

3) Does the student require paper classroom tests in order to access content?
   - [ ] Yes  [ ] No

Justification Statement: The school team must also provide a justification statement as to why it has determined that the impact of the student's medical condition prevents access to online VAP assessments. Data should be referenced from teacher observations and from classroom and state assessment performance history. A letter from the student’s physician must also be attached that documents the current medical condition that prevents access to online VAP assessments.

____________________________  Date: ______________________
Other

This completed form must be retained in the office of the Division Director of Testing.
**APPENDIX D**

**Testing Condition Adjustments Available to All Students**

**VIRGINIA ASSESSMENT PROGRAM**

The following adjustments to the conditions under which a VAP test may be administered are available to any student as needed.

<table>
<thead>
<tr>
<th>Adjustment to Testing Conditions</th>
<th>Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Group size</td>
<td>Students may be tested individually or in small groups with the size of the group determined by the STC.</td>
</tr>
<tr>
<td>Environmental modifications</td>
<td>Students may be tested with modifications to the environment to include amount or type of lighting, noise buffers, and/or the use of a study carrel. The student may <strong>NOT</strong> be issued any kind of accessory to modify the environment. <strong>Prohibited</strong> accessories include, but are not limited to: headphones, ear muffs, ear plugs, ticking clocks, egg timers, fidget items, stress balls, toys, music, or “soothing” sounds during testing.</td>
</tr>
<tr>
<td>Large diameter pencil, pencil grip</td>
<td>If a large pencil is used on a paper answer document, it must contain #2 lead.</td>
</tr>
<tr>
<td>Assistance with directions</td>
<td>Directions for taking the test are read to students as printed in the <em>Examiner’s Manuals</em> and their <em>Supplements</em>. If a student has a question about a direction, then the Examiner may simplify or clarify the “SAY” direction. Examiners/Proctors may <strong>NOT</strong> provide assistance with directions for “live” test items that are within the student’s test.</td>
</tr>
<tr>
<td>Student reading their own test out loud</td>
<td>For any student who needs to hear himself/herself read aloud, the student must be tested individually. The student can then read the test aloud to himself/herself without interaction from the Examiner. The student may not be issued any kind of accessory including, but not limited to, a “whisper phone” or recording/playback device. The student may <strong>NOT</strong> read to the Examiner/Proctor.</td>
</tr>
<tr>
<td>Student requires a health management device</td>
<td>The <em>Health Management Device Form</em> must be completed for each student with a documented health need requiring the use of a health management device (such as a continuous glucose monitor or seizure monitor).</td>
</tr>
<tr>
<td>Student requires hearing aids with an Internet-connected device</td>
<td>The <em>Hearing Aids with Internet-Connected Device Form</em> must be completed for a student who requires hearing aids that must be connected to an Internet-enabled device, such as a smart phone.</td>
</tr>
</tbody>
</table>
APPENDIX E 2022–2023 Test Irregularity Form

The Test Irregularity Web Application System (TIWAS) is used to document and submit test irregularities. The STC may direct Examiners to use this form or parts of the form to document the test irregularity incident. The information from this form must be entered into TIWAS and submitted to the DDOT.

**APPENDIX G Online Tools and Features**

The **Audio Control Box** is available on the following online VAP tests: Grade 8 and EOC Writing, EOC History/Social Science (2008 SOL), and Grades 5 and 8 and EOC Science. Students who are assigned an audio form for these tests will see the audio control box on the first test question. The audio control box does not appear on the samples. During testing, if a student asks a question about the audio control box or any of its components, the Examiner/Proctor may use the table below to read the tool name and description to the student.

### Audio Control Box

<table>
<thead>
<tr>
<th>Tool Icon</th>
<th>Tool Name and Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Forward/Play button" /></td>
<td><strong>Forward/Play button</strong>—when selected the audio will start to play and the Forward button becomes the Pause button.</td>
</tr>
<tr>
<td><img src="image" alt="Pause button" /></td>
<td><strong>Pause button</strong>—when selected the audio will pause in place, and become the Pause button. Selecting the Forward button will resume the audio from the point it was paused.</td>
</tr>
<tr>
<td><img src="image" alt="Progress counter" /></td>
<td><strong>Progress counter</strong>—as the audio plays, the counter will “count up”.</td>
</tr>
<tr>
<td><img src="image" alt="Slider" /></td>
<td><strong>Slider</strong>—moving the slider to the right advances the audio; moving the slider to the left replays the audio.</td>
</tr>
<tr>
<td><img src="image" alt="Length of audio counter" /></td>
<td><strong>Length of audio counter</strong>—this counter indicates the length of the audio.</td>
</tr>
<tr>
<td><img src="image" alt="Audio speed setting wheel" /></td>
<td><strong>Audio speed setting wheel</strong>—when selected the audio speed may be changed. The default speed is “Normal”. The slower speeds are 0.5 and 0.75. The faster speeds are 1.25, 1.5, and 2.0.</td>
</tr>
<tr>
<td><img src="image" alt="Audio volume controls" /></td>
<td><strong>Audio volume controls</strong>—selecting the speaker symbol will increase the volume and mute the volume. Selecting the slider also will increase and decrease the volume.</td>
</tr>
</tbody>
</table>
The Audio Tools are available on the following online VAP tests: Grades 3–8 Reading and Mathematics Growth Assessments, and the following SOL tests: Grades 3–8 and EOC Mathematics (2016 SOL), Grades 3–8 and EOC Reading (2017 SOL), Civics & Economics, Virginia Studies, and VA & US History (2015 SOL). Students who are assigned an audio form for these tests will see the audio tools for the text-to-speech reader on the right side of the screen. The audio tools are available with the Samples. During testing, if a student asks a question about a tool, the Examiner/Proctor may use the tables below to read the tool’s function and operation to the student.

### Audio Tools

<table>
<thead>
<tr>
<th>Audio Tools</th>
<th>Tool Icon</th>
<th>Tool Name and Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Play button—when selected, this tool reads the item from the beginning. The text for the item is highlighted in yellow. To help the student follow along as the text is read, each word within the text will be highlighted in blue. The <strong>Stop button</strong> will only appear when the audio is playing. Selecting it stops the audio.</td>
<td><img src="image" alt="Play button" /></td>
<td></td>
</tr>
<tr>
<td>Jump back—when selected, the audio will jump backward to a previous selection. Serves as a rewind.</td>
<td><img src="image" alt="Jump back" /></td>
<td></td>
</tr>
<tr>
<td>Skip Ahead—when selected, the audio will jump forward to the next selection. Serves as a fast forward.</td>
<td><img src="image" alt="Skip Ahead" /></td>
<td></td>
</tr>
<tr>
<td>Toggle Click-to-Hear tool—this allows students to select where within the item the audio will begin.</td>
<td><img src="image" alt="Toggle Click-to-Hear" /></td>
<td></td>
</tr>
<tr>
<td>Settings wheel—when selected, the audio settings may be adjusted. Refer to the Audio Settings Available table on the next page for the adjustable audio settings.</td>
<td><img src="image" alt="Settings wheel" /></td>
<td></td>
</tr>
</tbody>
</table>
### Audio Settings Available

<table>
<thead>
<tr>
<th>Settings Wheel Expanded</th>
<th>Tool Icon</th>
<th>Tool Name and Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Settings Wheel Expanded" /></td>
<td><img src="image" alt="Tool Icon" /></td>
<td><strong>Speed</strong>—selecting minus will decrease the speed of the audio. Selecting plus will increase the speed of the audio.</td>
</tr>
<tr>
<td><img src="image" alt="Voice: Female" /></td>
<td><img src="image" alt="Volume: 70%" /></td>
<td><strong>Voice</strong>—default gender of the voice of the audio may not be changed. <strong>Volume</strong>—students may adjust the volume of the audio by dragging the volume slider right or left to increase or decrease the volume.</td>
</tr>
</tbody>
</table>
## Online Non-Writing Tools, Icons, and Descriptions of Functions

<table>
<thead>
<tr>
<th>Tool Icon</th>
<th>Tool Name and Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Pointer Icon" /></td>
<td><strong>Pointer</strong>—Use to select on screen and to place the cursor in an answer box, plot points, select one or more answers, and drag information from one location to another. When the pointer is moved into the toolbar, it turns into a finger when placed over clickable sources.</td>
</tr>
<tr>
<td><img src="image" alt="Answer Eliminator Icon" /></td>
<td><strong>Answer Eliminator</strong>—Use to eliminate (cross off) answer options. This tool functions with multiple-choice questions and certain TEI items.</td>
</tr>
<tr>
<td><img src="image" alt="Inch Ruler Icon" /></td>
<td><strong>Inch Ruler</strong>—Use to measure an object on screen.</td>
</tr>
<tr>
<td><img src="image" alt="Centimeter Ruler Icon" /></td>
<td><strong>Centimeter Ruler</strong>—Use to measure an object on screen.</td>
</tr>
<tr>
<td><img src="image" alt="Protractor Icon" /></td>
<td><strong>Protractor</strong>—Use to measure an angle.</td>
</tr>
<tr>
<td><img src="image" alt="Straightedge Icon" /></td>
<td><strong>Straightedge</strong>—Displays a straight line. Available on the Grades 3–8 and EOC Mathematics (2016 SOL) tests.</td>
</tr>
<tr>
<td><img src="image" alt="Desmos Virginia Calculator Icon" /></td>
<td><strong>Desmos Virginia Four-function Calculator</strong>—Use for mathematical calculations.</td>
</tr>
<tr>
<td><img src="image" alt="Desmos Virginia Calculator Icon" /></td>
<td><strong>Desmos Virginia Scientific Calculator</strong>—Use for mathematical calculations.</td>
</tr>
<tr>
<td><img src="image" alt="Desmos Virginia Calculator Icon" /></td>
<td><strong>Desmos Virginia Graphing Calculator</strong>—Use for mathematical calculations.</td>
</tr>
<tr>
<td><img src="image" alt="Tools Drop Down Icon" /></td>
<td><strong>Tools Drop Down</strong>—when the student's test screen is zoomed (ctrl +) to a high level (500% or when the virtual width of the viewport is less than 480px), the tools drop down icon appears on the tool bar at the top of the screen. When the tools drop down icon is selected, tools available for the test appear in the drop down under it.</td>
</tr>
<tr>
<td><img src="image" alt="Highlighter Icon" /></td>
<td><strong>Highlighter</strong>—Use to highlight text. Students cannot highlight art, pictures, images, or text when presented as art (i.e. poems, fliers). The “Listen” option is only available on audio tests that use text-to-speech audio tools. When the student highlights text and selects “Listen”, the highlighted text will be read-aloud. <strong>NOTE:</strong> The Text-to-Speech will play for the entire section and not just the highlighted words in the sentence. There is no limit to the number of highlights a student can make within the test. To access the highlighter, the student selects text and selects the highlighter color. To remove the highlighted text, the student selects the highlighted text and selects the slash. Pink and blue are the two highlighter colors available when the background and foreground settings are set to the default (black text on white background). These colors may change when the background and foreground setting is changed.</td>
</tr>
<tr>
<td>Tool Icon</td>
<td>Tool Name and Description</td>
</tr>
<tr>
<td>-----------</td>
<td>---------------------------</td>
</tr>
<tr>
<td><img src="image" alt="Exhibit Icon" /></td>
<td><strong>Exhibit Window</strong>—Use to view exhibits such as formula sheets, z-table, Periodic Table of the Elements, and reading passages.</td>
</tr>
<tr>
<td><img src="image" alt="Drawing Interaction Tools" /></td>
<td><strong>Drawing Interaction Tool</strong>—This tool only appears on questions where students may need a drawing tool to help solve the question. It is located to the right of the drawing interaction area. The individual tools are:</td>
</tr>
<tr>
<td></td>
<td>• pencil—student may select free draw or the straight line</td>
</tr>
<tr>
<td></td>
<td>• compass—use for Geometry constructions</td>
</tr>
<tr>
<td></td>
<td>• eraser—removes selected marks</td>
</tr>
<tr>
<td></td>
<td>• color selector— marks may be black or green</td>
</tr>
<tr>
<td></td>
<td>• mark thickness—two sizes for the thickness of the marks are available</td>
</tr>
<tr>
<td></td>
<td>• undo—removes the most recent mark</td>
</tr>
<tr>
<td></td>
<td>• redo—reapplies the last mark removed</td>
</tr>
<tr>
<td></td>
<td>• clear all—deletes all markings in the drawing interaction area</td>
</tr>
<tr>
<td>Accessibility Feature</td>
<td>Feature Name and Description</td>
</tr>
<tr>
<td>-----------------------</td>
<td>-----------------------------</td>
</tr>
<tr>
<td><strong>Zoom-In and Zoom-Out Feature</strong>&lt;br&gt;Using the keyboard or touchscreen. No icon is available.</td>
<td></td>
</tr>
<tr>
<td><strong>On a PC or Chromebook:</strong>&lt;br&gt;Zoom in—press the CTRL and + keys at the same time.&lt;br&gt;Zoom out—press the CTRL and – keys at the same time.&lt;br&gt;Return to default screen size—press the CTRL and 0 keys at the same time.</td>
<td></td>
</tr>
<tr>
<td><strong>On a Mac:</strong>&lt;br&gt;Zoom in—press the CMD and + keys at the same time.&lt;br&gt;Zoom out—press the CMD and – keys at the same time.&lt;br&gt;Return to default screen size—press the CMD and 0 keys at the same time.</td>
<td></td>
</tr>
<tr>
<td><strong>On a touch-screen device:</strong>&lt;br&gt;Zoom in—touch two points on the screen, and then move your fingers away from each other.&lt;br&gt;Zoom out—touch two points on the screen, and then move your fingers toward each other.</td>
<td></td>
</tr>
<tr>
<td><strong>User Dropdown Menu</strong>&lt;br&gt;• <strong>Change the Background and Foreground Colors</strong>—selecting this permits the student to choose the background and foreground colors of their test. The list of background and foreground colors are shown in the screen shot below:</td>
<td></td>
</tr>
<tr>
<td><img src="image" alt="Contrast Settings" /></td>
<td></td>
</tr>
<tr>
<td>To return the background and foreground color to the default, the student selects Black on White (Default).</td>
<td></td>
</tr>
<tr>
<td>Accessibility Feature</td>
<td>Feature Name and Description</td>
</tr>
<tr>
<td>-----------------------</td>
<td>------------------------------</td>
</tr>
<tr>
<td>• <strong>Show Line Reader Mask</strong>—selecting this will place a mask on the screen which the student may place over text or test questions. The line reader mask has a window which shows only one line of text. The student must drag the mask down over the text in order to read it. The student can resize the mask and the window. This mask must be selected for each passage or question after the student moves backward or forward in the test. To remove the line reader mask, in the dropdown the student selects <strong>Hide Line Reader Mask</strong>. The line reader mask screen shot is below:</td>
<td></td>
</tr>
<tr>
<td>• <strong>Enable Answer Masking</strong>—selecting this will place a mask over each multiple-choice answer choice (this is not available on TEI questions). The student may uncover an answer choice by selecting the gray box with the image of an eye. Once enabled, the answer mask will be present on all multiple-choice questions. To stop the answer choice masking, the student enters the dropdown menu and selects <strong>Disable Answer Masking</strong>. The answer masking screen shot is below:</td>
<td></td>
</tr>
<tr>
<td>• <strong>Enable Magnifier</strong>—when Enable Magnifier is selected, a square box appears on the student’s screen that can be moved anywhere on the screen to magnify the text/art within the box. This tool needs to be selected for each test item as needed. <strong>NOTE: this tool is only available on Growth and SOL Mathematics assessments and SOL Science assessments.</strong></td>
<td></td>
</tr>
<tr>
<td>• <strong>Zoom In/Out</strong>—selecting “+” increases the zoom Selecting “−” decreases the zoom. Other methods can activate Zoom depending on the device (such as, keyboard shortcuts, pinch to zoom, etc.) Once zoom is set, this setting applies to all test items until it is changed. <strong>NOTE: This tool is only available on Growth and SOL Mathematics assessments and SOL Science assessments.</strong></td>
<td></td>
</tr>
<tr>
<td>• <strong>Sign out of TestNav</strong>—selecting this will bring up the Exit Test screen. The Exit Test screen permits the student to Exit the Test, or to Cancel the selection and return to the test.</td>
<td></td>
</tr>
<tr>
<td>• <strong>Student Battery Level Indicator</strong>—A battery indicator for the student’s workstation is located on the top right of the screen just under the user dropdown.</td>
<td></td>
</tr>
<tr>
<td>Accessibility Feature</td>
<td>Feature Name and Description</td>
</tr>
<tr>
<td>-----------------------</td>
<td>-----------------------------</td>
</tr>
<tr>
<td>• <strong>Volume Control</strong>—in Secure Tests only.</td>
<td></td>
</tr>
<tr>
<td>• Allows students to adjust the system volume on their device while in their secure test.</td>
<td></td>
</tr>
<tr>
<td>• When a student clicks “on touch” over the speaker icon displayed in the header bar (next to the battery status indicator), a slider control will open under the speaker icon.</td>
<td></td>
</tr>
<tr>
<td>• The student can use the slider control to adjust the device system volume setting.</td>
<td></td>
</tr>
<tr>
<td>• This will be available on all secure tests no matter if the form has audio content or not.</td>
<td></td>
</tr>
</tbody>
